Opening Address

Senator Tom Dempsey, President Pro Tem

First Regular Session, 98th General Assembly

January 7, 2015

Lieutenant Governor, Honorable Chief Justice Russell, members of the Missouri Senate, our families, friends, and fellow Missourians. Thank you for joining us today as we commence the First Regular Session of the 98th General Assembly.

To my fellow Senators, it's a distinct honor to once again address you in this capacity. Thank you for electing me to be Pro Tem of the Missouri Senate for another two years.

I'm grateful to have your renewed vote of confidence and trust; something I know must be earned and re-earned as we work together in the months and years ahead.

I'd like to thank my beautiful wife Molly for being here today, but even more so for supporting me during my 16 years of public service and our 23 years of wedded bliss. Please stand and be recognized.

I would also like to recognize my children. They were 8, 6, and 1 when I was first sworn into the legislature.

Meaghan will graduate from Tulane this May. Abby is now a sophomore at the University of Missouri at Columbia, and Jack is a freshman at Duchesne High School.

To my children, thank you for the support and the sacrifices that you have made so that I could serve the state of Missouri. Please stand and be recognized.

I'm pleased again to have my father Ernie in attendance, along with my sister Anne and her family. At my swearing-in a few moments ago, I used my father's Bible, which holds a very special place in his life.

Today, 34 of us from every corner of the state, each with our own opinions, backgrounds, and identities assemble in this chamber to fulfill our collective duty as public servants for the people of Missouri. This duty is no small undertaking and carries with it countless responsibilities and challenges.

By and large, over my 14 years of public service in the state legislature, we have come together as Republicans and Democrats to move Missouri forward in a prudent, positive manner.

New challenges await us this year and I expect this chamber to continue to work together in order to make our great state the best it can be. I am confident we can do this, because I've seen it happen before.

Last year, we enacted a historic tax cut that will keep money in the taxpayers' pockets and in the cash registers of small businesses.

This is on top of the corporate franchise tax cut passed in 2011, which came on the heels of cutting taxes on Social Security and pension benefits for low and moderate-income senior citizens in 2007.

We have demonstrated our resolve to make Missouri a low-tax state based on a conviction that our citizens should be able to keep more of their take-home pay.

After years of hard work and study, we made good on our commitment to promote public safety when we, as a bipartisan community, voted to modernize and streamline Missouri's complicated Criminal Code.

We have also pursued policies to improve economic security by reforming Missouri's unemployment laws, restoring balance and solvency to the Second Injury Fund, and bringing fairness to Missouri's regulatory environment. Creating a level playing field where the rules are fair and predictable makes our state a place where people will want to invest and to create good-paying jobs.

Unlike Washington DC, we achieved all this while consistently balancing and presenting a budget Missouri taxpayers could afford while also providing historic levels of funding for public education.

These efforts have cultivated a strong foundation for recovery, and I'm pleased to report that we are greeting this session with a more positive economic outlook.

Missouri's current unemployment rate is at 5.6%, the lowest it has been since 2008.

Layoffs are also well below pre-recession levels and the reduction in jobless claims and bankruptcy filings all point to a healthy trend for the state's job market. We are moving in the right direction, but we must continue the progress we have made.

Missouri's economy ranks among the most diverse in the United States. We will rely on the existing strengths of our versatile state and build for a greater economic revival by looking at what lies ahead in our ever-changing global marketplace.

This will require us to further strengthen Missouri's business climate and to provide advanced workforce development opportunities in order to prepare Missouri and its citizens for the economy of the future.

We have an emerging technology industry that is lending itself to a resurgence in other industries, specifically manufacturing.

We are on the verge of a manufacturing revival, and Missouri's existing foundation of support for the industry combined with our friendly business climate can easily facilitate further growth in this important sector of our state's economy.

We need to use our unique resources, core capabilities, and strategic location at the crossroads of America to target and attract companies that can take advantage of all we have to offer.

In addition to manufacturing and technology, farming and agriculture have long been a driving force for the state's vitality.

Each year, this dynamic industry and the hardworking Missourians behind it contribute billions of dollars and thousands of jobs to our economy.

Roughly two-thirds of Missouri land is used for farming purposes. Two-thirds. Nationally, Missouri ranks second in the number of farms. In case you're wondering, the state ahead of us is Texas, which is quadruple our size.

These are remarkable statistics that speak to the strength of our agricultural industry and compel us to continue building it for the future.

In that regard, it's my hope to revisit proposals passed by the legislature last year aimed at securing the future viability of Missouri agriculture. There is no reason we can't get this important legislation across the finish line early this session.

As we all know, 2014 was a great year for Missouri sports, and we all enjoyed watching our teams succeed. The Missouri Tigers football team, the Kansas City Royals, and the St. Louis Cardinals and Blues.

No matter where your loyalties lie, each of these teams was able to thrive in a highly competitive environment. And they did so with leadership, skill, determination and vision.

These teams took advantage of the natural strengths and abilities of every player to excel. This is a recipe for success that we as legislators can apply to the work we conduct over the next 5 months.

And much like the sports teams we admire, as soon as the season – or legislative session – is over, we look to the upcoming year to consider where we may have fallen short and plan for the challenges we may yet face.

Whether new or old, there will always be challenges that await us. These challenges serve as a reminder that working together we can make our state the very best place possible to raise a family, get an education, grow a business, or fulfill a dream.

As we stand on the threshold of a new legislative session, we continue to face an education crisis.

One needs to look no further than TV news coverage to see the pain in our communities, and know that the urgency for reform and educational opportunity has never been greater.

I know reform is difficult, but I also know reform is right – because access to a quality education changes lives. It's not only a pathway to a career; it's a path out of poverty and a path to foster long-term prosperity for our state. Every child matters, and every child deserves the opportunity to succeed.

Last year, we moved forward in a bipartisan manner to pass the most far-reaching education reform measure in decades. This bill included accountability for failing school districts and a window of opportunity for kids to receive a quality education close to home.

Unfortunately, vocal opponents of reform stonewalled this measure, consigning thousands of disadvantaged kids to yet another year of substandard education.

But today marks the start of a new session and Missouri will see us once again unite in our commitment to fight for our children's future.

We will not resort to easy, short-term fixes that simply redefine what it means to fail. We will foster and expect achievement for all of our children.

This is our duty; this is our mission. We will work harder so that future generations can do better.

It is my hope that our efforts this year will be met by an engaged governor who is willing to be a partner with the Legislature to help us put together an ambitious plan to raise the standard of education in our state and provide educational choices to students who need them. With that said, I am encouraged by recent conversations with the chief executive on this issue.

It is important to remember that the only kids in Missouri who currently have no choice as to the school they attend are those from families too poor to change their zip code or too poor to pay for an educational alternative.

It is especially for the sake of these students we must find a way to bring quality opportunities close to where they live.

As we work to revitalize our schools, we will also take a hard look at a number of reforms to address the systemic failures of some of Missouri's municipal courts.

Despite the best efforts of the "Mack's Creek's Law," cities across the state continue to abuse traffic enforcement and rely on the fines generated, not to discourage bad driving behavior, but rather to support their own governmental bureaucracy.

Many of these municipalities are building into their annual budgets a line item for projected revenue growth from increased traffic violations. Many more are turning a profit, while the citizens they serve are struggling to make ends meet.

In reality, they are building their own fiefdoms on the backs of the people they are supposed to represent.

The injustices of the system extend across the state, but are perhaps most pronounced in St. Louis County and its 90 municipalities – an astonishing 81 of which have their own municipal court system.

These municipalities are home to 11% of Missouri's population, but account for a troubling 34% of the state's municipal court fines and fees.

This perverse scheme of ‘taxation by citation’ – *to borrow a phrase* – is an unsustainable trend that stifles our communities, damages the reputation of law enforcement and creates an adversarial relationship with the very citizens they are sworn to “protect and serve”.

All this erodes the social compact between citizens and their government. Government may never be perfect, but it can always be accountable and we will not turn a blind eye to the need for reform on this front.

I am pleased to relay to you that some of this important reform is taking place from within. As a case in point, Missouri’s chief justice, who is present with us today, has been known over the past year and a half to conduct her version of the TV show “Undercover Boss”. Dressed in capris and tennis shoes, she anonymously visits courtrooms across the state, surveying all persons who use courts to verify they are being treated fairly.

Some courts are more prone than others to show flexibility in terms of allowing payment plans for fines or accommodating mothers who need to bring a child along.

It’s fair to say that her interest and presence in the operations of both municipal and circuit courts is promoting these commendable changes.

As we speak of the responsibilities of the courts and police, a point of clarification is necessary. There are many issues that have surfaced in the wake of the unrest in parts of St. Louis.

Many of the complaints voiced in recent months warrant our attention and concern, but let me be clear: the criminal acts carried out against local shopkeepers, citizens, and police officers by individuals who have hi-jacked the peaceful protests of concerned citizens have no place in a civil society where all must be subject to the rule of law.

We don’t have to look far to see the serious issues confronting our state. In the long tradition of free and fair discussion in the Missouri Senate, we will discuss those important and vital issues at length and reach informed conclusions regarding them.

We recognize the challenges that are plainly before us, but we will focus on our strengths.

Though we are a diverse collection of 34 individual senators, representing every corner of our remarkable state, we have a history of setting aside personalities, politics, and party affiliation to work as a Senate to overcome any challenge facing our beloved Missouri.

We do this because we have been given a sacred trust by those who sent us here in their place, as their designees.

They expect us to be leaders, to find solutions and to maintain the highest decorum and dignity befitting any person bearing the title of senator. We will not disappoint them.

We will examine the issues, work the long hours, listen to reason and to opposing points of view, and together craft the policies that will make our state a better place to live.

Thank you and God bless.

President Kinder assumed the Chair.

REMONSTRANCES

Senator Chappelle-Nadal offered the following remonstrance, which was read:

SENATE REMONSTRANCE NO. 1

Whereas, in November of 2008, Jeremiah “Jay” Nixon was elected Governor of the great state of Missouri; and

Whereas, earlier in his political career, Mr. Nixon served as a Missouri State Senator as well as the state Attorney General; and

Whereas, during his numerous years as an elected official, Mr. Nixon has consistently exhibited a prideful disengagement from African American issues as well as an extraordinary level of personal disdain for African American concerns; and

Whereas, Mr. Nixon seems only to acknowledge the existence of the African American community on or about Election Day; and

Whereas, Mr. Nixon, as state Attorney General, filed a motion in district court to end the St. Louis school desegregation program under which Black students from the city were bused to county school districts, an action which sought to re-segregate and make permanent the St. Louis area public schools' lack of equality; and

Whereas, in October 2014, Mr. Nixon acknowledged in a speech that he had long understood (and had in fact lived) the evil of “separate and unequal” growing up in Missouri; and

Whereas, to that end, Mr. Nixon stated that in his small town: “the railroad tracks were the racial dividing line: whites on one side, blacks on the other. Separate and unequal. It was the way things were”; and

Whereas, by filing such a motion to end the St. Louis Desegregation Program, with his intense, personal knowledge of the great immorality of “separate and unequal”, Mr. Nixon willingly and effectively aligned himself with former Alabama Governor George C. Wallace, who, during his Inauguration address, famously declared “Segregation now, Segregation tomorrow, Segregation forever!”; and

Whereas, in 2014, when the General Assembly passed bipartisan legislation which sought to offer students trapped in failing schools a hierarchy of options to attend higher quality schools, Mr. Nixon vetoed such legislation, another demonstration of his disdain for children of color; and

Whereas, the segregated and unequal nature of the St. Louis area schools is one of the root causes of the civil unrest in Ferguson, Missouri; and

Whereas, with the tragedy unfolding in Ferguson, Mr. Nixon has repeatedly exhibited failed leadership on numerous occasions; and

Whereas, Mr. Nixon, during his term as Governor, has demonstrated his willingness to respond quickly to natural disasters, but has been missing in action when faced with human disasters, especially human disasters plaguing communities of color; and

Whereas, Mr. Nixon took far too long to acknowledge the seriousness of Michael Brown's murder; and

Whereas, Mr. Nixon disregarded multiple requests from the Black community to appoint a special prosecutor so that the shooting of

Michael Brown might be justly investigated; and

Whereas, fifteen days came and went from the day Mr. Brown was murdered until Mr. Nixon reluctantly visited Ground Zero; and

Whereas, it took a call from the President of the United States before Mr. Nixon grudgingly canceled his appearance at a ham breakfast in rural Missouri and finally made a brief appearance in Ferguson; and

Whereas, Mr. Nixon failed to act despite the fact that the President of the United States as well as the entire nation was aware of the need for attention to the seriousness of Michael Brown's killing; and

Whereas, Mr. Nixon's lack of empathy and open disdain for the plight of minority communities is consistent with the institutional racism that is prevalent in Missouri state government today; and

Whereas, in one of the most egregious examples of institutional racism, Mr. Nixon created the Office of Community Engagement and the Ferguson Commission, a naked act of self-serving racial politics and political pandering; and

Whereas, Mr. Nixon has been a state government official for over thirty years, and in that time has seemed wholly unconcerned with the plight of minority communities until the cities of Ferguson and Dellwood caught fire; and

Whereas, Mr. Nixon created these new entities only in the wake of negative media attention over his botched response to the crisis in Ferguson, a thinly-veiled, transparent, hollow, and cynical political maneuver aimed at deflecting the negative media attention he has rightfully received for his lack of leadership; and

Whereas, Mr. Nixon, despite possessing a law degree, has demonstrated a clear disregard for the First Amendment to the United States Constitution; and

Whereas, to that end, Mr. Nixon has supported the imposition of a curfew for peaceful protesters; and

Whereas, despite his law degree and years serving as the Attorney General, Mr. Nixon has supported an unconstitutional "5 second rule" adopted by law enforcement, in which officers were instructed to tell protesters they had to keep moving or face arrest; and

Whereas, U.S. District Court Judge Catherine D. Perry ruled that "the practice of requiring peaceful demonstrators and others to walk, rather than stand still, violated the Constitution"; and

Whereas, Mr. Nixon has treated minority citizens as insurgents; and

Whereas, Mr. Nixon has failed to take responsibility for the police tactics used by law enforcement in the state under his watch; and

Whereas, Mr. Nixon condoned law enforcement's practice of "hog-tying" peaceful protesters; and

Whereas, one such peaceful protester, an unconscious pregnant women, was kicked by police officers while hog-tied; and

Whereas, Mr. Nixon ordered the National Guard to Ferguson to protect the property of Ferguson prior to the indictment announcement by County Prosecutor Bob McCulloch; and

Whereas, after the indictment announcement, despite Mr. Nixon's promise to business owners, the National Guard was in fact NOT stationed in Ferguson (ground zero) or Dellwood and, as a result, both cities went up in flames; and

Whereas, by deciding not to deploy the Missouri National Guard to West Florissant on the day of the Grand Jury announcement, Mr. Nixon permitted several businesses to burn, including an office where the Senator from the 14th taught civic engagement classes to Ferguson residents; and

Whereas, as a result of Mr. Nixon's broken promise to business owners, the State of Missouri will be obligated for millions of dollars to repair the damages; and

Whereas, since Mr. Nixon refused to properly deploy the National Guardsmen, who were ordered to remain at the armory, brave fire fighters were shot at in the course of performing their duty, facing life-threatening attacks by agitators; and

Whereas, in failing to take responsibility for his recurrent poor decision-making throughout the catastrophe in Ferguson and elsewhere, Mr. Nixon has demonstrated his inherent disregard for the responsibilities associated with, and his lack of fitness for, the lofty position he unfortunately holds:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, hereby remonstrate against Governor Nixon for his failed and incompetent leadership; and

Be It Further Resolved that for the reasons expressed above and many others, the Missouri Senate hereby strongly recommends that Mr. Nixon resign his position immediately; and

Be It Further Resolved that if Mr. Nixon fails to resign, the Missouri House of Representatives should strongly consider impeaching the Governor for willful neglect of duty and incompetence, as the great state of Missouri cannot afford to bear the costs of his failed leadership; and

Be It Further Resolved that the Secretary of the Senate be instructed to send a copy of this remonstrance to the Governor and to each member of the Missouri House of Representatives.

CONCURRENT RESOLUTIONS

Senator Nasheed offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 1

Relating to recognition of January as sex trafficking awareness month.

Whereas, sex trafficking is a modern-day form of slavery in which psychological and physical coercion is used to force people to engage in commercial sex acts; and

Whereas, the Justice Department has identified St. Louis as a major hub of sex trafficking; and

Whereas, the average victim of sex trafficking is thirteen years old; and

Whereas, sex traffickers have been luring young girls and boys into the sex trade industry through the internet or by meeting adolescents on the street through promises of a better life, a place to stay, friendship, and money; and

Whereas, these girls and boys, once lured into the sex trade industry, often suffer beatings, rape, are held in isolation in deplorable conditions, and are forbidden from leaving their room unless they're with their trafficker; and

Whereas, the average person in the commercial sex industry only lives for seven years after being lured into the trade; and

Whereas, federal officials estimate there are hundreds of thousands of victims of sex trafficking; and

Whereas, children from all socioeconomic backgrounds are at risk of becoming victims of sex trafficking; and

Whereas, increasing awareness of the problem of sex trafficking in Missouri will help people identify victims of sex trafficking and educate parents, teachers, and children of the dangers and risks in order to prevent more people from becoming victims:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby designate January as sex trafficking awareness month in Missouri; and

Be It Further Resolved that the General Assembly encourages and recommends that people of the State of Missouri observe sex trafficking awareness month through appropriate activities to increase awareness of sex trafficking; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send properly inscribed copies of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Senator Nasheed offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 2

Relating to recognition of November as Pica Awareness Month in Missouri.

WHEREAS, the word pica is derived from the Latin word for magpie, a bird known for its large and indiscriminate appetite; and

WHEREAS, Pica is also the name of an eating disorder which is identified by the persistent craving and compulsive eating of nonedible food substances such as chalk, hair, dirt, sand and even household cleaners; and

WHEREAS, Pica is most common in people with developmental disabilities, including autism, and in children between the ages of two and three; and

WHEREAS, Pica can also affect adults, pregnant women, people with epilepsy, traumatic brain injuries, or poor nutrition and low blood levels of iron or other minerals; and

WHEREAS, it remains difficult to identify Pica as many sufferers consume the substances in secret and physicians can have a difficult time identifying the cause of Pica-related health problems; and

WHEREAS, such symptoms and side effects include iron-deficiency anemia, lead or other poisoning, bowel obstruction, and even death; and

WHEREAS, there are no known methods of preventing Pica but when Pica is known or suspected, measures can be taken to reduce further ingestion of the nonfood substances; and

WHEREAS, parents should monitor the food and other substances that their children consume, particularly children who eat paint chips in homes with lead paint as such consumption can lead to lead poisoning; and

WHEREAS, the establishment of Pica Awareness Month would provide an appropriate venue to communicate an important message to the public about this largely unknown but potentially extremely harmful eating disorder to ensure affected persons are accurately diagnosed and treated:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby recognize each year the month of November as "Pica Awareness Month"; and

BE IT FURTHER RESOLVED that the citizens of the state of Missouri are encouraged to participate in appropriate activities such as wearing the color orange to raise awareness of Pica; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to send properly inscribed copies of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

PROCLAMATION

WHEREAS, Article IV, Section 27 of the Missouri Constitution was amended by the voters on November 4, 2014; and

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290,

RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly “whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation”; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in “equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation”; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly “when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based.”

NOW, THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the Ninety-Eighth General Assembly of the State of Missouri:

I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that, based on action taken since the effective date of the amendments to Article IV, Section 27, the rate of expenditure for the following appropriation lines in the fiscal year 2015 budget is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation:

18.005	Office of Administration	Facilities M&R FY15 TRF-0101
19.008	Office of Administration	State Capitol Struc Reprs - 0101

SENATE CONCURRENT RESOLUTION NO.4

Relating to recognition of September 26th as Mesothelioma Awareness Day in Missouri

WHEREAS, mesothelioma is a rare form of cancer of the smooth lining of the chest, lungs, heart, and abdomen that is difficult to detect in its early stages and may be associated with many other conditions; however, when vital organs are involved or disease is identified outside of the operative field, surgery is no longer an option and patients are referred to chemotherapy or clinical trials; and

WHEREAS, approximately 2,500 to 3,000 cases of mesothelioma are reported annually in the United States, and because it occurs in such a small number of patients, mesothelioma is often referred to as an orphan disease, but the number of affected persons is steadily rising every year in North America, Europe, Australia, and Asia; and

WHEREAS, according to the American Cancer Society, mesothelioma is caused by exposure to asbestos fibers and characterized by a latency period that usually lasts for decades, although the exact method by which asbestos causes the disease is not known; and

WHEREAS, the American Cancer Society indicates that most people who develop mesothelioma have worked on jobs where they inhaled asbestos particles, or have been exposed to asbestos dust and fibers in other ways, such as by washing the clothes of a family member who worked with asbestos, or by home renovation using asbestos products"; and

WHEREAS, due to the long period between exposure and diagnosis, mesothelioma results in a life expectancy of four to eighteen months after onset, and nearly 3,000 persons succumb to the disease each year; and

WHEREAS, to promote public awareness of the dangers of this deadly cancer and of asbestos exposure, the need for treatment protocols, and funding for research, Mesothelioma Awareness Day was started by Meso Foundation volunteers in 2004, and September 26th was designated as the day to (I) remember the victims of mesothelioma, (ii) publicize the dangers of asbestos exposure, (iii) offer hope for those who suffer with the disease today, and (iv) focus on and highlight the need for research support and a cure for mesothelioma; and

WHEREAS, on September 26th each year, citizens across the nation are encouraged to participate in CURE MESOTHELIOMA public awareness programs and events, and to sponsor or organize fundraising campaigns in the name of MESOTHELIOMA AWARENESS; and

WHEREAS, Mesothelioma Awareness Day provides an appropriate venue to communicate an important message to the public about this deadly cancer to ensure affected persons are accurately diagnosed and treated and connected to a support system:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby designate September 26th of every year as Mesothelioma Awareness Day in Missouri; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to send properly inscribed copies of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Senator Romine offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 5

Whereas, the easily extracted, high purity lead ore in Missouri was a critical reason for the early development of Missouri and has provided good jobs, a way of life, and significant economic development to Missourians for centuries; and

Whereas, the lead industry in Missouri is the only primary, domestic source for that strategic material in America; and

Whereas, new technology now makes production of primary lead metal a safe, cost effective, and valuable means of continuing to provide a strategic material for numerous uses including munitions, protective barriers for x-rays, radioactive fallout, and radioactive contamination, and batteries for numerous uses including cars, trucks, electric vehicles, renewable energy storage, and peaking power reduction; and

Whereas, encouraging a safe, healthy, and lucrative lead industry in Missouri will give rise to good paying jobs, significant economic development, and the resources to mitigate the legacy of environmental issues caused by lead extraction:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby create the Missouri Lead Industry Employment, Economic Development and Environmental Remediation Task Force; and

Be It Further Resolved that the task force shall consist of all of the following members:

- (1) The Governor, or his or her designee, to serve as a member of the task force; and
- (2) One member of the general assembly of the majority party appointed by the president pro tem of the senate, to serve as the chair of the task force; and
- (3) One member of the general assembly of the majority party appointed by the speaker of the house of representatives, to serve as the vice-chair and secretary of the task force, and who will provide an agenda and report minutes of the task force; and
- (4) The Attorney General, or his or her designee, to serve as a member and provide technical assistance to the task force; and
- (5) The Director of the Department of Natural Resources, or his or her designee, to serve as a member and provide technical assistance to the task force; and
- (6) One member of the majority party of the senate and one member of the minority party of the senate appointed by the president pro

tempore of the senate; and

(7) One member of the majority party of the house of representatives and one member of the minority party of the house of representatives appointed by the speaker of the house of representatives; and

(8) A representative of industry appointed by the president pro tem of the senate; and

(9) A representative of industry appointed by the speaker of the house of representatives; and

Be It Further Resolved that the staff of Senate Research shall provide such legal, research, clerical, technical, and bill drafting services as the task force may require in the performance of its duties; and

Be It Further Resolved that the task force, its members, and any staff assigned to the committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the committee; and

Be It Further Resolved that the chair or vice-chair and secretary of the task force shall call an organizational meeting within fifteen days of the adoption of this resolution; and

Be It Further Resolved that the task force shall terminate by either a majority of members voting for termination, or by December 31, 2016, whichever occurs first; and

Be It Further Resolved that on the date of termination, the task force may deliver a report of findings and recommendations to the General Assembly; and

Be It Further Resolved that this resolution does not amend any state law to which the Department of Natural Resources is subject, and shall be interpreted to be consistent with any requirements of such state or federal law; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for Governor Jay Nixon, Attorney General Chris Koster, and the Director of the Department of Natural Resources.

Senator Schaaf offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO.6

Relating to disapproving the recommendations of the Missouri Citizens
Commission on Compensation for Elected Officials.

Whereas, Section 3 of Article XIII of the Missouri Constitution charges the Missouri Citizens' Commission on Compensation for Elected Officials with setting the amounts of compensation paid to statewide elected officials, legislators, and judges; and

Whereas, the Constitution provides the Commission with a four-month window prior to its constitutional deadline for making salary recommendations to hold public hearings around the state to gather testimony related to salaries for affected state officials and to carefully consider whether pay increases are warranted; and

Whereas, the Missouri Citizens' Commission on Compensation for Elected Officials has recommended that the compensation for statewide elected officials, other than Lieutenant Governor, be increased by eight percent each year for fiscal years 2016 and 2017, and the compensation for the Lieutenant Governor be increased by eleven percent for the two-year period of fiscal years 2016 and 2017, representing salary increases of \$50,638 in fiscal year 2016 and an additional \$54,306 in fiscal year 2017; and

Whereas, the Missouri Citizens' Commission on Compensation for Elected Officials has also recommended that the compensation for members of the General Assembly be increased by eleven percent over fiscal years 2016 and 2017, representing a salary increase of \$4,000 per year; and

Whereas, the Missouri Citizens' Commission on Compensation for Elected Officials recommended that daily expense compensation be raised by \$26 a day and that mileage reimbursement be raised by \$0.19 per mile; and

Whereas, the Missouri Citizens' Commission on Compensation for Elected Officials recommended no increases in compensation for judges over fiscal years 2016 and 2017 so that the salaries of judges shall remain tied to the salaries of comparable positions in the federal judiciary; and

Whereas, the state has many other priorities for appropriating money in the budget that are far more important than the salary increases recommended by the Commission; and

Whereas, the Commission's recommendations shall take effect unless disapproved by the General Assembly through a concurrent resolution process passed by two-thirds majorities in each legislative chamber before February 1, 2015:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby disapprove the recommendations of the Missouri Citizens' Commission on Compensation for Elected Officials contained in its report of November 25, 2014; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for Governor Jay Nixon.

SENATE CONCURRENT RESOLUTION NO. 7

Whereas, in April 2014, the Department of Defense announced that the Pentagon will seek further mission realignments, personnel reductions and procurement decreases as part of the federal budget cutting process; and

Whereas, United States Secretary of Defense Chuck Hagel states that, in an effort to cut over \$1 trillion over the next decade, the number of soldiers in the United States Army will drop over the next five years from 562,000 to 420,000, and the number of Marines in the United States Marine Corps will drop over the next five years from 202,000 to 175,000; and

Whereas, the Air Force may cut up to 25,000 total force airmen, or about four percent of its people, and up to 550 aircraft or about nine percent of its inventory; and

Whereas, the Pentagon planners intend to reduce procurement of weapons systems by \$66.2 billion from fiscal year 2016 to fiscal year 2019; and

Whereas, Missouri is currently home to a number of major military bases and agencies, including Whiteman Air Force Base near Knob Noster and its 509th Bomb Wing, the only Air Force Unit that operates the B-2 Spirit Stealth Bomber; the United States Army Maneuver Support Center at Fort Leonard Wood and its Chemical, Biological, Nuclear and Radiological School (CBRN), Military Police, and Engineer Schools; the National Geospatial-Intelligence Agency (NGA) in Arnold; the Missouri National Guard's Ike Skelton Training Center (ISTS) in Jefferson

City; the Theater Aviation Sustainment Maintenance Group (TASMG) in Springfield; and the 139th Airlift Wing in St. Joseph, among numerous other facilities and locations; and

Whereas, the Department of Defense's spending and related activities triggered nearly \$11.6 billion in household earnings for workers in Missouri, including an estimated \$6.2 billion in direct compensation to active military personnel, civilian personnel, trainees, inactive duty, retired personnel living in the state, workers directly hired by contracted firms, and workers directly hired in tourism or education-related industries, and \$11.6 billion in added household earnings from the multiplier effects; and

Whereas, in total, the Department of Defense's spending and related activities supported 275,000 jobs for state residents, including an estimated 123,000 direct jobs in the state of Missouri and 152,000 jobs added through the multiplier effects. The direct jobs include active military personnel, civilian personnel, trainees, inactive duty, and workers directly hired by contracted firms, and workers directly hired in tourism or education related industries. This does not include retired personnel; and

Whereas, the estimated total output (economic activity) triggered by the Department of Defense's spending and related activities (\$15 billion) and the added multiplier effects (\$24.8 billion) was \$39.8 billion for Missouri; and

Whereas, Missouri's defense industry plays a vital role in the state's economy, employing 160,000 Missourians working to support, either directly or indirectly, over \$12 billion in Department of Defense procurement contracts awarded to Missouri companies, ranking fifth among the states in total dollars; and

Whereas, Missouri's defense procurement contracts are heavily oriented toward research and operational systems and manufacturing companies, particularly aerospace manufacturing at the Boeing Company, Missouri's third largest employer, and its supply chain; and

Whereas, Missouri is home to several outstanding universities, including the University of Missouri, Washington University, and St. Louis University, that conduct cutting edge defense research for the government, providing the innovation needed to keep our military the finest in the world and creating the academic environment necessary to produce critical talent for government and industry workforce; and

Whereas, the nation's primary concern must always be national defense and the security of the United States, including Missouri; and

Whereas, Missouri is heavily committed to providing for our national defense and security as an accommodating partner and a proud home to major military installations and agencies, 63,700 military and federal civilian personnel, and 162,000 citizens who work at companies that manufacture defense systems, provide valuable services, and perform critical research; and

Whereas, Missouri has a vital economic interest in maintaining its military installations and agencies, and in presenting to national leaders evidence of Missouri's capacity to provide additional, cost effective, and flexible support to defense missions during the federal government's efforts to re-establish its basing, costing, and capabilities:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby strongly urge the United States Department of Defense and Missouri's Congressional delegation to protect, promote, and leverage Missouri's military bases and agencies, keep the number of military personnel in the state intact, and preserve defense industry procurement so that Missouri may continue to support the defense and protection of the state and the United States and keep its economy in sound condition; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for United States Secretary of Defense Chuck Hagel and each member of Missouri's Congressional delegation.

FIRST REGULAR SESSION

SEVENTH DAY—TUESDAY, JANUARY 20, 2015

“Life’s most persistent and urgent question is, ‘What are you doing for others?’” (Martin Luther King, Jr.)

So help us Lord to remember Your call as “saints and sinners” to be obedient and loving in the things we are about and the bills that we pass. May we walk the path that You have chosen for us, as did your saints before us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

Journal of the Senate

FIRST REGULAR SESSION

EIGHTH DAY—WEDNESDAY, JANUARY 21, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

Blessed Lord God, we will hear many words before this day is through and that can be helpful to know what others are thinking, so give to us the power of discernment to know what is helpful and what is not. But, keep us mindful that the holy scriptures are written for the nourishment of Your people, for us to read and hear.

Grant us to digest Your word that they add clarity and direction to our thinking and decisions. Grant that Your word provides comfort by Your promises and may we hold fast to the hope we have in You. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

SENATE CONCURRENT RESOLUTION NO. 10

Whereas, Congress enacted, and the President signed into law, the Healthy, Hunger-Free Kids Act of 2010; and

Whereas, under the new nutrition standards implemented in 2012, school meal programs have experienced increased costs and administrative burdens, while struggling with student acceptance of new menu items and increased plate waste; and

Whereas, as a result of the new nutrition standards, one million fewer students are choosing school meals each day; and

Whereas, approximately forty-seven percent of school meal programs report that overall revenue declined in the 2012-2013 school year; and

Whereas, school districts need relief from increasing operational costs associated with the federal mandates; and

Whereas, Missourians would benefit from a more common sense approach to school nutrition:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, hereby urge the Missouri congressional delegation to make changes in the Child Nutrition Act Reauthorization in 2015 to promote a healthy school environment for children, provide reasonable flexibility in the operation of school meal programs, maximize program efficiency, ensure overall sustainability of child nutrition programs, and encourage local school districts and school nutrition programs to work with local farm-to-table organizations where appropriate; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri congressional delegation.

Relating to disapproving the recommendations of the Missouri Citizens' Commission on Compensation for Elected Officials.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

WHEREAS, Article XIII, Section 3 of the Missouri Constitution charges the Missouri Citizens' Commission on Compensation for Elected Officials with setting the amounts of compensation paid to statewide elected officials, legislators, and judges; and

WHEREAS, the Constitution provides the Commission with a four-month window prior to its constitutional deadline for making salary recommendations to hold public hearings around the state to gather testimony related to salaries for affected state officials and to carefully consider whether pay increases are warranted; and

WHEREAS, the Missouri Citizens' Commission on Compensation for Elected Officials has recommended that the compensation for statewide elected officials be increased by eight or ten percent over fiscal years 2016 and 2017, representing salary increases between \$9,000 to over \$22,000 per year; and

WHEREAS, the Missouri Citizens' Commission on Compensation for Elected Officials has also recommended that the compensation for members of the General Assembly be increased by eleven percent over fiscal years 2016 and 2017, representing a salary increase of \$4,000 per year; and

WHEREAS, the Missouri Citizens' Commission on Compensation for Elected Officials recommended that daily expense compensation be raised by \$26 a day and that mileage reimbursement be raised by \$0.19 per mile; and

WHEREAS, the Missouri Citizens' Commission on Compensation for Elected Officials recommended no increases in compensation for judges over fiscal years 2016 and 2017; and

WHEREAS, the state has many other priorities for appropriating money in the budget that are far more important than the salary increases recommended by the Commission; and

WHEREAS, the Commission's recommendations shall take effect unless disapproved by the General Assembly through a concurrent resolution process passed by two-thirds majorities in each legislative chamber before February 1, 2015:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby disapprove the recommendations of the Missouri Citizens' Commission on Compensation for Elected Officials contained in its report of November 2014; and

BE IT FURTHER RESOLVED that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

In which the concurrence of the Senate is respectfully requested.

The time of recess having expired, the Senate was called to order by President Kinder.

MESSAGES FROM THE HOUSE

The following message was received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the Speaker has appointed the following escort committee pursuant to **HCR 1**. Representatives: Solon, Conway (10), Alferman, Jones, Rowden, May, McNeil, Norr, Walton Gray and Newman.

MESSAGES FROM THE GOVERNOR

The following message was received from the Governor, reading of which was waived:

PROCLAMATION

WHEREAS, Article IV, Section 24 of the Missouri Constitution was amended by the voters on November 4, 2014; and

WHEREAS, Article IV, Section 24 requires the Governor to submit to the General Assembly a budget for the ensuing appropriation period containing the estimated available revenues of the state and a complete and itemized plan of proposed expenditures of the state and all its agencies; and

WHEREAS, consistent with Article IV, Section 24, my proposed fiscal year 2016 budget submitted on this date does not use any projection of new revenues to be created from proposed legislation that has not been passed into law by the General Assembly; and

WHEREAS, there are fiscally responsible legislative measures that, if passed by the General Assembly, would generate additional revenue for high priority investments in education, health care, and economic development.

NOW, THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, do hereby submit the following proposal for action by the General Assembly during the 2015 legislative session.

That the General Assembly pass three fiscally responsible legislative measures that combined would generate an additional \$178 million in general revenue. Further, I call on the General Assembly to add this additional general revenue to the fiscal year 2016 budget as follows:

Education

\$79 million for the foundation formula, bringing my total proposed funding increase for fiscal year 2016 for K-12 classrooms to \$150 million.

\$13 million for performance and equity funding for higher education, bringing my total proposed increase for higher education in the fiscal year 2016 budget to \$25 million.

\$10 million for the University of Missouri/Springfield Medical Partnership, \$1.3 million for the Missouri State University Occupational Therapy Program, and \$500,000 for Lincoln University land grant match.

Health Care

\$21.6 million to provide a rate increase for long-term care and community service providers in the Medicaid Program. These providers serve Missouri seniors and people with disabilities through home and community based programs and services provided in long term care facilities.

\$17.8 million to provide dental benefits to existing adult Medicaid clients.

\$2.2 million for grants to Federally Qualified Health Centers to pay for services, equipment and infrastructure necessary to provide care to low-income Missourians.

Economic Development

\$12.8 million for the Missouri Technology Corporation, which promotes entrepreneurship and fosters growth of new and emerging high-tech companies, bringing my total proposed funding for the Missouri Technology Corporation in the fiscal year 2016 budget to \$18.4

million.

\$10.8 million for the Missouri Works Jobs Training Program, which provides direct assistance to Missouri businesses for training and retraining of new and existing employees, bringing my total proposed funding for this program in fiscal year 2016 to \$14 million.

\$9 million to enhance cyber security through an innovative partnership between government, businesses and universities, including Missouri state government networks, systems and data.

Further, I specifically request the General Assembly pass the following three legislative proposals that would provide additional general revenue for the fiscal year 2016 budget to be invested in a manner set forth above:

Reform and expand Medicaid to provide access to health care for 300,000 working Missourians, bring our tax dollars back to Missouri, and yield \$117 million in general revenue for fiscal year 2016.

Pass tax amnesty, a provision that has previously passed both chambers of the legislature, to provide a one-time opportunity for delinquent taxpayers to pay outstanding taxes and provide an additional \$51 million in general revenue in fiscal year 2016.

Authorize collections reforms that will streamline administrative functions and increase collections of already owed taxes and generate an additional \$10 million in general revenue for fiscal year 2016.

Seal

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 21st day of January, 2015

The Joint Committee appointed to wait upon His Excellency, Governor Jay Nixon, escorted the Governor to the dais where he delivered the State of the State Address to the Joint Assembly:

2015 State of the State

Governor Jay Nixon

Thank you, Lt. Gov. Kinder, Speaker Diehl, members of the General Assembly, judges of the Missouri Supreme Court, state officials, members of my cabinet, and honored guests.

I thank God and the people of Missouri for the privilege to serve our state. It would not have been possible without the steadfast support of my family. Here with us tonight is Missouri's First Lady – my wonderful wife, Georganne.

Throughout my life, I have been guided by principles I was taught as a youngster in De Soto Boy Scout Troop 559:

Do your duty ... to God and your country ... help other people at all times ... and leave things better than you found them.

Following these principles, I became an Eagle Scout, a husband, a father, a state senator, Attorney General ... and Governor.

These same principles remain touchstones for service to our great state.

In nearly 30 years of public service, I've learned a lot about the character of the people of Missouri.

We don't expect something for nothing.

But give us an opportunity? We roll up our sleeves and get to work.

Give us a challenge? We rise to meet it.

I have also learned a lot about state government.

If we are mired in partisanship ... not much gets done.

But when we aim high and work together ... there is much we can accomplish.

Let's show the people we serve that we can rise above partisanship ... unite ... and move Missouri forward.

Let's do our duty to God and country... help others ... and leave Missouri better than we found it.

That means working together.

Now, I'm willing to do my part.

Rumor has it that I don't spend enough time on the third floor.

I hear you ... and I'll be coming around more often.

One hour ago ... in my office ... I presented the Legion of Honor to Norbert Gerling of Henley, Missouri. It is the highest distinction bestowed by the French government for service to the people of France.

In the summer of 1944, Mr. Gerling was a Hellcat gunner with the 609th Tank Destroyer Battalion. He joined General Patton's Third Army for the drive through France into Germany during the Battle of the Bulge, and was awarded the Bronze Star for meritorious service.

Sergeant Gerling represents millions of members of the Greatest Generation, men and women who demonstrated the grit ... courage ... and unshakable optimism that made our country what it is today.

Sergeant Gerling – would you please stand?

On behalf of all Missourians, we thank you – and all the men and women in uniform who serve our state and our nation at home and around the globe.

For their courage and sacrifice, our veterans deserve more than gratitude. They deserve to live with dignity and pride.

Today, with a generation of Vietnam-era veterans getting older, we need to ensure that all our veterans receive the best care possible.

That's why my budget includes the resources to modernize and improve our state veterans' homes, so that they're up to the high standards our veterans deserve. But we need to do more.

Nearly 2,000 Missouri vets are now on a waiting list to get the care they've earned. That's unacceptable.

And that's why I am proposing the construction of a new veterans' home for these proud Missourians.

These men and women did their duty to God and country, so that our lives might be better.

Now we need to be there for them. Let's work together and get it built.

The spirit of optimism ... that willingness to face any challenge ... has always made us special as Americans and Missourians.

In times of struggle and unrest – like those we saw this past year – that spirit has helped us find a new path forward.

And it's the same spirit that has produced some of Missouri's proudest moments over the past six years.

Together, we led the rebirth of the American auto industry here in the Heartland.

Together, we helped communities recover and rebuild – stronger than ever – in the aftermath of floods, blizzards, and the deadliest tornado in our history in Joplin.

And together, we're moving Missouri forward on a foundation of fiscal discipline and solid economic growth.

Here in Missouri, fiscal discipline is a value.

We balance budgets. We keep taxes low.

And we continue to downsize state government ... while improving services through innovation.

We trimmed the state workforce by more than 5,000 positions ... paid down debt ... and sold off property.

At a time when pension costs were dragging down other states – we worked together to shore up our pension system, saving taxpayers more than \$600 million over ten years.

Strict fiscal discipline helped protect our AAA credit rating, giving us the opportunity to make essential, long-overdue investments in the future. Last year, the legislature took the first step by passing additional bonding capacity.

That means this year, we can move forward with a strategic bond issuance to fund improvements to our college campuses, state buildings, state parks and veterans' homes.

That means more jobs.

That means better labs for more students.

That means taking care of more veterans.

Let's get it done.

In the past six years, we made government smarter by embracing technology.

From hunting permits to childcare provider information, Missourians can now access hundreds of government services from their smart phones ... saving time, money and aggravation.

I thank the General Assembly for supporting investments in 21st Century technology to better serve our taxpayers.

Technology has dramatically improved the quality of our daily lives. But at the same time, it has created serious security challenges – and growing anxiety – about the safety of sensitive information.

From credit card fraud to identity theft to cyber-terrorism, there are real and mounting threats to our personal information, financial and medical records and even our power grid. Hackers are constantly trying to crack security firewalls ... targeting government and private companies alike.

This year, we will ramp up our cyber-security efforts by partnering with businesses, law enforcement, and universities to identify best practices and educate the public.

Making Missouri a leader in cyber-security will make our families and our personal information safer, create more jobs in our tech sector, and strengthen our growing economy.

And our economy is growing.

Let's take just a second to remember where we started.

When I took office in January 2009, the state had lost more than 65,000 jobs in the previous year.

The unemployment rate was 8.6 percent and rising.

Today, we got the news that our unemployment rate just dropped again – to 5.4 percent.

Home construction is up ... personal income is up ... and Missouri employers created more jobs in 2014 than in any year since 1997.

That's right – we just closed out the best year for job growth in 17 years.

And we're just getting started.

The largest economic development project in our history is underway in Kansas City: Cerner's \$4.4 billion campus for 16,000 workers in high-tech health care.

Thanks to the work we did in a special session one year ago, Boeing is bringing commercial aircraft manufacturing to Missouri for the first time in its history, putting hundreds more to work in North St. Louis County.

And more enterprising Missourians – in small towns and big cities across our state – are starting their own businesses than at any time in the last 20 years.

Another way we're creating more jobs at home?

By selling more Missouri products to Brazil ... China ... Taiwan ... England ... France ... Korea ... Canada and others.

Some of you in this room have joined me on these successful trade missions. We have signed agreements to sell billions of dollars of Missouri goods to businesses and consumers alike.

Last year, our exports hit \$14 billion. That's \$14 billion of Made-in-Missouri products going all over the world.

A big part of that success is from our number one industry: agriculture.

2014 was a phenomenal year for ag exports ... from corn and soybeans ... to rice, chickens, hogs and turkeys.

And there are 11 million more potential customers for Missouri's farm products just 90 miles away from the U.S. ... in Cuba.

For many in my generation, trade with Cuba was unthinkable. But never underestimate the power of American democracy to improve people's lives and open hearts and minds. Once free markets begin to flourish, freedom will follow.

Two weeks ago, I went to Washington and stood with a coalition that now includes more than 40 ag groups calling for expanded trade to Cuba. In March, I am heading to Havana with our Director of Agriculture, Richard Fordyce, and leaders of national and state commodity groups, to make sure Missouri is first in the door.

Because all we need is an open door, and Missouri's innovative, hard-working producers will do the rest.

We're also working to bring economic opportunity to our small towns and rural communities by boosting our cattle industry.

Missouri ranks second in the nation in cow/calf production, thanks to cutting edge genetic research and the know-how of our farmers and ranchers. But here's the beef.

Nearly all those animals leave Missouri before they're full-grown, and are finished and processed in other states. That means Missouri is missing out on more than \$1 billion in value every year.

We need to keep those cattle – and those dollars – right here in the Show-Me State.

Earlier this month, we brought together hundreds of folks from around the state – producers, scientists, packers, corn-growers, legislators and others – to develop a plan to do just that.

We're also proposing \$1.2 million to research new ways to make our cattle industry more profitable.

With the right strategy on beef, we can strengthen our rural economy, and the families and communities that depend upon it.

Getting more Missouri goods to global markets requires the transportation infrastructure to get them there safely.

We've traditionally paid for roads and bridges through user fees, like the gas tax. Missourians believe it's only fair that folks who use the roads also pay for them.

But with more fuel-efficient vehicles, drivers are getting more miles out of each gallon of gas... so they end up paying less to fund our roads.

As a result, money for our roads and bridges is drying up.

Missouri has the seventh-largest highway system in the nation. But we rank 46th in how much we invest to maintain it.

Last week, we heard MoDOT lay out – in stark terms – what this means.

On thousands of miles of state roads, from Lindbergh in St. Louis to Rangeline in Joplin, we'll barely be able to patch potholes.

By 2017, we won't even have enough revenue to match federal highway dollars.

So what do we do?

One option is a toll road on Interstate 70. The Highway Commission's recent report showed that this approach could make I-70 better and safer ... and free up tens of millions of dollars for other roads around the state.

Trucks and out-of-state vehicles that do the most damage to I-70 would have to pay their fair share.

That deserves serious consideration.

Here's another option: the gas tax.

Missouri's gas tax hasn't gone up a penny in nearly 20 years. It's the fifth-lowest in the nation. With gas prices as low as they are now, this is worth a very close look.

If we want to leave Missouri roads better than we found them, the only thing we can't do is sit still. This is a major, long-term challenge – so let's get moving now.

Creating opportunity for all Missourians requires us to face some painful truths and tackle some difficult challenges.

The events in Ferguson following the death of Michael Brown sparked a national conversation about race and equality, education and economic opportunity, law enforcement and the courts.

We've already taken some meaningful steps forward in Ferguson.

We've provided loans to help small businesses recover.

We'll invest \$2.5 million to improve West Florissant Avenue.

I created the Office of Community Engagement, led by former Senator Maida Coleman. She is already doing great work, including overseeing a summer jobs program for thousands of low-income kids in St. Louis and Kansas City.

Last fall, I created the Ferguson Commission, which continues its vital work of listening, learning, and evaluating solutions. I look forward to receiving its final report this September.

But make no mistake.

The legacy of Ferguson will be determined by what we do next ... to foster healing and hope ... and the changes we make to strengthen all of our communities.

Many of the broader, systemic issues will require sustained effort by those of us in this room.

- We need to reform municipal courts so that all citizens are treated fairly;
- We need to update the state statute governing deadly force to be consistent with constitutional requirements and U. S. Supreme Court precedent;
- We need to support policies that foster racial understanding... and compassion;
- We need to create greater economic opportunity and encourage personal responsibility;
- We need to strengthen failing schools and provide access to affordable health care;
- And we must recruit, train and certify professional law enforcement that reflects the diversity of the community it serves.

The men and women of law enforcement serve and protect in difficult and dangerous circumstances.

They put their lives on the line to protect our lives.

We are proud of our law enforcement officers, for all they do, each and every day.

We send them into streets where there is too much violence ... and too little hope.

Too much fear ... and too little trust.

But some folks feel they have to choose sides:

Them ... or us.

Teens or cops.

Black or white.

The truth is ... we're all in this together.

The truth is ... real and lasting change is only possible when we stand together.

We saw many examples of compassion and generosity in Ferguson. Religious leaders, residents and business owners pitched in to help.

Teachers volunteered to provide activities for hundreds of kids at the public library, after school was cancelled.

One day last summer, troopers from the Missouri State Highway Patrol were driving through Canfield Green, when they noticed a basketball hoop that looked pretty sad ... didn't even have a net.

So with their own money, the troopers went to a local store and bought a net and a new basketball. Then the troopers drove back, hung the net and tossed the ball to some neighborhood kids.

Back on the same street the next day, the troopers saw that a pickup game was underway. And they joined in.

Of course, it was more than just a friendly game of hoops.

It was an opportunity to ease tensions ... to foster trust ... and to bring about the kind of change that is needed in communities all across America.

As we search for long-term strategies to promote equality and economic opportunity, we don't need to look further than education.

Education is the great equalizer.

Because when every child has a quality education, every child has the opportunity to succeed.

And education is the best economic development tool we have.

That's why we've increased funding, while also raising our expectations with more rigorous classes ... tougher tests, and stricter accountability.

And Missouri schools are rising to the challenge.

Over the past six years, math scores have gone up ... reading scores have gone up ... and we're starting to see solid progress in some of our most troubled school districts.

Tonight we are joined by Dr. Tiffany Anderson, the Superintendent of the Jennings School District in North St. Louis County, and Breyannah Parker, a 7th Grade student at College Prep Academy with a 4.0 GPA.

More than 90 percent of the kids in her district come from poor families – but they aren't letting anything hold them back.

Jennings students have made big leaps forward over the past several years with higher test scores and higher graduation rates.

Please join me in thanking Dr. Anderson for her leadership and dedication to the success of students like Breyannah.

Visit communities across our state – and you'll get a sense for how strongly Missourians support their local public schools ... and their teachers. Last fall at the polls, voters overwhelmingly rejected a wrong-headed attack on public school teachers with more than 76 percent of Missourians voting against it.

That initiative, bankrolled by a narrow special interest, lost in every single county of the state.

In Stone County and Sullivan County ... Wayne and Washington ... Greene and Iron County, Missourians demonstrated just how fiercely they stand behind public schools.

Because Missourians know we need to pay our teachers more.

Not chip away at their job security.

Where our public schools thrive, our communities thrive.

And if we're completely honest about where our schools stand ... we've still got work to do.

Because better isn't good enough. Our kids deserve the best.

My budget will invest an additional \$11 million in pre-school, so that more children, regardless of their circumstances, start kindergarten ... ready to learn.

And once again, I am proposing record funding for K-12 education ... with an additional \$150 million for our local public schools.

That means more technology in classrooms ... smaller class sizes ... more hands-on learning ...

It also means better pay for the folks that do the toughest, most important job there is: teaching our kids.

I appreciate the good, bipartisan discussions we've had about the school transfer law. And I am confident the legislature will get a clean fix to my desk this session.

We know that the fastest-growing, highest-paying jobs in the global economy are in science, technology, engineering and math.

But right now less than 20 percent of undergrads at our public universities are getting degrees in these demanding academic disciplines.

We've got to expose kids – at an early age – to programs that bring science and math to life ... like Project Lead the Way.

I've been to Project Lead the Way classrooms where kids were analyzing DNA and designing software. It's a real game-changer.

We now have more Project Lead the Way computer science programs than any other state.

But not enough schools are using Project Lead the Way at the elementary level. We need to ramp that up dramatically.

That's why my budget provides start-up grants to expand Project Lead the Way to another 350 elementary schools.

When it comes to higher education, we continue to be guided by our core principles: quality, affordability – and accountability.

Since 2009, Missouri has led the nation in holding down tuition increases at our public universities.

I'm proposing an additional \$25 million for colleges and universities, based on how well they meet strong performance standards.

We're also working to provide state-of-the-art facilities that will prepare our students for high-tech jobs ... replacing lab equipment that's more than 30 years old ... upgrading engineering buildings with leaky roofs and poor lighting.

Because we can't prepare students for 21st Century jobs with equipment that was obsolete in the 20th Century.

In fact, with your hard work last year, one of these projects is already underway.

Long-overdue renovations at Mizzou's College of Engineering will add classroom and lab space to prepare more Missourians for the high-tech, high-wage jobs of the future.

Educating a competitive workforce is something we all can get behind.

Thank you for your support in getting this done.

Education is key to the economic future of our state.

And so are our natural resources.

Missouri is blessed with an abundance of fresh water – from the Mississippi and Missouri rivers, to our clear-running Ozark streams.

We take it for granted.

But if you go upstream to the Dakotas, to the headwaters of the Missouri, it's a different story.

They're fighting over water.

They want to divert as much water from the Missouri River as they can, which would leave our farmers and shippers high and dry.

Take Kansas.

Their latest harebrained idea is the construction of a 360-mile aqueduct to siphon off more of our Missouri River water.

We can't let that happen.

As long as I am Governor, I will not let states upstream divert Missouri River water that we rely on for drinking, farming and industry.

We need to protect the amount of water we have in Missouri, and we need to protect the quality of water we have in Missouri.

All over the state, drinking and wastewater treatment systems – many built decades ago – are starting to fall apart.

If you've ever had a pipe burst in your basement – or a cracked main in your subdivision – you know how costly it can be.

That's why my budget this year includes \$70 million – funds already approved by the voters and the legislature – to rebuild these aging water systems, and ensure that we leave Missouri's waters better than we found them.

Our rivers and streams are part of the priceless outdoor heritage all Missourians can enjoy.

And our 87 state parks and historic sites have been recognized as the finest in the nation for camping, hiking, bicycling and paddling – with millions of visitors every year.

This year is our opportunity to update and renovate our state park cabins and lodges, with special attention to preserving the historic structures built by the Civilian Conservation Corps.

One of the most iconic CCC structures in our state parks is the bridge at Bennett Spring.

It's just one of many special places that we need to preserve for generations to come.

I've spoken a lot tonight about some of the big challenges we must overcome to create opportunity and build a brighter future for our state.

Now I'd like to talk about another challenge ... but an even greater opportunity:

Strengthening and reforming Medicaid.

Let me remind you, a lot has changed since last year.

Since I stood here last year, Missouri taxpayers have sent \$2 billion to Washington.

Those dollars are being used right now, in other states, to reform and improve their Medicaid systems.

That's two billion Missouri taxpayer dollars. And this year, there's another \$2 billion at stake.

If we keep standing still, that's \$4 billion Missourians will have lost to other states by the end of this year.

Across the country, people are moving past the politics.

Republican governors in Arizona, Iowa, Michigan, New Jersey, New Mexico, Nevada, North Dakota and Ohio have already strengthened Medicaid in their states.

Since last year, even more Republican governors have come forward with Medicaid proposals ... in Utah and Tennessee, Indiana and Wyoming.

Even the Republican Governor of Alabama has indicated he may join them.

Many states are pursuing innovative reforms – demanding personal responsibility, encouraging work and cracking down on fraud.

And they're using our tax dollars to do it.

And where our tax dollars have gone, health care jobs have followed.

States that have strengthened and improved Medicaid have had three times the growth in health care jobs as states that haven't.

Hospitals are often the largest local employers in our communities. But jobs in health care – which comprise one-sixth of the jobs in our total economy – aren't growing like they should.

In fact, in the past year, thousands of Missouri health care jobs have been lost.

Hospitals and clinics have closed. And if we don't take action, more will follow.

Last summer, an official WARN notice was sent to our Department of Economic Development from the CEO at Ozarks Community Hospital in Springfield about impending layoffs.

The CEO explained that his hospital was going to cut 60 jobs in Missouri, but hire 62 new workers across the border in Arkansas.

The CEO wrote – and I quote:

"The reason we are hiring in Arkansas and laying off in Missouri is that Arkansas chose to expand Medicaid ... and Missouri did not ... I fear that Missouri will never recover the ground it is now losing statewide as a result of political posturing."

End quote.

Folks, this is real. The time to move forward is now.

It's also really important to remember that standing still on Medicaid has a human cost.

The 300,000 Missourians who would get health care if we moved forward are your friends and neighbors.

13,000 of them are veterans ... 50,000 are people struggling with mental illness or substance abuse ...

And tens of thousands more are working Missourians who live below the poverty line. Because they are working, they earn too much to get Medicaid. But they can't afford to buy health insurance on their own.

Let's work together ... rise above the same old partisan fights of years ago and strengthen and reform Medicaid this year.

You know that when we work together, we can make a real difference. Just look at what we've done to strengthen our mental health system. We passed landmark legislation to help children with autism.

We're building a state-of-the art mental hospital in Fulton, replacing one that opened in 1851.

We put mental health professionals in community health centers to work hand-in-hand with local law enforcement. Together, they're helping thousands of vulnerable Missourians with chronic mental illness get the treatment they need.

And for the first time in 20 years, there is no longer an agonizing wait – of weeks, months, or even years – for in-home services for low-income Missourians with developmental disabilities.

That's what happens when we work together.

Those of us in state government understand its role in protecting the vulnerable ... preserving the peace ... fostering greater economic opportunity ... and educating our children.

And yet, many Missourians have grown cynical about state government's ability to help them better their own lives.

That's because they believe the system is rigged against them ... favoring the wealthy and well-connected ... while ignoring hard-working folks driving trucks, waiting tables, stocking shelves ... just trying to make ends meet.

Like I said before, Missourians don't expect something for nothing.

But they do expect a fair shake ... and they deserve it.

What good are we to the people who elected us ... if they can't trust us to represent their best interests?

That is exactly why we need ethics reform.

I've talked about it ... right here ... every year that I have been Governor.

We have the weakest ethics laws in the nation.

It's not fair ... it's not right ... and you and I know it.

Every day we don't act, the public's confidence in us continues to erode.

No more excuses. Let's get a meaningful ethics reform bill to my desk.

When we work together, we can achieve great things for the people of our state.

Last week I was at the Detroit Auto Show, where Missouri's award-winning trucks and vans once again took center stage.

Today, our automotive comeback may seem like it was always inevitable. But back in 2009, it was anything but.

The national recession and competition from overseas had dealt a crippling blow to our auto industry. By the time I took office, plants were closed – or closing – in Hazelwood ... south St. Louis ... north St. Louis ... and Fenton.

There were rumors that Ford's Kansas City Assembly Plant – and 4,000 hard-working folks employed there – might be next.

I was not about to let that happen.

As long as cars were going to be made somewhere, I was determined to make sure it was Missourians who were building them.

The first executive order I signed was to create an automotive jobs task force. We also ramped up our investments in workforce training.

But to secure the future of next-generation automotive manufacturing in our state – we had to do more.

That's why, when we couldn't get it done in regular session in 2010, I called a special session to pass strategic, fiscally responsible legislation that would ultimately pull our auto industry back from the brink.

And when it passed, I signed it right there in Claycomo with the hardworking men and women of Local 249.

So, it's no accident that soon, more vehicles will be rolling off the line at Claycomo than any other Ford plant in the world.

It's no accident that General Motors' plant in Wentzville continues to expand to build the award-winning Chevy Colorado and the GMC Canyon.

And it's no accident that Motor Trend's top three trucks of 2015 are all built right here in the Show-Me State.

Ford, GM and more than 60 automotive suppliers have invested more than \$2 billion in Missouri since 2010.

You think bringing auto manufacturing back in the Heartland was an easy lift? It wasn't.

It required passage of two pieces of legislation during that special session. And one of them passed by just two votes.

Many said it wouldn't get done. They were wrong.

There are 24 members who voted for both bills who are still serving in the legislature today, including then-Speaker Ron Richard.

Four of them are now your leaders – President Pro Tem Tom Dempsey, Senate Minority Leader Joe Keaveny, House Minority Leader Jake Hummel and Speaker of the House John Diehl.

These weren't easy votes for everyone at the time.

But it was the right thing to do.

So if you want to get ahead around here?

Do the right thing.

Reach across the aisle.

Together we can do great things for our state.

But the real credit for rebuilding our auto industry goes to the workers.

We are joined by some of them tonight – the men and women of the UAW.

Today's high-tech vehicles are not your parents' trucks and vans. Building them takes a level of skill and craftsmanship that is quite simply extraordinary.

You build the strongest, toughest vehicles in the world – and you're making the Show-Me State the national leader in automotive excellence and innovation.

Your work ethic is second to none.

Your product is the best in the world.

You make Missouri proud.

Because of the work we did together ... these men and women have the dignity of a good, family-supporting job.

Those paychecks cover more than monthly bills. They help folks buy cars and houses. They pay for books and baseball gloves ... computers and college tuition. And put something in the collection plate on Sunday.

And it was made possible by the decisions made in this building.

This, my friends, is what public service is all about.

This is why we're here.

To create real opportunity ... that leaves no one behind.

The fact is: our state works best when everyone has an opportunity to succeed.

Every college student in our state deserves the opportunity to earn a degree that prepares them to compete in a global economy... and enter the workforce without a mountain of debt ...

Every parent in our state deserves the opportunity to get a job that pays enough to provide for their families ... and save a little, too.

Every farmer who wakes up before sunrise and works past sunset deserves a chance to sell his crops not just around the country ... but around the globe.

And every Missourian ... every Missourian ... deserves a government worthy of their trust.

That's what is expected of us.

We must demand it of ourselves ... and each other.

I believe that we're all here for the same reasons ... which brings us right back to the values instilled in me as a Scout: to do our duty ... to God and our country ... to help other people at all times ... and to leave things better than we found them.

Working together we will build a stronger Missouri for everyone ... and leave our great state a better place than we found it.

Our time is short.

Let's make the most of it.

Thank you ... and God Bless.

The Joint Committee appointed to wait upon the Chief Justice of the Supreme Court, Mary R. Russell, escorted the Chief Justice to the dais where she delivered the State of the Judiciary Address to the Joint Assembly:

Chief Justice Mary R. Russell
State of the Judiciary Address

Lieutenant Governor Kinder, Speaker Diehl, President Pro Tem Dempsey, members of the General Assembly, the executive branch, my judicial colleagues and everyone gathered here in this chamber. It is my great honor once more to present the state of the judiciary address – one of my most important duties as your chief justice.

This majestic capitol building and the supreme court building across the street are truly state treasures. Hallways in both display pictures of our predecessors – legislators in composites and judges in individual portraits. Every day I walk past the portraits in our building, and many

times I reflect on the legacy of those former judges. Perhaps you, too, stop and examine the composites of former legislators who once sat in your seats, remembering their accomplishments.

Also on this building's walls, in the first floor museum, is a plaque listing the names of the Missourians who were veterans of the Revolutionary War, including the name of my great-great-great-great-grandfather, Samuel Rhodes. Whenever I view that plaque downstairs, I realize the legacy left by him and others who first settled in Missouri after statehood. They helped shape the Missouri we live in today.

But the foundation for many of the rights that we enjoy today, including the right to a trial by jury and other due process guarantees, can be traced back to the Magna Carta – which we celebrate for its 800th anniversary this year. In the fields at Runnymede, the lords of England in 1215 acted to have King John sign this document, which would become the world's most enduring symbol of the rule of law.

As the book of Ecclesiastes declares, "To every thing there is a season." As with those who acted centuries ago, this is *our* season to act. When others look at our pictures and reflect on *our* legacy, what will come to their minds? What do you want *your* legacy to be? Will we be remembered for making Missouri a better place to live and work, or will we be remembered for passing on our problems? Even if just a beginning, our best efforts can have lasting impact.

Continuing to make Missouri's courts better

Last year, I talked with you about ways to make Missouri's courts better. By integrating technology to make the courts more accessible for our citizens, cases can be resolved faster and at less cost. These efforts require a vast investment of resources. But the public expects this investment, as at least 87 percent of American adults have access to the Internet, and a recent survey shows that most people prefer to get court records and pay court fines all online.

Our Case.net system, which allows people at the click of a button to search public case information, continues to be extremely popular. Last year it had more than 540 million hits! Now, more than half of our state courts have electronic filing for cases, with nearly 40 more courts expected to join this year. By the end of 2016, we hope to have electronic filing statewide.

Electronic filing also enables the judicial branch to continue expanding its connections with state executive branch departments. Thanks to a brand new enhancement to our system, Judge Jon Beetem in Cole County, for example, can now receive probation violations electronically from the department of corrections. We hope to expand this enhancement to county officials such as sheriffs and public administrators so they can electronically transmit routine paperwork with the courts. This saves government time and money.

In addition, videoconferencing is available in every state courthouse and averages around 500 calls per month. And now, anyone with a web camera can videoconference with a court. This means Judge Kristie Swaim in Adair County, for example, can videoconference with the local jail and state correctional facilities. This promotes community safety by keeping offenders incarcerated – and reduces the cost of transportation to and from the courthouse. And in mental health proceedings that require medical testimony, judges like Deborah Daniels in Boone County can allow doctors to testify by videoconference, giving them more time to treat other patients.

With the use of iPads or other tablets, judges from Twila Rigby in Jackson County to Kerry Rowden in Maries County to Rick Zerr in St. Charles County, for example, can be available anywhere, anytime, to do the important work that needs to be done. This means requests for warrants or juvenile detention orders or even orders of protection can be transmitted to the judge, reviewed, signed and transmitted back in time measured in minutes rather than hours. This is important, because these requests come in anytime, day or night.

We have also started a Pay By Web feature allowing Missourians a convenient way to make payments online toward outstanding costs owed in certain cases. This new system has been implemented in more than 25 courts – from McDonald County to Buchanan County to the city of St. Louis. We are excited about this new feature and hope to continue expanding its reach throughout the year.

In addition, we are seeking to make jury service as convenient as possible for the thousands of Missourians who fulfill this valuable public duty each year. We are studying various electronic methods for notifying jurors, to make their service simpler and more streamlined.

Working together with constitutional partners

While we in the judiciary continue striving to be innovative in improving Missouri's courts, we appreciate your efforts to improve the laws of Missouri. Last year, for example – in cooperation with The Missouri Bar, the courts, prosecutors, and defense counsel – you passed the first comprehensive update of the state's criminal code in 35 years.

Recent events suggest the need to review Missouri's municipal court divisions. Municipal divisions play an important role in enforcing local laws, and they handle more than two-thirds of all cases filed in our state courts. For many people, the municipal divisions are the first and only

contact they have with the court system. And, as we all know, first impressions can be lasting impressions.

From a local municipal division to the state Supreme Court, Missouri's courts should be open and accessible to all. Courts should primarily exist to help people resolve their legal disputes. If they serve, instead, as revenue generators for the municipality that selects and pays the court staff and judges – this creates at least a perception, if not a reality, of diminished judicial impartiality.

Courts must give consideration to those unable to pay any fine that is imposed. To that end, the Supreme Court recently adopted a new rule – that if people demonstrate they are unable to pay a fine, municipal judges will be required to give them more time to pay it.

We in the judiciary are aware that you, too, will be giving thoughtful consideration to improving the municipal divisions. It is important that those municipal divisions that are not working well do not overshadow the many divisions around our state that do. But as the Rev. Dr. Martin Luther King Jr. once wrote, "We are caught in an inescapable network of mutuality, tied in a single garment of destiny. Whatever affects one directly, affects all indirectly."

It is important to ensure that municipal divisions throughout the state are driven not by economics, but by notions of fairness under the rule of law. The Supreme Court is ready to work with you to ensure that people who appear in municipal courts are treated fairly and with respect.

Protecting our children

As public servants, we will be remembered by how we protect our citizens, including our children. It is disturbing that about 14,000 children – through no fault of their own – are in the custody of the children's division, as wards of Missouri's courts. Most of these children are living in foster care because they have parents who abused or neglected them.

This alarming number of children in foster care, unfortunately, reflects an increase of more than 44 percent in just the last five years. Many of these children in foster care face an uncertain future, being moved from foster home to foster home, carrying everything they own in just a black trash bag. I always say that, but for the grace of God, I might have been one of those children too.

Your efforts are vital to ensuring continued improvements in all our child welfare laws. Last year, you passed Senate Bill 869, which gives foster parents the right to participate in court hearings involving children in their care. This recognizes the valuable role played by foster parents, and gives the court access to the first-hand information they possess.

The lives of children in foster care are also enhanced by the volunteer efforts of many of your constituents. One such effort involves the court-appointed special advocates program, also known as CASA. This year, CASA will celebrate its 35th anniversary in Missouri.

It is the only program in which everyday citizens, who – after rigorous screening and special training – are appointed by judges to help determine what is in the best interest of abused or neglected children. By getting to know the children and their families well, these special advocates provide stable connections for the children while becoming the "eyes and ears" of the court. Children with CASA volunteers are substantially less likely to spend time in long-term foster care and are more likely to be adopted.

Last year, there were nearly 11,000 children in foster care who did not have the benefit of a CASA volunteer. I encourage you to learn more about CASA. Your support can help the program grow, and, if your district does not have a CASA program, your leadership can help fill that gap for the abused and neglected children in your area.

I have been honored to serve on the state CASA board and work with its outstanding executive director, Beth Dessem, who will receive the Carnahan Award for Public Service next month. Beth is here with us today. Please join me in congratulating her.

When it comes to helping our children, another one of my passions is truancy court. This positive reinforcement program teaches children the importance of regular school attendance, helping them realize the benefit that education can have in their future. Like many judges around the state, I have volunteered in middle schools by presiding over truancy courts now for more than a dozen years. Because frequent school absence can be a sign of future delinquent and, eventually, criminal behavior, these programs are designed to nip the problems in the bud. As the famous author Victor Hugo said, "He who opens a school house door, closes a prison."

At the beginning of each semester, I tell the students in the truancy court program that state law requires them to attend school a reasonable amount of time or their parents can be charged with a misdemeanor. Early on Thursday mornings, I meet with students and some of their family members at Lewis and Clark Middle School here in Jefferson City to review progress reports from teachers regarding not only their attendance, but also their academic performance and their behavior. The students set goals to achieve by the next week, and we sign a contract promising to work toward those goals. I am proud to introduce to you some of my most successful students – Terrik Hampton, Mackenzie Henderson and Andy Malone – who are accompanied by their principal, Sherri Thomas, who is celebrating her birthday today! Please rise and be recognized.

Protecting our veterans

Missouri also has had great success with the treatment court model. Instead of paying the bill for a lifetime of in-and-out incarceration, Missouri has found that investing in treatment courts gives nonviolent offenders an opportunity to beat their addictions, helping to reduce the likelihood of repeat criminal behavior. Now in their third decade, Missouri treatment courts have had more than 15,000 graduates – with more than 680 drug-free babies born to program participants.

We have worked with the legislature to expand this program in careful and sustainable stages. There are now more than 135 programs throughout the state, with an active enrollment of more than 3,600 participants right now. In fact, Missouri has more treatment court programs per capita than any other state in the country.

One of our newest treatment court programs focuses on a very special population – our veterans. It is unfortunate that some of our veterans return home with symptoms of a mental health disorder or cognitive impairment or turn to substance abuse to help them cope. Some of these struggling veterans end up in our criminal system. As President Lincoln said during his second inaugural address, made just a month before the Civil War ended, “... let us strive ... to care for him who shall have borne the battle” And so we do strive to use the opportunities created by these treatment courts to care for our veterans. They deserve nothing less.

We have established seven veterans treatment courts serving 37 counties as well as Kansas City and the city of St. Louis. These programs serve veterans struggling with addiction, serious mental illness – or both – by promoting sobriety, recovery and stability. Key to the success of these programs is the support of other veterans who serve as mentors. These veteran-mentors have walked in the same boots and truly understand the unique challenges our servicemen and women face when they return home. We appreciate the support that you have shown to these programs through your legislation – which has had a positive impact on the lives of more than 100 soldiers so far.

Among these graduates is Phillip, who served twice in Iraq and was medically discharged. Barely six months later – suffering from both mental health and substance abuse issues – he was arrested for misdemeanor drug possession and, during a subsequent court appearance, got into an altercation with a bailiff. While participating in Boone County’s veterans treatment court program, he worked hard to comply with stringent requirements such as random drug testing, counseling and weekly court sessions. He credits the opportunity the court gave him for changing the direction of his life. He continues to serve now by riding his motorcycle to help escort the Mid-Missouri Honor Flights. Phillip is with us here today, along with members of his treatment team. Please join me in congratulating Phillip on his success!

Protecting our elders

But as we seek to create a positive legacy in the ways we serve our veterans and our children, we must not forget our elders, to whom we owe much. As baby boomers continue to age and people live longer, we are on the brink of an unprecedented population shift, with a higher percentage of older people than ever before. This “Silver Tsunami” is resulting in more of us having silver hair – except, of course, for those of us with a hairdresser with a cure for that! Experts predict that, in just five years, the number of Americans age 65 or older will exceed the number of school-age children. And, just 10 years after that, one-fifth of all Missourians will be 65 or older.

With a larger senior population, we can expect increases in the number of probate cases and hearings involving mental capacity. At least one of our courts is already seeing this impact. Pat Connaghan of St. Louis – last year named the national probate judge of the year! – reports a dramatic increase in the number of older persons with dementia in need of a court-appointed guardian or conservator. It is incumbent on us now to reexamine the laws to ensure that guardians and conservators promote independence, not dependence, for those in their care. We must also tighten our laws to provide maximum protection against elder abuse, neglect and financial exploitation.

Serving as a guardian or conservator often means having to make difficult decisions about the care and well-being of loved ones, the management of their money, and balancing their needs with their desires and personal dignity. We should applaud *all* caretakers for their service.

Conclusion

In conclusion, how we effect meaningful change in the lives of Missourians will be a part of how we all – the legislature and the courts – will be judged by history. Finding ways to better serve our state requires us to be a part of something bigger than any of us. I truly hope that our legacy will be one of collaboration, accomplishment and improvement.

And I hope that we all find honor in the achievements we are able to make. It is certainly the honor of my life to serve as your chief justice, leading a court system devoted to fairness for Missourians and to making positive impacts on those children, veterans and elderly whose lives

intersect with the courts.

But at the end of the day, how judges decide cases or how you vote on a bill or amendment, all fades away when we arrive home from our duties, greeted by our loved ones. We all have important jobs and titles – whether it be representative, senator or judge. But those jobs and titles are only temporary. The other titles we have – Mom, Dad, sister, brother, daughter, son, friend – are much more important, as they are permanent, and so are the relationships those titles represent.

Some of the most important people in my life are here today, including our 2-year-old granddaughter Avery and her parents, Heather and Allen Todd, of Webster Groves. Avery is now the ninth generation of our family to live in Missouri. She comes from a family of public servants, with both grandfathers being former members of this House. So please welcome back my husband, Jim Russell, and Avery's other grandfather, Tom Todd.

I hope for Avery – just as you do for your children, grandchildren, nieces and nephews – that they will live productive and fulfilled lives. Let us not disappoint our generations to follow when they walk past our pictures on the wall. This is *our* season to act – *our* opportunity as constitutional partners to leave meaningful improvements for the lives and livelihoods of future generations of Missourians.

Our time is short. Let us take the privilege we now experience and do all we can to make Missouri the best state in the nation. Thank you.

On motion of Senator Richard, the Joint Session was dissolved and the Senators returned to the Chamber where they were called to order by Senator Pearce.

Journal of the Senate

FIRST REGULAR SESSION

TENTH DAY—MONDAY, JANUARY 26, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“On the day I called, you answered me, you increased my strength of soul.” (Psalm 138:3)

Like the psalmist we call upon You, O Lord, for strength to deal with the demands that are on us this week, to persist when it is easy to procrastinate, and to push forward in new relationships when it is easier to be alone. So answer our petitions and help us to see ourselves and others as valued in Your eyes so we may be better able to walk with them the path that You require, O Lord. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal for Thursday, January 22, 2015 was read and approved.

CONCURRENT RESOLUTIONS

Senator Schmitt offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 11

Whereas, a college education provides students with a significant advantage in achieving the American dream; and

Whereas, individuals with higher levels of education regularly benefit from lower unemployment, better jobs, increased chances for career advancement, and higher earning potential; and

Whereas, college graduates age 25 and over earn nearly twice as much as workers who stopped with a high school diploma; and

Whereas, the median earnings gap of graduates of a four-year college versus high school graduates has been increasing since the 1970's and continues to increase; and

Whereas, the pathway to a better life goes directly through college, but only if college is affordable for the student and the family; and

Whereas, the cost of a college education has increased twelve-fold over the last thirty years; and

Whereas, in 2012 63% of students graduating from a four-year institution in Missouri had student loan debt; and

Whereas, the average student loan debt for students graduating from a four-year institution in Missouri in 2012 was over \$24,000; and

Whereas, nearly 99,000 Missourians are currently making student loan payments; and

Whereas, 12.6% of students default on their student loan payments; and

Whereas, individuals who are not making student loan payments will be more active participants in a free-market economy; and

Whereas, 529 plans are a powerful investment tool for families and individuals to save funds for their children's future education expenses; and

Whereas, 529 plans are used as the "Pathway to College" for individuals who could not otherwise attend college; and

Whereas, 529 plans are readily available to any Missouri citizen; and

Whereas, minimum contributions can be as little as \$10, making it accessible for any person to save a little at a time, which will add up significantly once the student enters college; and

Whereas, by saving for college through a 529 plan, families can reduce their reliance on student loans, earn interest instead of paying interest and help their student leave college debt-free; and

Whereas, 529 plans can be used at almost any college or university in the country, giving every student the opportunity to attend the school that fits their needs; and

Whereas, 529 plans are an attractive investment tool because the funds invested grow deferred from federal and state taxation; and

Whereas, families which save with 529 plans can save an average of \$15,000 more over a 18-year period than if they were to save through a taxable account; and

Whereas, the number of 529 plans accounts have increased by over 700% since 2001, when qualified distributions became tax-free; and

Whereas, the President of the United States has proposed a budget which would tax earnings accrued from a 529 plan, thus hindering students' chances of fulfilling the American dream:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to not remove the tax-deferred treatment of 529 college savings plans; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for each member of Missouri's Congressional delegation.

SENATE RESOLUTION NO. 200

Whereas, the citizens of Missouri have already made payments for bonds issued for the construction of the Edward Jones Dome stadium that amount to over twice the original bond issuance, and such payments will continue until 2022; and

Whereas, on January 26, 2015, while testifying before the Missouri Senate Appropriations Committee, Doug Nelson, Commissioner of the Office of Administration, stated that his office's (and therefore the Governor's) interpretation of section 67.657, RSMo, is that such section authorizes the issuance of new bonding for a stadium in the City of St. Louis using existing bonding authority, without the approval of the General Assembly, and that an amount of three hundred and fifty million dollars of such bonding has been discussed; and

Whereas, there is disagreement with any interpretation of section 67.657, RSMo, that such section would allow for the issuance of bonds for a new stadium without the approval of the General Assembly or of the voters; and

Whereas, Missouri's executive branch should never have the authority to independently authorize the issuance of bonds, and by doing so increase the public debt of the citizens of Missouri, without the approval of the General Assembly or of the voters; and

Whereas, should the Governor's office succeed in causing new bonds to be issued for a new stadium, without the approval of the General Assembly, there would be pressure on the General Assembly during the appropriations process to make payments to service such bonds in order to protect the spotless AAA credit rating of the State of Missouri; and

Whereas, any issuer of bonds would be legally required to disclose to potential bond purchasers any information relevant to the servicing of such bonds, including the passage of this Senate Resolution, which is intended to dissuade any such bond issuance or the purchase of such bonds if issued; and

Whereas, the General Assembly cannot make any appropriation without the concurrence of the Senate:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, urge the Governor to not take the unprecedented step of issuing bonds for construction of a new stadium in the City of St. Louis under an interpretation of Section 67.657, RSMo, that such bond issuance does not require the approval of the General Assembly or of the voters; and

Be It Further Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, hereby let it be known that, in spite of any expectation that the Senate, to protect Missouri's credit rating, would naturally concur with a proposed appropriation to service any and all bonds issued, it would be unwise for anyone to expect that the Senate would concur with a proposed appropriation to service bonding that might be issued for the construction of a new sports stadium in the City of St. Louis, should that bond issuance be made without the approval of the General Assembly or of the voters and pursuant to an interpretation of Section 67.657, RSMo, that such bond issuance does not require the approval of the General Assembly; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for distribution to the Governor and to all bonding agencies doing business in the State of Missouri.

SENATE CONCURRENT RESOLUTION NO. 12

Whereas, Multiple Sclerosis (MS) is a chronic, often disabling disease that attacks the central nervous system, which is comprised of the brain, spinal cord, and optic nerves. MS damages the nerve-insulating myelin sheath that surrounds and protects the brain. The damage to the myelin sheath slows down or blocks messages between the brain and the body; and

Whereas, the cause of MS remains unknown; however, having a first-degree relative, such as a parent or sibling, with MS significantly increases a person's risk of developing the disease. According to the National Institute of Neurological Disorders and Stroke, it is estimated that there are approximately 250,000 to 350,000 persons in the United States who are diagnosed with MS. This estimate suggests that approximately 200 new cases are diagnosed each week; and

Whereas, it is in the public interest for the state to establish a Multiple Sclerosis Task Force in order to identify and address the unmet needs of persons with MS, and develop ways to enhance their quality of life:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby create the Missouri Multiple Sclerosis Task Force; and

Be It Further Resolved that the mission of the Task Force shall be to fully consider and make recommendations in a report to the General Assembly on:

(1) Developing strategies to identify and address the unmet needs of persons with MS in order to enhance the quality of life of persons with MS by maximizing productivity and independence, and addressing the emotional, social, and vocational challenges of persons with MS; and

(2) Developing strategies to provide persons with MS greater access to various treatments and other therapeutic options that may be available; and

Be It Further Resolved that the Task Force shall consist of the following members:

(1) Two members of the Senate, one to be appointed by the President Pro Tempore of the Senate and one to be appointed by the Minority Leader of the Senate;

(2) Two members of the House of Representatives, one to be appointed by the Speaker of the House of Representatives and one to be appointed by the Minority Leader of the House of Representatives;

(3) The Director of the Department of Health and Senior Services, or his or her designee, to serve as a member and provide technical assistance to the task force;

(4) Two neurologists licensed to practice in this state, with one appointed by the President Pro Tempore of the Senate and one appointed by the Speaker of the House of Representatives, from a list of recommendations by the Department of Health and Senior Services;

(5) Two Missouri regional members of a national organization with experience in helping people affected by MS through funding cutting-edge research, driving change through advocacy, facilitating professional education and providing programs and services that help people and the families living with MS, with one appointed by the President Pro Tempore of the Senate and one appointed by the Speaker of the House of Representatives, from a list of recommendations by the Department of Health and Senior Services;

(6) Two persons who represent agencies that provide services or supports to individuals with MS in this state, with one appointed by the President Pro Tempore of the Senate and one appointed by the Speaker of the House of Representatives, from a list of recommendations by the Department of Health and Senior Services;

(7) Two persons who have MS, with one appointed by the President Pro Tempore of the Senate and one appointed by the Speaker of the House of Representatives, from a list of recommendations by the Department of Health and Senior Services; and

Be It Further Resolved that the staffs of Senate Research, House Research, and the Joint Committee on Legislative Research shall provide such legal, research, clerical, technical, and bill drafting services as the Task Force may require in the performance of its duties; and

Be It Further Resolved that the Task Force will report its recommendations and findings to the Missouri General Assembly by January 1, 2017; and

Be It Further Resolved that the Task Force shall terminate by either a majority of members voting for termination, or by January 1, 2017, whichever occurs first; and

Be It Further Resolved that the Multiple Sclerosis Task Force is authorized to function during the legislative interim between the First Regular Session of the Ninety-eighth General Assembly and the Second Regular Session of the Ninety-eighth General Assembly through January 1, 2017, as authorized by State v. Atterbury, 300 S.W.2d 806 (Mo. 1957); and

Journal of the Senate

FIRST REGULAR SESSION

FOURTEENTH DAY—MONDAY, FEBRUARY 2, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“What are human beings that you are mindful of them? Yet you have made them a little lower than God, and crowned them with glory and honor.” (Psalm 8:4-5)

O Lord, we are like the snowflakes that fell this weekend, no two alike. Each of us is a child of Yours in the same essence but different in form. So, we ask that You bless our uniqueness, our one of a kind value before You, knowing each here is created special, but none better than another, for You did not make one snowflake or one person better than another. Yet together we create a beautiful landscape of Your choosing to create what You desire accomplished through our joint efforts. So guide our work this week and bless their results. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

FIRST REGULAR SESSION

FIFTEENTH DAY—TUESDAY, FEBRUARY 3, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Wait for the Lord; be strong, and let your heart take courage; wait for the Lord!” (Psalm 27:14)

We wait upon You O Lord, our faith is girded by Your faithfulness. No matter how many times we are called and return to You, You wait patiently for us to do so. Instill the same sense of faithfulness that is Yours, Lord. Teach us and help us be as faithful to You as You have shown Your faithfulness to us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

CONCURRENT RESOLUTIONS

Senator Curls offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 13

Whereas, neuroblastoma is a type of cancer that forms in the sympathetic nervous system of infants and young children; and

Whereas, neuroblastoma is a very serious childhood disease which is responsible for 12% of all cancer deaths in children under 15 years of age, accounts for about 7% of all cancers in children, and is the most common type of cancer among infants; and

Whereas, there are roughly 650 new cases of neuroblastoma each year in the United States causing a child to die every 16 hours from the disease; and

Whereas, the National Cancer Institute spends less than 3% of its budget and the American Cancer Society directs less than 2% of its research dollars towards pediatric cancer; and

Whereas, pediatric AIDS research receives four times more funding than childhood cancer even though childhood cancer is 20 times more prevalent; and

Whereas, physicians frequently face major challenges in diagnosing neuroblastoma because the symptoms are very similar to more common and less serious childhood illnesses, which results in delayed diagnosis; and

Whereas, by the time neuroblastoma is diagnosed, in roughly two out of three cases the disease has already spread to other parts of the body; and

Whereas, the children suffering from neuroblastoma often undergo treatment involving chemotherapy as well as surgery, and experience prolonged painful symptoms; and

Whereas, the families of children with neuroblastoma must deal with the potential of losing their child while at the same time face out of pocket expenses to treat childhood cancer of roughly \$40,000 a year, even with insurance coverage; and

Whereas, those suffering from neuroblastoma deserve recognition and support in their battle against this painful and deadly disease:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby declare November 14, 2015, as Neuroblastoma Cancer Awareness Day.

Senator Schaefer offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 14

Relating to a Ride to Work Day in Missouri

Whereas, scooters and motorcycles use comparatively less fuel, cause less pollution and have less harmful impact on our infrastructure; and

Whereas, scooters and motorcycles require only a fraction of space taken by other vehicles to park; and

Whereas, the price of fossil fuels is growing and supply is diminishing; and

Whereas, the use of fossil fuels continues to damage our health by adding to pollution and risking our future through global warming; and

Whereas, our infrastructure repairs fail to keep pace with its degradation; and

Whereas, scooters and motorcycles, for these reasons, offer a form of daily transportation to be encouraged; and

Whereas, the third Monday in June has been designated as Ride to Work Day to highlight the positive daily use of scooters and

motorcycles:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby designate the third Monday in June of every year as Ride to Work Day in Missouri; and

Be it Further Resolved that the Secretary of the Missouri Senate be instructed to send properly inscribed copies of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Read 1st time.

Further amend said bill, Page 25, Section 105.499, Line 26 of said page, by inserting after all of said line the following:

“[105.961. 1. Upon receipt of a complaint as described by section 105.957 or upon notification by the commission of an investigation under subsection 5 of section 105.959, the commission shall assign the complaint or investigation to a special investigator, who may be a commission employee, who shall investigate and determine the merits of the complaint or investigation. Within ten days of such assignment, the special investigator shall review such complaint and disclose, in writing, to the commission any conflict of interest which the special investigator has or might have with respect to the investigation and subject thereof. Within ninety days of receipt of the complaint from the commission, the special investigator shall submit the special investigator’s report to the commission. The commission, after review of such report, shall determine:

- (1) That there is reasonable grounds for belief that a violation has occurred; or
- (2) That there are no reasonable grounds for belief that a violation exists and the complaint or investigation shall be dismissed; or
- (3) That additional time is necessary to complete the investigation, and the status and progress of the investigation to date. The commission, in its discretion, may allow the investigation to proceed for no more than two additional successive periods of ninety days each, pending reports regarding the status and progress of the investigation at the end of each such period.

2. When the commission concludes, based on the report from the special investigator, or based on an investigation conducted pursuant to section 105.959, that there are reasonable grounds to believe that a violation of any criminal law has occurred, and if the commission believes that criminal prosecution would be appropriate upon a vote of four members of the commission, the commission shall refer the report to the Missouri office of prosecution services, prosecutors coordinators training council established in section 56.760, which shall submit a panel of five attorneys for recommendation to the court having criminal jurisdiction, for appointment of an attorney to serve as a special prosecutor; except that, the attorney general of Missouri or any assistant attorney general shall not act as such special prosecutor. The court shall then appoint from such panel a special prosecutor pursuant to section 56.110 who shall have all the powers provided by section 56.130. The court shall allow a reasonable and necessary attorney's fee for the services of the special prosecutor. Such fee shall be assessed as costs if a case is filed, or ordered by the court if no case is filed, and paid together with all other costs in the proceeding by the state, in accordance with rules and regulations promulgated by the state courts administrator, subject to funds appropriated to the office of administration for such purposes. If the commission does not have sufficient funds to pay a special prosecutor, the commission shall refer the case to the prosecutor or prosecutors having criminal jurisdiction. If the prosecutor having criminal jurisdiction is not able to prosecute the case due to a conflict of interest, the court may appoint a special prosecutor, paid from county funds, upon appropriation by the county or the attorney general to investigate and, if appropriate, prosecute the case. The special prosecutor or prosecutor shall commence an action based on the report by the filing of an information or seeking an indictment within sixty days of the date of such prosecutor's appointment, or shall file a written statement with the commission explaining why criminal charges should not be sought. If the special prosecutor or prosecutor fails to take either action required by this subsection, upon request of the commission, a new special prosecutor, who may be the attorney general, shall be appointed. The report may also be referred to the appropriate disciplinary authority over the person who is the subject of the report.

3. When the commission concludes, based on the report from the special investigator or based on an investigation conducted pursuant to section 105.959, that there are reasonable grounds to believe that a violation of any law has occurred which is not a violation of criminal law or that criminal prosecution is not appropriate, the commission shall conduct a hearing which shall be a closed meeting and not open to the public. The hearing shall be conducted pursuant to the procedures provided by sections 536.063 to 536.090 and shall be considered to be a contested case for purposes of such sections. The commission shall determine, in its discretion, whether or not that there is probable cause that a violation has occurred. If the commission determines, by a vote of at least four members of the commission, that probable cause exists that a violation has occurred, the commission may refer its findings and conclusions to the appropriate disciplinary authority over the person who is the subject of the report, as described in subsection 8 of this section.

4. If the appropriate disciplinary authority receiving a report from the commission pursuant to subsection 3 of this section fails to follow, within sixty days of the receipt of the report, the recommendations contained in the report, or if the commission determines, by a vote of at least four members of the commission that some action other than referral for

criminal prosecution or for action by the appropriate disciplinary authority would be appropriate, the commission shall take any one or more of the following actions:

(1) Notify the person to cease and desist violation of any provision of law which the report concludes was violated and that the commission may seek judicial enforcement of its decision pursuant to subsection 5 of this section;

(2) Notify the person of the requirement to file, amend or correct any report, statement, or other document or information required by sections 105.473, 105.483 to 105.492, or chapter 130 and that the commission may seek judicial enforcement of its decision pursuant to subsection 5 of this section; and

(3) File the report with the executive director to be maintained as a public document; or

(4) Issue a letter of concern or letter of reprimand to the person, which would be maintained as a public document; or

(5) Issue a letter that no further action shall be taken, which would be maintained as a public document; or

(6) Through reconciliation agreements or action of the commission, the power to seek fees for violations in an amount not greater than one thousand dollars or double the amount involved in the violation.

5. Upon vote of at least four members, the commission may initiate formal judicial proceedings in the circuit court of Cole County seeking to obtain any of the following orders:

(1) Cease and desist violation of any provision of sections 105.450 to 105.496, or chapter 130, or sections 105.955 to 105.963;

(2) Pay any civil penalties required by sections 105.450 to 105.496 or chapter 130;

(3) File any reports, statements, or other documents or information required by sections 105.450 to 105.496, or chapter 130; or

(4) Pay restitution for any unjust enrichment the violator obtained as a result of any violation of any criminal statute as described in subsection 7 of this section.

6. After the commission determines by a vote of at least four members of the commission that a violation has occurred, other than a referral for criminal prosecution, and the commission has referred the findings and conclusions to the appropriate disciplinary authority over the person who is the subject of the report, or has taken an action under subsection 4 of this section, the subject of the report may appeal the determination of the commission to the circuit court of Cole County. The court shall conduct a de novo review of the determination of the commission. Such appeal shall stay the action of the Missouri ethics commission. Such appeal shall be filed not later than the fourteenth day after the subject of the commission's action receives actual notice of the commission's action. If a petition for judicial review of a final order is not filed as provided in this section or when an order for fees under subsection 4 of this section becomes final following an appeal to the circuit court of Cole County, the commission may file a certified copy of the final order with

the circuit court of Cole County. When any order for fees under subsection 4 of this section becomes final, the commission may file a certified copy of the final order with the circuit court of Cole County. The order so filed shall have the same effect as a judgment of the court and may be recorded, enforced, or satisfied in the same manner as a judgment of the court.

7. In the proceeding in the circuit court of Cole County, the commission may seek restitution against any person who has obtained unjust enrichment as a result of violation of any provision of sections 105.450 to 105.496, or chapter 130 and may recover on behalf of the state or political subdivision with which the alleged violator is associated, damages in the amount of any unjust enrichment obtained and costs and attorney's fees as ordered by the court.

8. The appropriate disciplinary authority to whom a report shall be sent pursuant to subsection 2 or 3 of this section shall include, but not be limited to, the following:

(1) In the case of a member of the general assembly, the ethics committee of the house of which the subject of the report is a member;

(2) In the case of a person holding an elective office or an appointive office of the state, if the alleged violation is an impeachable offense, the report shall be referred to the ethics committee of the house of representatives;

(3) In the case of a person holding an elective office of a political subdivision, the report shall be referred to the governing body of the political subdivision;

(4) In the case of any officer or employee of the state or of a political subdivision, the report shall be referred to the person who has immediate supervisory authority over the employment by the state or by the political subdivision of the subject of the report;

(5) In the case of a judge of a court of law, the report shall be referred to the commission on retirement, removal and discipline, or if the inquiry involves an employee of the judiciary to the applicable presiding judge;

(6) In the case of a person holding an appointive office of the state, if the alleged violation is not an impeachable offense, the report shall be referred to the governor;

(7) In the case of a statewide elected official, the report shall be referred to the attorney general;

(8) In a case involving the attorney general, the report shall be referred to the prosecuting attorney of Cole County.

9. The special investigator having a complaint referred to the special investigator by the commission shall have the following powers:

(1) To request and shall be given access to information in the possession of any person or agency which the special investigator deems necessary for the discharge of the special investigator's responsibilities;

(2) To examine the records and documents of any person or agency, unless such examination would violate state or federal law providing for confidentiality;

(3) To administer oaths and affirmations;

(4) Upon refusal by any person to comply with a request for information relevant to an investigation, an investigator may issue a subpoena for any person to appear and give testimony, or for a subpoena duces tecum to produce documentary or other evidence which the investigator deems relevant to a matter under the investigator's inquiry. The subpoenas and subpoenas duces tecum may be enforced by applying to a judge of the circuit court of Cole County or any county where the person or entity that has been subpoenaed resides or may be found, for an order to show cause why the subpoena or subpoena duces tecum should not be enforced. The order and a copy of the application therefor shall be served in the same manner as a summons in a civil action, and if, after hearing, the court determines that the subpoena or subpoena duces tecum should be sustained and enforced, the court shall enforce the subpoena or subpoena duces tecum in the same manner as if it had been issued by the court in a civil action; and

(5) To request from the commission such investigative, clerical or other staff assistance or advancement of other expenses which are necessary and convenient for the proper completion of an investigation. Within the limits of appropriations to the commission, the commission may provide such assistance, whether by contract to obtain such assistance or from staff employed by the commission, or may advance such expenses.

10. (1) Any retired judge may request in writing to have the judge's name removed from the list of special investigators subject to appointment by the commission or may request to disqualify himself or herself from any investigation. Such request shall include the reasons for seeking removal;

(2) By vote of four members of the commission, the commission may disqualify a judge from a particular investigation or may permanently remove the name of any retired judge from the list of special investigators subject to appointment by the commission.

11. Any person who is the subject of any investigation pursuant to this section shall be entitled to be represented by counsel at any proceeding before the special investigator or the commission.

12. The provisions of sections 105.957, 105.959 and 105.961 are in addition to other provisions of law under which any remedy or right of appeal or objection is provided for any person, or any procedure provided for inquiry or investigation concerning any matter. The provisions of this section shall not be construed to limit or affect any other remedy or right of appeal or objection.

13. No person shall be required to make or file a complaint to the commission as a prerequisite for exhausting the person's administrative remedies before pursuing any civil cause of action allowed by law.

14. If, in the opinion of the commission, the complaining party was motivated by malice or reason contrary to the spirit of any law on which such complaint was based, in filing the complaint without just cause, this finding shall be reported to appropriate law enforcement authorities. Any person who knowingly files a complaint without just cause, or with malice, is guilty of a class A misdemeanor.

15. A respondent party who prevails in a formal judicial action brought by the commission shall be awarded those reasonable fees and expenses incurred by that party in the formal judicial action, unless the court finds that the position of the commission was substantially justified or that special circumstances make such an award unjust.

16. The special investigator and members and staff of the commission shall maintain confidentiality with respect to all matters concerning a complaint, with the exception of communications with any person which are necessary to the investigation. Any person who violates the confidentiality requirements imposed by this section or subsection 17 of section 105.955 required to be confidential is guilty of a class A misdemeanor and shall be subject to removal from or termination of employment by the commission.

17. Any judge of the court of appeals or circuit court who ceases to hold such office by reason of the judge's retirement and who serves as a special investigator pursuant to this section shall receive annual compensation, salary or retirement for such services at the rates of compensation provided for senior judges by subsections 1, 2 and 4 of section 476.682. Such retired judges shall by the tenth day of each month following any month in which the judge provided services pursuant to this section certify to the commission and to the state courts administrator the amount of time engaged in such services by hour or fraction thereof, the dates thereof, and the expenses incurred and allowable pursuant to this section. The commission shall then issue a warrant to the state treasurer for the payment of the salary and expenses to the extent, and within limitations, provided for in this section. The state treasurer upon receipt of such warrant shall pay the same out of any appropriations made for this purpose on the last day of the month during which the warrant was received by the state treasurer.]

105.961. 1. Upon receipt of a complaint as described by section 105.957, the commission shall assign the complaint to a special investigator, who may be a commission employee, who shall investigate and determine the merits of the complaint. Within ten days of such assignment, the special investigator shall review such complaint and disclose, in writing, to the commission any conflict of interest which the special investigator has or might have with respect to the investigation and subject thereof. Within one hundred twenty days of receipt of the complaint from the commission, the special investigator shall submit the special investigator's report to the commission. The commission, after review of such report, shall determine:

(1) That there is reasonable grounds for belief that a violation has occurred; or

(2) That there are no reasonable grounds for belief that a violation exists and the complaint should be dismissed; or

(3) That additional time is necessary to complete the investigation, and the status and progress of the investigation to date. The commission, in its discretion, may allow the investigation to proceed for additional successive periods of one hundred twenty days each, pending reports regarding the status and progress of the investigation at the end of each such period.

2. When the commission concludes, based on the report from the special investigator, or based on an audit conducted pursuant to section 105.959, that there are reasonable grounds to believe that a violation of any criminal law has occurred, and if the commission believes that criminal prosecution would be

appropriate upon a vote of four members of the commission, the commission shall refer the report to the Missouri office of prosecution services, prosecutors coordinators training council established in section 56.760, which shall submit a panel of five attorneys for recommendation to the court having criminal jurisdiction, for appointment of an attorney to serve as a special prosecutor; except that, the attorney general of Missouri or any assistant attorney general shall not act as such special prosecutor. The court shall then appoint from such panel a special prosecutor pursuant to section 56.110 who shall have all the powers provided by section 56.130. The court shall allow a reasonable and necessary attorney's fee for the services of the special prosecutor. Such fee shall be assessed as costs if a case is filed, or ordered by the court if no case is filed, and paid together with all other costs in the proceeding by the state, in accordance with rules and regulations promulgated by the state courts administrator, subject to funds appropriated to the office of administration for such purposes. If the commission does not have sufficient funds to pay a special prosecutor, the commission shall refer the case to the prosecutor or prosecutors having criminal jurisdiction. If the prosecutor having criminal jurisdiction is not able to prosecute the case due to a conflict of interest, the court may appoint a special prosecutor, paid from county funds, upon appropriation by the county or the attorney general to investigate and, if appropriate, prosecute the case. The special prosecutor or prosecutor shall commence an action based on the report by the filing of an information or seeking an indictment within sixty days of the date of such prosecutor's appointment, or shall file a written statement with the commission explaining why criminal charges should not be sought. If the special prosecutor or prosecutor fails to take either action required by this subsection, upon request of the commission, a new special prosecutor, who may be the attorney general, shall be appointed. The report may also be referred to the appropriate disciplinary authority over the person who is the subject of the report.

3. When the commission concludes, based on the report from the special investigator or based on an audit conducted pursuant to section 105.959, that there are reasonable grounds to believe that a violation of any law has occurred which is not a violation of criminal law or that criminal prosecution is not appropriate, the commission shall conduct a hearing which shall be a closed meeting and not open to the public. The hearing shall be conducted pursuant to the procedures provided by sections 536.063 to 536.090 and shall be considered to be a contested case for purposes of such sections. The commission shall determine, in its discretion, whether or not that there is probable cause that a violation has occurred. If the commission determines, by a vote of at least four members of the commission, that probable cause exists that a violation has occurred, the commission may refer its findings and conclusions to the appropriate disciplinary authority over the person who is the subject of the report, as described in subsection 7 of this section. After the commission determines by a vote of at least four members of the commission that probable cause exists that a violation has occurred, and the commission has referred the findings and conclusions to the appropriate disciplinary authority over the person subject of the report, the subject of the report may appeal the determination of the commission to the administrative hearing commission. Such appeal shall stay the action of the Missouri ethics commission. Such appeal shall be filed not later than the fourteenth day after the subject of the commission's action receives actual notice of the commission's action.

4. If the appropriate disciplinary authority receiving a report from the commission pursuant to subsection 3 of this section fails to follow, within sixty days of the receipt of the report, the recommendations contained in the report, or if the commission determines, by a vote of at least four members of the commission that some action other than referral for criminal prosecution or for action by the appropriate disciplinary authority would be appropriate, the commission shall take any one or more of the following actions:

(1) Notify the person to cease and desist violation of any provision of law which the report concludes was violated and that the commission may seek judicial enforcement of its decision pursuant to subsection 5 of this section;

(2) Notify the person of the requirement to file, amend or correct any report, statement, or other document or information required by sections 105.473, 105.483 to 105.492, or chapter 130 and that the commission may seek judicial enforcement of its decision pursuant to subsection 5 of this section; and

(3) File the report with the executive director to be maintained as a public document; or

(4) Issue a letter of concern or letter of reprimand to the person, which would be maintained as a public document; or

(5) Issue a letter that no further action shall be taken, which would be maintained as a public document; or

(6) Through reconciliation agreements or civil action, the power to seek fees for violations in an amount not greater than one thousand dollars or double the amount involved in the violation.

5. In the event that an individual is convicted of a crime under power granted by this section for violation of any provision of sections 105.450 to 105.496 or sections 105.955 to 105.963 or chapter 130, the ethics commission shall not seek civil penalties against such individual for violations of sections 105.450 to 105.496 or sections 105.955 to 105.963 or chapter 130.

6. Upon vote of at least four members, the commission may initiate formal judicial proceedings seeking to obtain any of the following orders:

(1) Cease and desist violation of any provision of sections 105.450 to 105.496, or chapter 130, or sections 105.955 to 105.963;

(2) Pay any civil penalties required by sections 105.450 to 105.496 or chapter 130;

(3) File any reports, statements, or other documents or information required by sections 105.450 to 105.496, or chapter 130; or

(4) Pay restitution for any unjust enrichment the violator obtained as a result of any violation of any criminal statute as described in subsection 6 of this section. The Missouri ethics commission shall give actual notice to the subject of the complaint of the proposed action as set out in this section. The subject of the complaint may appeal the action of the Missouri ethics commission, other than a referral for criminal prosecution, to the administrative hearing commission. Such appeal shall stay the action of the Missouri ethics commission. Such appeal shall be filed no later than fourteen days after the subject of the commission's actions receives actual notice of the commission's actions.

[6.] **7.** In the proceeding in circuit court, the commission may seek restitution against any person who has obtained unjust enrichment as a result of violation of any provision of sections 105.450 to 105.496, or chapter 130 and may recover on behalf of the state or political subdivision with which the alleged violator is associated, damages in the amount of any unjust enrichment obtained and costs and attorney's fees as ordered by the court.

[7.] **8.** The appropriate disciplinary authority to whom a report shall be sent pursuant to subsection 2 or 3 of this section shall include, but not be limited to, the following:

(2) In the case of a person holding an elective office or an appointive office of the state, if the alleged violation is an impeachable offense, the report shall be referred to the ethics committee of the house of representatives;

(3) In the case of a person holding an elective office of a political subdivision, the report shall be referred to the governing body of the political subdivision;

(4) In the case of any officer or employee of the state or of a political subdivision, the report shall be referred to the person who has immediate supervisory authority over the employment by the state or by the political subdivision of the subject of the report;

(5) In the case of a judge of a court of law, the report shall be referred to the commission on retirement, removal and discipline, or if the inquiry involves an employee of the judiciary to the applicable presiding judge;

(6) In the case of a person holding an appointive office of the state, if the alleged violation is not an impeachable offense, the report shall be referred to the governor;

(7) In the case of a statewide elected official, the report shall be referred to the attorney general;

(8) In a case involving the attorney general, the report shall be referred to the prosecuting attorney of Cole County.

[8.] **9.** The special investigator having a complaint referred to the special investigator by the commission shall have the following powers:

(1) To request and shall be given access to information in the possession of any person or agency which the special investigator deems necessary for the discharge of the special investigator's responsibilities;

(2) To examine the records and documents of any person or agency, unless such examination would violate state or federal law providing for confidentiality;

(3) To administer oaths and affirmations;

(4) Upon refusal by any person to comply with a request for information relevant to an investigation, an investigator may issue a subpoena for any person to appear and give testimony, or for a subpoena duces tecum to produce documentary or other evidence which the investigator deems relevant to a matter under the investigator's inquiry. The subpoenas and subpoenas duces tecum may be enforced by applying to a judge of the circuit court of Cole County or any county where the person or entity that has been subpoenaed resides or may be found, for an order to show cause why the subpoena or subpoena duces tecum should not be enforced. The order and a copy of the application therefor shall be served in the same manner as a summons in a civil action, and if, after hearing, the court determines that the subpoena or subpoena duces tecum should be sustained and enforced, the court shall enforce the subpoena or subpoena duces tecum in the same manner as if it had been issued by the court in a civil action; and

(5) To request from the commission such investigative, clerical or other staff assistance or advancement of other expenses which are necessary and convenient for the proper completion of an investigation. Within the limits of appropriations to the commission, the commission may provide such assistance, whether by contract to obtain such assistance or from staff employed by the commission, or may advance such expenses.

[9.] **10.** (1) Any retired judge may request in writing to have the judge's name removed from the list of special investigators subject to appointment by the commission or may request to disqualify himself or herself from any investigation. Such request shall include the reasons for seeking removal;

(2) By vote of four members of the commission, the commission may disqualify a judge from a particular investigation or may permanently remove the name of any retired judge from the list of special investigators subject to appointment by the commission.

[10.] **11.** Any person who is the subject of any investigation pursuant to this section shall be entitled to be represented by counsel at any proceeding before the special investigator or the commission.

[11.] **12.** The provisions of sections 105.957, 105.959 and 105.961 are in addition to other provisions of law under which any remedy or right of appeal or objection is provided for any person, or any procedure provided for inquiry or investigation concerning any matter. The provisions of this section shall not be construed to limit or affect any other remedy or right of appeal or objection.

[12.] **13.** No person shall be required to make or file a complaint to the commission as a prerequisite for exhausting the person's administrative remedies before pursuing any civil cause of action allowed by law.

[13.] **14.** If, in the opinion of the commission, the complaining party was motivated by malice or reason contrary to the spirit of any law on which such complaint was based, in filing the complaint without just cause, this finding shall be reported to appropriate law enforcement authorities. [15.] **16.** The special investigator and members and staff of the commission shall maintain confidentiality with respect to all matters concerning a complaint until and if a report is filed with the commission, with the exception of communications with any person which are necessary to the investigation. The report filed with the commission resulting from a complaint acted upon under the provisions of this section shall not contain the name of the complainant or other person providing information to the investigator, if so requested in writing by the complainant or such other person. Any person who violates the confidentiality requirements imposed by this section or subsection 17 of section 105.955 required to be confidential is guilty of a class A misdemeanor and shall be subject to removal from or termination of employment by the commission.

[16.] **17.** Any judge of the court of appeals or circuit court who ceases to hold such office by reason of the judge's retirement and who serves as a special investigator pursuant to this section shall receive annual compensation, salary or retirement for such services at the rates of compensation provided for senior judges by subsections 1, 2 and 4 of section 476.682. CONCURRENT RESOLUTIONS

Senator Riddle offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 15

Relating to the designation of March as women veterans' month.

Whereas, each year Americans pause during the month of March to pay special tribute to the contributions that women have made to our national life, and outstanding among the myriad roles that women have assumed over the course of this country's history have been those undertaken as part of the nation's armed forces; and

Whereas, long before they gained regular admission to the military, thousands of women assisted the uniformed branches in a variety of ways; they worked as nurses, water bearers, laundresses, and cooks, sometimes served as spies and saboteurs, and on occasion even took up arms; and

Whereas, in 1901, the United States Army broke new ground by creating an actual nurses corps, and the navy followed in 1908; the ranks of these units swelled during World War I, when nearly 23,000 women served as nurses within the American military; the U.S. Navy and Marine Corps enlisted nearly 13,000 additional women as yeomen and reservists and assigned them to duty stateside, to free their male counterparts for combat at sea and abroad; and

Whereas, the participation of women in the military surged during World War II, with more than 400,000 filling posts at home and overseas; to more fully utilize their abilities, the army established the Women's Army Auxiliary Corps, later known as the Women's Army Corps; the army also created the WASP (Women Airforce Service Pilots), while the navy organized the WAVES (Women Accepted for Volunteer Emergency Service), the Marine Corps established the Marine Corps Women's Reserve, and the Coast Guard created a reserve unit known as the SPARs; in spite of widespread misgivings about their suitability for the work, women proved themselves in a wide array of assignments, and in 1948 an Act of Congress granted them permanent status in the regular and reserve forces; and

Whereas, barriers to the participation of women in the military continued to fall; legal provisions placing a two percent cap on the number of women serving and a ceiling on the highest grade a woman could achieve were repealed in 1967; by 1972, the various Reserve Officers' Training Corps programs were opened to women, and in 1976 women were admitted to the service academies; they are now eligible to enter more than 90 percent of all career fields in the armed forces; and

Whereas, women have continued to deploy in times of conflict: some 1,000 served in theater during the Korean War and 7,500 during the Vietnam War; hundreds saw duty in operations in Central America in the 1980s, and in 1991, 41,000 women served in theater in Operation Desert Storm; and

Whereas, today, approximately 344,500 women are serving in the United States military; they constitute about 14 percent of active duty personnel and about 10 percent of the American forces in Iraq and Afghanistan; and

Whereas, the operations focused on those two countries have placed enormous demands on all who have taken part; like their male compatriots, many women have served multiple tours, and large numbers have been injured, many grievously; as of mid-January 2011, 136 women had given their lives in those two wars; and

Whereas, the increased involvement of women in the military is reflected by the number of women veterans, which now totals 1.8 million; Missouri is home to more than 45,340 women veterans; and

Whereas, Missourians have always honored the selflessness and sacrifice of those who perform military service, and these women are indeed worthy of that recognition; it is also fitting that needs they have incurred in connection with that service be acknowledged and alleviated, whether they concern physical or psychological wounds or the challenges of caring for their families or reintegrating into civilian life; and

Whereas, the women who have served in the United States armed forces have demonstrated tenacity, courage, and professionalism, and they are deserving of their fellow citizens' deepest gratitude and unfailing support:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby designate the month of March each year from 2015 through 2025 as Women Veterans' Month in tribute to the immeasurable contributions that women in the military have made to this nation; and

Be It Further Resolved that the General Assembly encourages and urges all citizens of this state to reflect upon the service and sacrifices of women veterans; and

Be It Further Resolved that the Secretary of the Senate be instructed to send properly inscribed copies of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

So, be with us all source of hope, watching “our going out and coming in” bringing us safely home to our loved ones. CONCURRENT RESOLUTIONS

Senator Hegeman offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 17

Whereas, sports participation has become part of American life ingrained into the consciousness of society; and

Whereas, sports officials act as on-field judges for their respective sports and as neutral participants who have no stake in the outcome of the game; and

Whereas, it is critical that there are a sufficient number of qualified sports officials to enforce the rules of the game and judge potential disputes between participants on the field; and

Whereas, many sports officials volunteer their time or receive only minimal compensation and participate out of a sheer love of the game and to teach children who play the game the valuable lessons that are learned through participating in sports, including sportsmanship, teamwork, and complying with the rules of the game to achieve a common goal; and

Whereas, sports officials deserve our collective respect and must have our collective assistance in creating a safe and secure environment for our children to play; and

Whereas, increasingly, sports officials are subjected to verbal and even physical assault by disgruntled fans as well as certain coaches and players; and

Whereas, although education continues to be important, recent trends point out the need for strong sanctions against those who engage in bad behavior at sporting events; and

Whereas, young people observe both the good and bad behavior of their sports heroes, other athletes, coaches, and fans and often emulate that behavior in either a positive or negative manner; and

Whereas, players, coaches and fans should be deterred from assaulting officials by local authorities handing out more severe penalties to ensure that the fans, especially young children, realize that it is not acceptable to attack an official; and

Whereas, as a society, we must act on the belief that respect for authority is critical to living, working, and playing together in a civil society governed by the rule of law:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby call on all school districts, little league programs, high school, college, and recreational programs, along with law enforcement and prosecutors, to do all they can to put an end to the increased threats and assaults on sports officials and to prosecute such criminal acts to the full extent of the law; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Department of Elementary and Secondary Education, the Department of Higher Education, the Attorney General, and the Department of Public Safety.

Senator Schupp offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 18

Whereas, Falun Dafa, also known as Falun Gong, is a Chinese practice of gentle exercise and meditation based on the universal principles of truthfulness, compassion, and forbearance; and

Whereas, this practice, which transcends all cultural, social, economic, and national boundaries, has helped millions of practitioners in over 70 countries create and improve personal well-being and become more productive members of society; and

Whereas, in 1999 the government of the People's Republic of China outlawed the practice of Falun Dafa in that nation and created a campaign of persecution and terror against its peaceful adherents; and

Whereas, independent investigations confirmed that the Chinese regime commits forced organ harvesting on Falun Dafa prisoners of conscience that results in their deaths; and

Whereas, this persecution campaign against practitioners of Falun Dafa denies the basic human rights of freedom of belief, assembly and expression:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby declare our support for the Falun Dafa movement and its followers and urge the United States government to demonstrate its support for freedom of expression to practice Falun Dafa; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

WHEREAS, Missouri's defense industry plays a vital role in the state's economy, employing 160,000 Missourians working to support, either directly or indirectly, over \$12 billion in Department of Defense procurement contracts awarded to Missouri companies, ranking 5th among the states in total dollars; and

WHEREAS, Missouri's defense procurement contracts are heavily oriented toward research and operational systems and manufacturing companies, particularly aerospace manufacturing at the Boeing Company, Missouri's 3rd largest employer, and its supply chain; and

WHEREAS, Missouri is home to several outstanding universities, including the University of Missouri, Washington University, and St. Louis University, that conduct cutting edge defense research for the government, providing the innovation needed to keep our military the finest in the world and creating the academic environment necessary to produce critical talent for the government and industry workforce; and

WHEREAS, the nation's primary concern must always be national defense and the security of the United States, including Missouri; and

WHEREAS, Missouri is heavily committed to providing for our national defense and security as an accommodating partner and a proud home to major military installations and agencies, 63,700 military and federal civilian personnel, and 162,000 citizens who work at companies that manufacture defense systems, provide valuable services, and perform critical research; and

WHEREAS, Missouri has a vital economic interest in maintaining its military installations and agencies and in presenting to national leaders evidence of Missouri's capacity to provide additional, cost effective, and flexible support to defense missions during the federal government's efforts to re-establish its basing, costing, and capabilities:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby strongly urge the United States Department of Defense and Missouri's Congressional delegation to protect, promote, and leverage Missouri's military bases and agencies, keep the number of military personnel in the state intact, and preserve defense industry procurement so that Missouri may continue to support the defense and protection of the state and the United States and keep its economy in sound condition; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for United States Secretary of Defense Chuck Hagel and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

CONCURRENT RESOLUTIONS

Senator Schaefer offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 19

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which place limits on the federal government.

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and members of Congress; and

Be It Further Resolved that this application constitutes a continuing application in accordance with Article V of the United States Constitution until the legislatures of at least two-thirds of the several states have made applications on the same subject; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states requesting their cooperation.

Journal of the Senate

FIRST REGULAR SESSION

TWENTIETH DAY—WEDNESDAY, FEBRUARY 11, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Praise the Lord! Happy are those who fear the Lord, who greatly delight in his commandments.” (Psalm 112:1)

Gracious God, everything seems clearer in the morning. You have answered our prayers for strength and guidance. You have heard our cries for help. You have touched our souls. So Lord, let Your spirit flow freely in us. Let Your love move us to reach out to others and may we share the joy we have in You. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Senator Richard requested unanimous consent of the Senate to correct the Senate Journal for Tuesday, February 10, 2015, Page 315, Line 40, by inserting after said line, the following:

SENATE COMMITTEE SUBSTITUTE FOR
SENATE CONCURRENT RESOLUTION NO. 11

Whereas, a college education provides students with a significant advantage in achieving the American Dream; and

Whereas, individuals with higher levels of education regularly benefit from lower unemployment, better jobs, increased chances for career advancement, and higher earning potential; and

Whereas, college graduates age 25 and over earn nearly twice as much as workers who stopped with a high school diploma; and

Whereas, the median earnings gap of graduates of a four-year college versus high school graduates has been increasing since the 1970's and continues to increase; and

Whereas, the pathway to a better life goes directly through college, but only if college is affordable for the student and the family; and

Whereas, the cost of a college education has increased twelve-fold over the last thirty years; and

Whereas, in 2012 63% of students graduating from a four-year institution in Missouri had student loan debt; and

Whereas, the average student loan debt for students graduating from a four-year institution in Missouri in 2012 was over \$24,000; and

Whereas, nearly 99,000 Missourians are currently making student loan payments; and

Whereas, 12.6% of students default on their student loan payments; and

Whereas, individuals who are not making student loan payments will be more active participants in a free-market economy; and

Whereas, 529 plans are a powerful investment tool for families and individuals to save funds for their children's future education expenses; and

Whereas, 529 plans are used as the "Pathway to College" for individuals who could not otherwise attend college; and

Whereas, 529 plans are readily available to any Missouri citizen; and

Whereas, minimum contributions can be as little as \$10, making it accessible for any person to save a little at a time, which will add up significantly once the student enters college; and

Whereas, by saving for college through a 529 plan, families can reduce their reliance on student loans, earn interest instead of paying interest and help their student leave college debt-free; and

Whereas, 529 plans can be used at almost any college or university in the country, giving every student the opportunity to attend the school that fits their needs; and

Whereas, 529 plans are an attractive investment tool because the funds invested grow deferred from federal and state taxation; and

Whereas, families which save with 529 plans can save an average of \$15,000 more over a 18-year period than if they were to save through a taxable account; and

Whereas, the number of 529 plans accounts have increased by over 700% since 2001, when qualified distributions became tax-free; and

Whereas, the President of the United States proposed a budget which would tax earnings accrued from a 529 plan, only to subsequently retract such proposal as a result of negative reaction:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to protect and strengthen the tax-deferred treatment of 529 college savings plans to promote students' chances of fulfilling the American Dream; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for each member of Missouri's Congressional delegation.

The Journal of the previous day was read and approved as corrected.

Journal of the Senate

FIRST REGULAR SESSION

TWENTY-FIRST DAY—THURSDAY, FEBRUARY 12, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“I remember the days of old, I think about all your deeds; I meditate on the works of your hands, I stretch out my hands to you; my soul thirsts for you like a parched land.” (Psalm 143:5-6)

Heavenly Father, Your love and grace touch us and fill us with the light of Your presence. Your hope enfolds us and fills us with what we need each day. As we return home this day, may we meditate on how You have been with us this week and what You have helped us accomplish, so we may give thanks and sing Your praise. And, we would ask that You strengthen our bonds of love with those You have given us to love so that this Valentine time will bear witness of our love for each other throughout this weekend together. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

CONCURRENT RESOLUTIONS

Senator Emery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 20

Whereas, the growth and abuse of federal regulatory authority threaten our constitutional liberties, including those guaranteed by the Bill of Rights in the First, Second, Fourth, and Fifth Amendments to our Constitution; and

Whereas, federal regulators must be more accountable to elected representatives of the people, and not immune from such accountability; and

Whereas, the United States House of Representatives has passed with bipartisan support the Regulations from the Executive in Need of Scrutiny (REINS) Act to require that Congress approve major new federal regulations before they can take effect; and

Whereas, even if enacted, a law may be repealed or waived by a future Congress and President:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge that the United States Congress vote to propose the Regulation Freedom Amendment to the United States Constitution as follows:

“Whenever one quarter of the members of the United States House of Representatives or the United States Senate transmits to the President their written declaration of opposition to a proposed federal regulation, it shall require a majority vote of the House of Representatives and the

Senate to adopt that regulation.”; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, and each member of the Missouri Congressional delegation.

Senators Dixon, Emery and Wallingford offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 21

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which place limits on the federal government.

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and members of Congress; and

Be It Further Resolved that this application constitutes a continuing application in accordance with Article V of the United States Constitution until the legislatures of at least two-thirds of the several states have made applications on the same subject; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states requesting their cooperation.

We give You thanks not only for the beauty of the countryside blanketed in white mindful also of the functional beauty it brings for our benefit. Whereas, the population of illegal aliens in this country has more than tripled since 1982; and

Whereas, the specter of terrorism has increased the need for security from aliens who are illegally present in Missouri as well as the United States; and

Whereas, the resources of the State of Missouri are wrongfully drained by the unlawful influx of illegal aliens present in this state; and

Whereas, it is contrary to the rule of law for the federal government to require states to grant legal residence to individuals unlawfully present in this country; and

Whereas, it is contrary to the rule of law for the federal government to require states to provide benefits to illegal aliens; and

Whereas, the President of the United States has blatantly and flagrantly violated the rule of law by seeking to implement the "Deferred Action for Parents of Americans and Lawful Permanent Residents" program; and

Whereas, the deferred action program violates the rule of law by providing legal residence to over four million individuals who are currently in this country illegally; and

Whereas, the granting of legal status would enable illegal aliens to wrongfully take advantage of benefits provided by the State of Missouri; and

Whereas, the United States District Court for the Southern District of Texas granted a preliminary injunction enjoining the implementation of the deferred action program; and

Whereas, twenty-six states have sought such injunctive relief against the United States to prevent implementation of the deferred action program due to its blatant and flagrant violation of the rule of law of the United States; and

Whereas, it is the duty of the Attorney General of this state to defend and protect the rule of law of Missouri and of the United States:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby directs the Attorney General of Missouri to join in the pending legal action brought by the state of Texas against the implementation of the "Deferred Action for Parents of Americans and Lawful Permanent Residents" program by the President of the United States; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the Attorney General of Missouri.

Senator Schmitt offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 23

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which place limits on the federal government.

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and members of Congress; and

Be It Further Resolved that this application constitutes a continuing application in accordance with Article V of the United States Constitution until the legislatures of at least two-thirds of the several states have made applications on the same subject; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states requesting their cooperation.

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 12**.

HOUSE CONCURRENT RESOLUTION NO. 12

WHEREAS, Attorneys General or the Governors of seventeen states sued the federal government on December 3, 2014, claiming that President Barack Obama's order to the Department of Homeland Security to legalize the presence of approximately forty percent of the known undocumented immigrant population and afford them certain rights and benefits is unconstitutional; and

WHEREAS, the lawsuit includes and asserts a Take Care Clause claim and claims of both procedural and substantive violations of the Administrative Procedures Act; and

WHEREAS, the lawsuit seeks to uphold the rule of law, affirm limits on presidential power, and enforce the structural limits of the Constitution of the United States; and

WHEREAS, President Obama has candidly admitted that he unilaterally rewrote immigration law by stating, "I just took an action to change the law"; and

WHEREAS, President Obama's order has now been implemented via a directive issued by the Secretary of the Department of Homeland Security entitled the Jeh Charles Johnson Memorandum, *Exercising Prosecutorial Discretion with Respect to Individuals Who Came to the United States as Children and with Respect to Certain Individuals Whose Parents are U.S. Citizens or Permanent Residents* (Nov. 20, 2014); and

WHEREAS, the states engaged in the lawsuit point to the act that "At the most basic level, the directive is a promise to openly tolerate entire classes of undocumented immigrants."; and

WHEREAS, the states engaged in the lawsuit consider it highly likely that the removal of a federal deportation threat combined with inducements to remain in the United States such as work authorization, Social Security, and Medicare, will trigger a new wave of undocumented immigration, exacerbate an existing humanitarian crisis along the Texas-Mexico border, increase human trafficking undertaken by drug cartels, and result in substantial expenditures of state funds for law enforcement, healthcare, and education; and

WHEREAS, the states engaged in the lawsuit consider it imperative to protect the right of the Congress of the United States to enact laws regarding immigration and to have such federal laws fully enforced and not rewritten or undermined under the guise of executive discretion; and

WHEREAS, the majority of citizens of this state do not support exempting certain classes of undocumented immigrants from the operation of federal law by executive order and also oppose the provision of costly state benefits to persons who are not citizens of the United States:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby call on Missouri Attorney General Chris Koster to file an independent lawsuit or join the seventeen other state Attorneys General from across the nation in challenging the validity of President Barack Obama's unilateral orders and their implementation in the Secretary of the Department of Homeland Security's directive; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for Missouri Attorney General Chris Koster.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 15**.

HOUSE CONCURRENT RESOLUTION NO. 15

WHEREAS, high oil prices are having a major detrimental impact on families, farms, and businesses in Missouri and are likely to undercut the prospects for an economic recovery; and

WHEREAS, the United States currently imports almost half of its oil and petroleum products, making it dependent on foreign sources and subject to interruptions and price fluctuations stemming from geopolitical forces; and

WHEREAS, such instability has damaging consequences both for our economy and our national security; and

WHEREAS, the United States Geological Survey estimates a resource of up to 27 billion barrels of oil in the Chukchi and Beaufort seas of Alaska, providing a vast domestic oil reserve, but opposition and regulatory hurdles are keeping energy producers from accessing these resources; and

WHEREAS, the TransCanada Keystone XL pipeline project seeks to link expanded oil production from the Canadian oil sands to refineries in the United States and to facilitate the flow of oil from the Dakotas to the Gulf Coast, thereby decreasing our dependence on oil from outside of North America; and

WHEREAS, Canada is a close friend and ally, with whom we share links of infrastructure and energy networks and other ties, so that dollars spent on Canadian oil will likely contribute to the success of the American economy; and

WHEREAS, the TransCanada pipeline project is projected to create construction and manufacturing jobs in the United States, adding billions of dollars to the United States economy:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby call upon President Barack Obama and administration officials to:

(1) Support the increased importation of oil from Canadian oil sands and to approve the newly routed TransCanada Keystone XL pipeline to reduce our oil dependency on unstable governments, strengthen ties with an important ally, and create jobs for American workers;

(2) Support and facilitate permitting for oil production off the northern coast of Alaska to decrease our dependence on foreign oil and spur investment in the American economy; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for President Barack Obama, Vice President Joe Biden, Secretary of State John Kerry, United States House of Representatives Speaker John Boehner, and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Journal of the Senate

FIRST REGULAR SESSION

TWENTY-THIRD DAY—WEDNESDAY, FEBRUARY 18, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“You would keep him in perfect peace whose mind is stayed on you.” (Isaiah 26:3)

O Lord, we begin a journey Christians know as Lent. It is a time for all humankind to look at their lives and see that they need Your help along difficult pathways that can lead us to disagreements and wrongful behavior. So, help us Lord to remember that Your word prescribes a way to handle temptations to err, so that peace and accord among us will dwell and we may walk Your righteous path. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

MESSAGES FROM THE HOUSE

The following message was received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 21**.

HOUSE CONCURRENT RESOLUTION NO. 21

WHEREAS, the definition of “waters of the United States” under the Clean Water Act establishes the fundamental scope of federal authority to regulate activities in U.S. waters and wetlands. The U.S. Supreme Court has found on multiple occasions that the U.S. Environmental Protection Agency (EPA) and the U.S. Army Corps of Engineers (Army Corps) have exceeded their authority in defining these waters beyond the intended scope of federal regulation; and

WHEREAS, in response to the Supreme Court decisions, the EPA and Army Corps have recently proposed an amended definition to clarify federal jurisdiction. Unfortunately, the EPA and Army Corps have once again missed the mark and continue to ignore the limits on their authority, usurping powers reserved to the states under the Tenth Amendment to the U.S. Constitution; and

WHEREAS, the proposed rule would create greater uncertainty for businesses and homeowners rather than providing clarity. The proposed rule would add new definitions for key technical terms that introduce ambiguities and vagaries into federal regulation. Confusion would inevitably lead to further litigation, tying up our courts, delaying economic development, and wasting taxpayer money; and

WHEREAS, high quality scientific input must be the basis for environmental regulations, and the end result of scientific review should never be presumed. The EPA and Army Corps have failed to allow scientific review to be completed before moving forward with the proposed rule. In the rush to promulgate rules, the primary scientific report remains incomplete; and

WHEREAS, the proposed rule would actually expand federal jurisdiction to more waters and wetlands rather than limiting or simply clarifying jurisdiction as outlined by the U.S. Supreme Court. The EPA's economic analysis estimates that the proposed rule would increase jurisdiction by 3 percent, potentially leading to 1,400 more permits required and nearly \$220 million in additional costs to farmers, businesses, and homeowners. Furthermore, the economic analysis' assumptions and methodology significantly underestimate the potential jurisdictional expansion; and

WHEREAS, any increases in federal jurisdiction will infringe upon state authority to regulate state waters. The state waters and wetlands affected by the proposed rule have minimal, if any, connection to federally navigable waters. Expanded federal jurisdiction limits the flexibility of Missouri and other states to create a regulatory environment that meets the needs and addresses the priorities of state residents. In 2013, Missouri passed the Multipurpose Water Resource Act, which contained several new regulations aimed at protecting water resources and improving tap water quality. The state's Clean Water Commission, which works to enforce water pollution laws, also approved new rules that significantly increase protection for rivers, streams, and lakes, making them safer for swimming, fishing, and aquatic life; and

WHEREAS, this flawed proposal demonstrates again that core decisions, such as the scope of federal authority, must be left to our elected Representatives and Senators in the U.S. Congress, not to relatively unaccountable federal agencies:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby urge the U.S. Environmental Protection Agency and the U.S. Army Corps of Engineers to withdraw their proposed rule expanding the definition of "waters of the United States" under the Clean Water Act; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Administrator of the U.S. Environmental Protection Agency, the Commanding General of the U.S. Army Corps of Engineers, and the members of the Missouri congressional delegation.

In which the concurrence of the Senate is respectfully requested.

On motion of Senator Richard, the Senate recessed until 4:00 p.m.

RECESS

The time of recess having expired, the Senate was called to order by President Pro Tem Dempsey.

substitute amendment, lines 9-10 by striking the words “or an adjoining”.

However, this one percent limitation shall not require any student enrolled in a virtual school of choice to withdraw in the event the one percent limitation is exceeded**”; and further amend said bill and section, page 44, line 90, by inserting at the end of said line the following: “**The provisions of this subsection shall terminate on June 30, 2025.**”; and further amend said bill, section 167.826, line 36, by inserting immediately after “(3)” the following: “**Until June 30, 2025,**”.

Senator Chappelle-Nadal moved that the above amendment be adopted, which motion prevailed.

At the request of Senator Pearce, **SB 1**, **SB 22**, **SB 49** and **SB 70**, with **SCS**, **SA 1** and **SSA 1** for **SA 1** (pending), were placed on the Informal Calendar.

CONCURRENT RESOLUTIONS

Senator Holsman offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 24

Whereas, the first President of the United States George Washington stated, “The basis of our political systems is the right of the people to make and to alter their Constitutions of Government.”; and

Whereas, it was the stated intention of the framers of the Constitution of the United States of America that the Congress of the United States of America should be “dependent on the people alone.” (James Madison, Federalist 52); and

Whereas, that dependency has evolved from a dependency on the people alone to a dependency on those who spend excessively in elections, through campaigns or third-party groups; and

Whereas, the United States Supreme Court ruling in *Citizens United v. Federal Election Commission*, 558 U.S. 310 (2010) removed restrictions on amounts of independent political spending; and

Whereas, the removal of those restrictions has resulted in the unjust influence of powerful economic forces, which have supplanted the will of the people by undermining our ability to choose our political leadership, write our own laws, and determine the fate of our state; and

Whereas, Article V of the United States Constitution requires the United States Congress to call a convention for proposing amendments upon application of two-thirds of the legislatures of the several states for the purpose of proposing amendments to the United States Constitution; and

Whereas, the state of Missouri sees the need for a convention to propose amendments in order to address concerns such as those raised by the decision of the United States Supreme Court in *Citizens United v. Federal Election Commission* (2010) 130 S.Ct. 876 and related cases and events including those occurring long before or afterward or for a substantially similar purpose, and desires that said convention should be so limited; and

Whereas, the state of Missouri desire that the delegates to said convention shall be comprised equally of individuals currently elected to state and local office, or be selected by election, in each congressional district for the purpose of serving as delegates, though all individuals elected or appointed to federal office, now or in the past, be prohibited from serving as delegates to the convention, and intends to retain the ability to restrict or expand the power of its delegates within the limits expressed above; and

Whereas, the state of Missouri intends that this be a continuing application considered together with applications calling for a convention passed in the 2013-2014 Vermont legislature as R454, the 2013-2014 California legislature as Resolution Chapter 77, the 2013-2014 Illinois legislature as Senate Joint Resolution No. 42, and all other passed, pending, and future applications, the aforementioned concerns of Missouri notwithstanding until such time as two-thirds of the several states have applied for a convention and said convention is convened by Congress:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to call a convention for the purpose of proposing amendments to the Constitution of the United States of America as soon as two-thirds of the several states have applied for a convention; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the Vice President of the United States in his capacity as presiding officer of the United States Senate, the Speaker of the United States House of Representatives, the Minority Leader of the United States House of Representatives, the President Pro Tempore of the United States Senate and the members of the Missouri Congressional delegation with the respectful request that the full and

complete text of this resolution be printed in the *Congressional Record*; to the Governor of each state, and to the presiding officers of each legislative body of each of the several states, requesting the cooperation of the states in issuing an application compelling Congress to call a convention for proposing amendments pursuant to Article V of the United States Constitution.

Senator Munzlinger offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 25

Whereas, recognizing that chronic wasting disease has impacted the state and threatens Missouri deer, deer hunters, wildlife enthusiasts, and landowners; and

Whereas, a disproportionate negative impact on certain areas of the state that depend on a healthy and vibrant deer population has been felt; and

Whereas, Missouri jobs, businesses, and communities are strongly supported by the economic activity related to hunting; and

Whereas, encouraging a safe, healthy, and lucrative hunting industry in Missouri will give rise to good paying jobs, significant economic development, and profitable recreational activity:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby create the Missouri Wildlife Revitalization Task Force; and

Be It Further Resolved that the mission of the task force shall be to fully consider:

- (1) Establishing a wildlife focus area in certain areas of the state that have been most negatively impacted by chronic wasting disease;
- (2) Ways to revitalize hunting and outdoor activities in certain areas of the state after a chronic wasting disease containment plan has been initiated;
- (3) Legislative proposals including rules and regulations necessary for implementation relating to the promotion of the hunting industry;
- (4) The effects of chronic wasting disease on certain areas in Missouri, including counties that have experienced confirmed cases of the disease, and how the enactment or establishment of certain proposals may curtail such effects; and

Be It Further Resolved that the task force be authorized to call upon any department, office, division, or agency of this state to assist in gathering information pursuant to its objective; and

Be It Further Resolved that the task force shall consist of all of the following members:

- (4) One member of the General Assembly of the majority party and one member of the General Assembly of the minority party appointed by the Speaker of the House of Representatives to serve as members of the task force, with preference given to a General Assembly member serving the affected area; and
- (5) One member from Quail Forever, Incorporated appointed by the President Pro Tempore of the Senate to serve as a member of the task force;

(9) Two members owning land in an affected area appointed by the President Pro Tempore of the Senate to serve as members of the task force;

(10) Two members owning land in an affected area appointed by the Speaker of the House of Representatives to serve as members of the task force; and

Be It Further Resolved that the staff of Senate Research and House Research shall provide such legal, research, clerical, technical, and bill drafting services as the task force may require in the performance of its duties; and

Be It Further Resolved that the task force, its members, and any staff assigned to the committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the committee; and

Be It Further Resolved that the chair or vice-chair and secretary of the task force shall call an organizational meeting within fifteen days of the adoption of this resolution; and

Be It Further Resolved that the task force shall terminate by either a majority of members voting for termination, or by December 31, 2015, whichever occurs first; and

Be It Further Resolved that on the date of termination, the task force may deliver a report of findings and recommendations to the General Assembly and the Missouri Department of Conservation; and

Be It Further Resolved that this resolution does not amend any state law to which the Department of Conservation or the Department of Agriculture is subject, and shall be interpreted to be consistent with any requirements of such state or federal law; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Director of the Department of Conservation.

Senator Dempsey offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 26

Whereas, human trafficking is a form of slavery in which psychological and physical coercion is used to force people to perform commercial sex acts, house-keeping, farm work, and other types of labor and services; and

Whereas, the human trafficking industry generates one hundred fifty billion dollars in annual profits throughout the world on the backs of an estimated twenty-one million victims, including five and a half million children; and

Whereas, despite the efforts of dozens of nonprofit organizations dedicated to fighting human trafficking, it is the fastest growing criminal industry in the world:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby create the Human Trafficking Task Force; and

No director shall serve more than two consecutive six-year terms after October 13, 1963.

3. The first biennial school election for directors shall be held in the urban district at the time provided in subsection 1 which is on the date of or subsequent to the expiration of the terms of the directors of the prior district which are first to expire, and directors shall be elected to succeed the directors of the prior district whose terms have expired. If the terms of two directors only have expired, the directors elected at the first biennial school election in the urban district shall be elected for terms of six years. If the terms of four directors have expired, two directors shall be elected for terms of six years and two shall be elected for terms of four years. At the next succeeding biennial election held in the urban district, successors for the remaining directors of the prior seven-director district shall be elected. If only two directors are to be elected they shall be elected for terms of six years each. If four directors are to be elected, two shall be elected for terms of six years and two shall be elected for terms of two years. After seven directors of the urban district have been elected under this subsection, their successors shall be elected for terms of six years.

4. In any school district in any city with a population of one hundred thousand or more inhabitants which is located within a county of the first classification that adjoins no other county of the first classification, or any school district which becomes an urban school district by reason of the 2000 federal decennial census, elections shall be held annually at the same times and places as general municipal elections for all years where one or more terms expire, and the terms shall be for three years and until their successors are duly elected and qualified for all directors elected on and after August 28, 1998.

5. In any school district in any county with a charter form of government and with more than three hundred thousand but fewer than four hundred fifty thousand inhabitants which becomes an urban school district by reason of the 2010 federal decennial census, elections shall be held annually at the same times and places as general municipal elections for all years where one or more terms expire, and the terms shall be for three years and until their successors are duly elected and qualified for all directors elected on and after April 2, 2012.

6. In any urban school district in a county of the first classification with more than eighty-three thousand but fewer than ninety-two thousand inhabitants and with a home rule city with more than seventy-six thousand but fewer than ninety-one thousand inhabitants as the county seat, elections shall be held annually at the same times and places as general municipal elections for all years where

one or more terms expire, and upon expiration of any term after August 28, 2015, the term of office shall be for three years and until their successors are duly elected and qualified.

162.491. 1. Directors for urban school districts, other than those districts containing the greater part of a city of over one hundred thirty thousand inhabitants, may be nominated by petition to be filed with the secretary of the board and signed by a number of voters in the district equal to ten percent of the total number of votes cast for the director receiving the highest number of votes cast at the next preceding biennial election, **except as provided in subsection 4 of this section.**

2. This section shall not be construed as providing the sole method of nominating candidates for the office of school director in urban districts which do not contain the greater part of a city of over three hundred thousand inhabitants.

3. A director for any urban school district containing a city of greater than one hundred thirty thousand inhabitants and less than three hundred thousand inhabitants may be nominated as an independent candidate by filing with the secretary of the board a petition signed by five hundred registered voters of such school district.

4. In any urban school district located in a home rule city with more than seventy-one thousand but fewer than seventy-nine thousand inhabitants, a candidate for director shall file a declaration of candidacy with the secretary of the board and shall not be required to submit a petition.”; and

CONCURRENT RESOLUTIONS

Senator Onder offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 27

Whereas, in 2010, the United States Congress passed the Patient Protection and Affordable Care Act (ACA), also known as “Obamacare”; and

Whereas, the act was passed under questionable circumstances in which the United States Senate completely revised the language in H.R. 3590, a bill regarding housing tax breaks for service members, and used it as the vehicle for the ACA in order to skirt the technical requirements that a tax bill originate in the House; and

Whereas, four of the United States Supreme Court justices found the ACA to be an unconstitutional expansion of federal power in *National Federation of Independent Business v. Sebelius*; and

Whereas, to even consider *National Federation of Independent Business v. Sebelius*, the United States Supreme Court had to declare that the ACA wasn’t a tax bill, but the five justices who found it to be constitutional justified their opinion based on the taxing powers of the federal government; and

Whereas, the ACA affects as much as 1/6 of the economy and the ability of citizens to participate in a free and open health care market and has caused numerous health insurance companies to leave the market, resulting in a consolidation of health insurance services in fewer providers; and

Whereas, the implementation of the ACA has been fraught with problems; and

Whereas, as of the Spring of 2014, the number of uninsured Americans had decreased less than 5%; and

Whereas, the ACA has caused millions of Americans to lose insurance previously carried by themselves or purchased for them by their employers; and

Whereas, the ACA has imposed upon Americans and the American economy myriad taxes, penalties, and mandates, administered by an expanded and more powerful Internal Revenue Service; and

Whereas, Missouri voters have twice overwhelmingly rejected Obamacare through ballot initiatives, including Proposition C in 2010, which prohibits mandating the purchase of health care related products and services, and through the passage of Proposition E in 2012, which prohibits the Governor and state agencies from implementing a health insurance exchange independent of the General Assembly; and

Whereas, voters in Missouri and across the United States have repeatedly elected officials from both the Republican and Democrat parties based on their promise to fight the Affordable Care Act, and there now are clearly enough members of the United States House and Senate to

pass a bill repealing it; and

Whereas, the Missouri General Assembly agrees with the four United States Supreme Court justices about the unconstitutionality of the ACA, and finds that act to be most injurious of the basic freedoms Missouri citizens deserve; and

Whereas, the People, in Section 2 of Article I of the Missouri Constitution, have declared that the “principal office of government” is to “give security” to their core liberties and that when a legislature fails to secure the People’s liberty “it fails in its chief design”; and

Whereas, each and every member of the Missouri General Assembly has taken an oath to support the Constitutions of the United States and Missouri, and thereby has a personal responsibility to defend the People’s liberty:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby insist that each member of the Missouri Congressional delegation endeavor and resolve to totally and completely repeal the Affordable Care Act, settling for no less than a full repeal; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate, and each member of Missouri’s Congressional delegation.

Senator LeVota offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 28

Whereas, twenty-eight million United States citizens have cognitive disabilities such as intellectual disability; severe, persistent mental illness; brain injury; stroke; and neurodegenerative disorders such as Alzheimer’s disease; and

Whereas, people with cognitive disabilities are entitled to inclusion in our democratic society under federal laws such as the Americans with Disabilities Act, the Developmental Disabilities Assistance and Bill of Rights Act, the Individuals with Disabilities Act, Section 504 of the Rehabilitation Act, and under state and local laws; and

Whereas, the disruptive convergence of computing and communication technologies has substantially altered how people acquire, utilize, and disseminate knowledge and information; and

Whereas, access to comprehensible information and usable communication technologies is necessary for all people in our society, particularly for people with cognitive disabilities, to promote self-determination and to engage meaningfully in major aspects of life such as education, health promotion, employment, recreation, and civic participation; and

Whereas, the vast majority of people with cognitive disabilities have limited or no access to comprehensible information and usable communication technologies; and

Whereas, people with cognitive disabilities must have access to commercially available devices and software that incorporate principles of universal design such as flexibility and ease of use for all; and

Whereas, technology and information access by people with cognitive disabilities must be guided by standards and best- practices, such as personalization and compatibility across devices and platforms, and through the application of innovations including automated and predictive technologies; and

Whereas, security and privacy must be assured and managed to protect civil rights and personal dignity of people with cognitive disabilities; and

Whereas, enhanced public and private funding is urgently required to allow people with cognitive disabilities to utilize technology and access information as a natural consequence of their rights to inclusion in our society; and

Whereas, ensuring access to technology and information for the 28 million people with cognitive disabilities in the United States will create new markets and employment opportunities; decrease dependency on public services; reduce health care costs; and improve the independence, productivity, and quality of life of people with cognitive disabilities:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge a commitment to equal rights for people with cognitive disabilities to technology and information access and call for implementation of such rights with deliberate speed.

Journal of the Senate

FIRST REGULAR SESSION

TWENTY-SEVENTH DAY—WEDNESDAY, FEBRUARY 25, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Our steps are made firm by the Lord, when he delights in our way; though we stumble, we shall not fall headlong, for the Lord holds us by the hand.” (Psalm 37:23-24)

Almighty God, help us to live graciously by trusting always in Your wondrous presence. For without You we have and are nothing. May we be faithful with what You have entrusted us to do and walk always in Your ways serving those who have trusted us to serve them, here in this place. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

The following Senators were present during the day’s proceedings:

CONCURRENT RESOLUTIONS

Senator Onder offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 29

Whereas, a new 2.3% federal excise tax on the sale of taxable medical devices by manufacturers, producers, and importers of such devices took effect on January 1, 2013; and

Whereas, the United States Congress Joint Committee on Taxation estimates that the tax will generate \$29 billion in revenue in its first ten years; and

Whereas, the United States is a net exporter in medical devices, exporting \$5.4 billion more than it imports, and accounts for 40% of the global medical technology market; and

Whereas, a study completed by the Manhattan Institute found that the medical device tax will almost double the medical device industry's total tax bill and could result in the loss of up to 43,000 jobs in the medical technology industry; and

Whereas, the medical device tax will harm the United States' global competitiveness, stunt medical innovation, and restrict the ability of patients to receive the life-saving medical devices and care they need; and

Whereas, the medical device tax is imposed on United States sales, rather than profits, of medical device manufacturers, so it will be particularly damaging to innovative start-up companies:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the President of the United States and the Congress of the United States to repeal the excise tax on medical devices; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives and the members of the Missouri Congressional delegation.

CONCURRENT RESOLUTIONS

Senator Kehoe offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 30

Whereas, the Commerce Clause (Article I, Section 8) of the United States Constitution was designed to ensure free trade between the states by preventing any state from putting a tariff or other restriction on the goods from another state; and

Whereas, the Commerce Clause is an enumerated power granted to Congress and is also a restriction imposed on states from enacting legislation that places an undue burden on interstate commerce; and

Whereas, California voters adopted Proposition 2 to their state constitution in 2008 requiring the state's egg producers to switch to "enriched cages" or non-confinement operations, in a campaign led and funded by the Humane Society of the United States, or HSUS; and

Whereas, HSUS is a national animal rights group that has aggressively pursued an agenda intended to decrease, and eventually eliminate, the public's consumption of animal protein; and

Whereas, in 2010, at the behest of HSUS, the California legislature passed AB 1437 which was signed into law by Governor Jerry Brown, prohibiting the sale of eggs from other states that do not meet the requirements of the 2008 Proposition 2; and

Whereas, together, California Proposition 2 and AB 1437 violate the Commerce Clause of the United States Constitution by preventing free trade amongst the states; and

Whereas, forcing Missouri farmers to utilize "enriched cages" or non-confinement operations in order to do business in California will negatively impact the Missouri economy and food supply:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby condemns, in the strongest possible terms, California's anti-trade actions and the negative impact it has on Missouri farmers, and calls upon the legislature of that state to repeal AB 1437 and urges the voters of California to reconsider and repeal Proposition 2; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the California President Pro Tem of the Senate, the California Senate Minority Leader, the California Speaker of the Assembly, and the California Assembly Minority Leader.

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **HCR 32**.

HOUSE COMMITTEE SUBSTITUTE FOR
HOUSE CONCURRENT RESOLUTION NO. 32

WHEREAS, the rightful authority to develop energy policy for Missouri is vested in the Missouri General Assembly under Article III, Section 1 of the Constitution of Missouri; and

WHEREAS, in June 2014, the United States Environmental Protection Agency proposed the “Clean Power Plan” to cut emissions from existing coal-fired power plants; and

WHEREAS, the United States Environmental Protection Agency is seeking to subvert this authority by commanding our state to comply with federal mandates with little or no regard for the impact on our residents and communities; and

WHEREAS, the Environmental Protection Agency is seeking to make fundamental changes to the state's existing energy policy; and

WHEREAS, specifically, the EPA is requiring that Missouri reduce all electricity usage by almost ten percent, increase natural gas combined cycle capacity factors by over forty percent, and increase renewable energy generation by three hundred percent; and

WHEREAS, these requirements could severely damage the economic well-being of our state and our communities by increasing utility bills, increasing unemployment, and potentially reducing the reliability of our electric grid; and

WHEREAS, more than eighty percent of the electricity generated in Missouri is derived from coal-fired plants; and

WHEREAS, the driving forces behind the institution of the EPA's rule has been by states that do not generate electricity from coal and thus would not be impacted in an equal and fair manner; and

WHEREAS, additional concerns have been expressed and discussed at length in the document entitled "Comments of the General Assembly of the State of Missouri" dated December 1, 2014, filed by the House Majority Floor Leader with the Environmental Protection Agency (Docket ID No. EPA-HQ-OAR-2013-0602):

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby adopt the House Majority Floor Leader's filing with the EPA as the state's official position and strongly urge the Environmental Protection Agency to withdraw its Clean Power Plan proposed rule and return the state's energy policy regulation to the rightful authority of the people and elected officials of the state of Missouri; and

3. An applicant for renewal of a license [pursuant to] **or registration under** this section shall:

Journal of the Senate

FIRST REGULAR SESSION

THIRTY-SECOND DAY—THURSDAY, MARCH 5, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Where can I go from your spirit? Or where can I flee from your presence? If I ascend to heaven you are there; if I make my bed in Sheol, you are there.” (Psalm 139:7-8)

Gracious God, as we finish up our work and head out this day, we are mindful that You are everywhere. We are comforted to be held in Your hand as we travel about this day. You are with us as we share in the various joys and sorrows of life, knowing even in the unexpected times You are there. Open our eyes to see and deeply appreciate what we have in You, our God. So, we give thanks that we cannot wander so far in any direction that You are not already there. In Your Holy Name we pray. Amen.

The Senate met pursuant to adjournment.

CONCURRENT RESOLUTIONS

Senator Cunningham offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 31

Whereas, all state governments and the federal government endorse educational excellence and student achievement as essential to a democratic society; and

Whereas, the Congress of the United States enacted Title VIII of the Elementary and Secondary Education Act of 1965 (Impact Aid law)

in order to provide funding for local school districts that have lower property tax revenues due to tax-exempt federal lands; and

Whereas, the Congress of the United States enacted the Secure Rural Schools and Community Self-Determination Act of 2000 (Secure Rural Schools Act) in order to supplement funding for schools; and

Whereas, funding under the Impact Aid law and the Secure Rural Schools Act is critical for local school districts, which rely on state and local property taxes as a significant source of their funding; and

Whereas, tax-exempt federal lands can greatly reduce the state and local property taxes that support local school districts; and

Whereas, funding to local school districts in Missouri under the Secure Rural Schools Act totaled over three million dollars for the 2013-14 school year; and

Whereas, the Secure Rural Schools program expired on September 30, 2014. The absence of reauthorization of the Secure Rural Schools Act has resulted in significantly decreased payments to states; and

Whereas, the 114th Congress has not yet ensured continuation of funding under the Impact Aid law by reauthorization of the Elementary and Secondary Education Act; and

Whereas, the children of Missouri should not suffer due to federal tax immunities that are distributed in a random and unequal fashion among the local school districts in Missouri; and

Whereas, state and local school districts should retain sufficient educational funding to achieve both federal and state educational goals and mandates; and

Whereas, a sudden loss of funds would significantly damage the ability of state and local school districts to achieve both federal and state educational goals and mandates:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby encourage the 114th Congress of the United States to reinstate the Secure Rural Schools program at its previous funding levels and maintain funding under the Impact Aid law; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

Senator Hegeman offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 32

Whereas, the profession of lineworker is steeped in personal, family, and professional tradition; and

Whereas, lineworkers are often first responders during storms and other catastrophic events, working to make the scene safe for other public safety heroes; and

Whereas, lineworkers work with thousands of volts of electricity high atop power lines twenty-four hours a day, 365 days a year, to keep electricity flowing; and

Whereas, lineworkers often work under dangerous conditions far from their families to construct and maintain the energy infrastructure of this state; and

Whereas, lineworkers put their lives on the line every day with little recognition from the community regarding the danger of their work; and

Whereas, April 13, 2015 would be an appropriate date to designate as Missouri Lineworker Appreciation Day:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby recognize April 13, 2015 as "Missouri Lineworker Appreciation Day" in support of the contributions of the brave men and women who keep the power on and protecting public safety; and

Be It Further Resolved that the General Assembly encourages the citizens of this state to devote some portion of Missouri lineworker appreciation day to recognition and contemplation of the sacrifices undertaken by lineworkers in performance of their duties and to observe the day with appropriate events and activities.

The following message was received from the House of Representatives through its Chief Clerk:

Journal of the Senate

FIRST REGULAR SESSION

THIRTY-FOURTH DAY—TUESDAY, MARCH 10, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“How precious is your steadfast love, O Lord All people may take refuge in the shadow of your wings.” (Psalm 36:10)

O God, help us to prioritize spiritual realities over temporal ones, for that is not easy for us to do. The physical realities around us are tangible; as we hold stacks of bills in our hands that we can either vote up or down or control their passage. But the spiritual realities are not easy to recognize or see in the moment. So, help us Lord to stay calm in each moment, help us to keep seeking and drawing closer to You, and help us reach out to others with Your love. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Journal of the Senate

FIRST REGULAR SESSION

THIRTY-FIFTH DAY—WEDNESDAY, MARCH 11, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Be still and know that I am God!” (Psalm 46:10)

In these hectic days help us to be still, O God, so we may be with You and in knowing You we may know ourselves. Help us be still so we may be with You while we do our chores, walk the halls, or even in conversation with others. We know that many times words do not have to be spoken to be understood and yet we get Your message, too, particularly in silence that fills and comforts us. So, we are thankful for such times and feel Your blessing. Thank you Lord. In Your Holy Name we pray. Amen.

Journal of the Senate

FIRST REGULAR SESSION

THIRTY-SIXTH DAY—THURSDAY, MARCH 12, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

But I trust in you, O Lord; I say, “You are my God.” My time is in your hand;” (Psalm 31:14-15a)

O Lord, we awaken to stories of violence once again in Ferguson and throughout our country. We pray that You, who art our God, will help us be sowers of peace and instruments to bring justice and healing in our state, and contribute to understanding and healing throughout our nation. Bless us and our actions and make us instruments of Your holy will. And we pray with St. Francis that you will help us, “to sow love where there is hatred, where there is injury, pardon; where there is discord, union; where there is doubt, faith; where there is despair, hope; where there is darkness, light; where there is sadness, joy...” In Your Holy Name we pray. Amen.

CONCURRENT RESOLUTIONS

Senator Curls offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 33

Whereas, a sustainable agricultural system in the United States is critical to the continued production of food, feed, and fiber to meet both domestic and global demands; and

Whereas, the treatment, prevention, and control of agricultural pests is critically important to the health and welfare of our residents and the safety of our global food, feed, and fiber supply; and

Whereas, the availability of modern agricultural technologies such as precision farming equipment, crop protection chemistries, genetically engineered or enhanced traits, and agricultural nutrients are critically important tools that allow farmers to expand yields, reduce environmental impacts, improve profitability and provide a safe, healthy, abundant, and affordable food supply; and

Whereas, the agriculture and food production industries have a long history of success and safety in protecting and further enhancing the food, feed, and fiber supply of Missouri residents and the world; and

Whereas, the agriculture industry is recognized as an important contributor to the economic vitality of the state of Missouri through jobs, capital investment, farm income, value added sectors, and contributions to the state's tax base; and

Whereas, the crop protection industry is among the most studied and regulated of all industries at both the state and federal levels; and

Whereas, the continued success of these industries and our nation's position as a world leader in crop protection chemistries, genetically engineered or enhanced traits and nutrients depends on state and federal regulators utilizing science based data to assess both product and ingredient safety; and

Whereas, sound science rather than the "precautionary principle" should be the bedrock of our nation's regulatory scheme:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby strongly urges the Missouri Congressional delegation to support the use of science based data to assess the impacts and the regulation of modern agricultural technologies, including but not limited to crop protection chemistries, genetically engineered or enhanced traits, and nutrients; and

Be It Further Resolved that the Missouri General Assembly strongly urges the Missouri Congressional delegation to oppose legislative or regulatory action that may result in unnecessary restrictions on the use of modern agricultural technologies, including but not limited to crop protection chemistries, genetically engineered or enhanced traits, and nutrients that are not based on sound science; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of Missouri's Congressional delegation.

Senator Emery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 34

Whereas, under Article IV, Section 3, of the United States Constitution, "The Congress shall have power to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States"; and

Whereas, the Constitutional Convention intended this provision of the Constitution to maintain the status quo that had been established to transfer federal territorial lands only to create new states with the same rights of sovereignty, freedom, and independence as the original states; and

Whereas, under these express terms of trust, over time the states claiming federal territorial land ceded their western land to the confederated Union to allow the confederated government to dispose of the lands only to create new states and apply the net proceeds of any sales of the lands only to pay down the public debt; and

Whereas, the United States Constitution contains no expression of intent to authorize the federal government to indefinitely exercise control over western public lands beyond the duty to manage the lands pending the disposal of the lands to create new states, and therefore the lands should be returned to the western states; and

Whereas, in order to promote legitimate federal interests, the western states should upon transfer of the public lands directly to the state where the public land is located agree to affirmatively cede lands for the national park system, the national wilderness preservation system, and lands reserved for federal military use, military parks, and military reservations to the federal government under Article I, Section 8, Clause 17, of the United States Constitution, on condition that the lands permanently remain national park lands, and that they not be sold, transferred, left in substantial disrepair, or conveyed to any party other than to the state where the land is located; and

Whereas, limiting the ability of western states to access and utilize the public lands' natural resources within their borders is having a negative impact upon the economy of the western states and therefore the economy of the entire United States:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, in order to provide a fair, just, and equitable remedy for the federal government's past and continuing breaches of its solemn promises to the western states:

(1) Calls upon the federal government to transfer title to all federal public lands within the western states to the state where the land is located;

(2) Urges the United States Congress to engage in good faith communication, cooperation, and consultation with the western states to coordinate the transfer of the public lands, and supports the western states in these efforts;

(3) Calls upon the western states to agree, upon transfer of the public lands, to affirmatively cede to the federal government all lands currently designated as part of the National Park System under 16 U.S.C. Section 1a-1, the National Wilderness Preservation System under 16 U.S.C. Section 1131, or for military use, military parks, or military reservations;

(4) Urges that if any public land in the western states be sold to private owners, 95% of the net proceeds be paid to the Bureau of the Public Debt to pay down the federal debt; and

(5) Calls upon all other states of the United States to pass a similar resolution in support of the transfer of the federal public lands to the western states; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Secretary of the United States Department of the Interior, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.

CONCURRENT RESOLUTIONS

Senator Schmitt offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 35

Whereas, it is important that school-age children engage in physical activity throughout the year; and

Whereas, the importance of physical activity in children is magnified in light of the increasing number of children who qualify as overweight or obese; and

Whereas, in order to combat the increased rate of obesity in children, it is crucial to focus attention on ensuring that children engage in physical activity, especially in the summer months where there is little to no organized physical activity provided through the schools; and

Whereas, increasing physical activity in children will lead to decreased numbers of overweight and obese children which, in turn, will lead to health care savings in the millions of dollars and encourage children to lead physically active lives; and

Whereas, the General Assembly passed House Bill 1603 in 2014 that designated the exercise commonly known as “jumping jacks” as the official exercise of the state of Missouri; and

Whereas, “jumping jacks” was invented by Missouri-born General John J. Pershing as a drill exercise for cadets when he was a tactical officer at West Point in the late 1800s and its importance as an exercise still exists today; and

Whereas, in order to celebrate “jumping jacks” as the state exercise, it is important for the citizens of this state to take a day and be encouraged to be physically active, including doing jumping jacks at various points in the day:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby designate May 13, 2015 as Jump Day and recommend that the citizens of the state engage in activities designed to highlight the importance of children being active, especially in the summer when school is not in session.

Senator Schmitt offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 36

Whereas, the tradition of backyard barbecuing is deeply ingrained in many Missouri families as a way to gather together to enjoy both food and fellowship; and

Whereas, many Missouri families enjoy backyard barbecuing through a variety of means, including the use of propane gas barbecue grills; and

Whereas, the Environmental Protection Agency has increasingly targeted homeowners in their quest to keep America’s air, water, and soil clean; and

Whereas, the Environmental Protection Agency recently announced that it is funding a University of California project targeted at limiting emissions from such propane gas barbecue grills through the use of a special tray to catch grease drippings, as well as a catalytic filtration system to decrease air pollution particulate matter; and

Whereas, the state of Missouri is highly opposed to burdensome regulations that may assault the tradition of backyard barbecuing and individual homeowners’ rights:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby strongly discourages the Environmental Protection Agency from promulgating any rule or regulation under the authority of the federal Clean Air Act regulating the use of individual propane gas barbecue grills; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for the United States Environmental Protection Agency Administrator Gina McCarthy.

FIRST REGULAR SESSION

THIRTY-NINTH DAY—WEDNESDAY, MARCH 18, 2015

The Senate met pursuant to adjournment.

Senator Pearce in the Chair.

Reverend Carl Gauck offered the following prayer:

“Be careful then how you live, not as unwise people but as wise, making the most of the time...” (Ephesians 5:15)

We continue the walk of the Lenten season, for it is a time to seek to know You and ourselves before You. So we pray, O Lord, for Your help to move beyond surface talks and living so we may make a true connection with You and others, that we may hear Your voice above all others, receiving Your wisdom. Knowing You we have the opportunity to use such wisdom to affect how we live each day and honor You daily. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

SENATE COMMITTEE SUBSTITUTE FOR
SENATE CONCURRENT RESOLUTION NO. 30

Whereas, the Commerce Clause (Article I, Section 8) of the United States Constitution was designed to ensure free trade between the states by preventing any state from putting a tariff or other restriction on the goods from another state; and

Whereas, the Commerce Clause is an enumerated power granted to Congress and is also a restriction imposed on states from enacting legislation that places an undue burden on interstate commerce; and

Whereas, California voters adopted Proposition 2 to their state constitution in 2008 requiring the state's egg producers to switch to "enriched cages" or non-confinement operations, in a campaign led and funded by the Humane Society of the United States, or HSUS; and

Whereas, HSUS is a national animal rights group that has aggressively pursued an agenda intended to decrease, and eventually eliminate, the public's consumption of animal protein; and

Whereas, in 2010, at the behest of HSUS, the California legislature passed AB 1437 which was signed into law by Governor Arnold Schwarzenegger, prohibiting the sale of eggs from other states that do not meet the requirements of the 2008 Proposition 2; and

Whereas, together, California Proposition 2 and AB 1437 violate the Commerce Clause of the United States Constitution by preventing free trade amongst the states; and

Whereas, forcing Missouri farmers to utilize "enriched cages" or non-confinement operations in order to do business in California will negatively impact the Missouri economy and food supply:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby condemns, in the strongest possible terms, California's anti-trade actions and the negative impact it has on Missouri farmers, and calls upon the legislature of that state to repeal AB 1437 and urges the voters of California to reconsider and repeal Proposition 2; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the California President Pro Tem of the Senate, the California Senate Minority Leader, the California Speaker of the Assembly, and the California Assembly Minority Leader.

Also,

Mr. President: Your Committee on Rules, Joint Rules, Resolutions and Ethics, to which was referred **SCR 31**, begs leave to report that it has considered the same and recommends that the concurrent resolution do pass.

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“For Wisdom is better than jewels; and all that you may desire cannot compare to her.” (Proverbs 8:11)

Creator God, we give thanks for the gift of wisdom You share with us, especially at times when we reflect on our actions and words or that of our colleagues. We pray that You will teach us the best path to take that leads us where You desire for us to end up. We ask that we will always seek Your guidance and wisdom before taking any important actions and understand the true value it brings us and others. In Your Holy Name we pray. Amen.

Further amend said bill, page 16, section 301.067, line 28 of said page, by inserting immediately after said line the following:

“301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, **or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213.** As used in this subsection, the term “trade-in motor vehicle or trailer” shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When

the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, **or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213**, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, **or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213**, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction,

and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. The provisions of subsections 4, 5, and 6 of this section shall expire July 1, 2019.

9. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

10. Notwithstanding the provisions of section 301.127, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

11. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

12. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact.

301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, **unless the motor vehicle was acquired under section 301.213 in which case the applicant shall make application within thirty days after receiving title from the dealer**, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words “Reconstructed Motor Vehicle”, “Motor Change Vehicle”, “Specially Constructed Motor Vehicle”, or “Non-USA-Std Motor Vehicle”, as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: “Annual odometer updates may be available from the department of revenue.”. On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, **or where the motor vehicle was acquired under section 301.213 and the applicant fails to make application within thirty days after receiving title from the dealer**, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, **or where the motor vehicle was acquired under section 301.213 and the applicant fails to make application within thirty days after receiving title from the dealer**, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been

issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle.

Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words “Non-USA-Std Motor Vehicle”.

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles. The department of revenue shall issue the owner a certificate of ownership designated with the words “Reconstructed Motor Vehicle” and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.”; and

Further amend said bill, page 18, section 301.196, line 26 of said page, by inserting immediately after said line the following:

“301.213. 1. Notwithstanding the provisions of sections 301.200 and 301.210, any person licensed as a motor vehicle dealer under sections 301.550 to 301.573 that has provided to the director of revenue a surety bond or irrevocable letter of credit in an amount not less than one hundred thousand dollars in a form which complies with the requirements of section 301.560 and in lieu of the twenty-five thousand dollar bond otherwise required for licensure as a motor vehicle dealer, shall be authorized to purchase or accept in trade any motor vehicle for which there has been issued a certificate of ownership, and to receive such vehicle subject to any existing liens thereon created and perfected under sections 301.600 to 301.660 provided the licensed dealer receives the following:

(1) A signed written contract between the licensed dealer and the owner of the vehicle; and

(2) Physical delivery of the vehicle to the licensed dealer; and

(3) A power of attorney from the owner to the licensed dealer, in accordance with subsection 4 of section 301.300, authorizing the licensed dealer to obtain a duplicate or replacement title in the owner’s name and sign any title assignments on the owner’s behalf.

2. If the dealer complies with the requirements of subsection 1 of this section, the sale or trade of the vehicle to the dealer shall be considered final, subject to any existing liens created and perfected under sections 301.600 to 301.660. Once the prior owner of the motor vehicle has physically delivered the motor vehicle to the licensed dealer, the prior owners’ insurable interest in such vehicle shall cease to exist.

3. If a licensed dealer complies with the requirements of subsection 1 of this section, and such dealer has provided to the director of revenue a surety bond or irrevocable letter of credit in amount not less than one hundred thousand dollars in a form which complies with the requirements of section 301.560 and in lieu of the twenty-five thousand dollar bond otherwise required for licensure as a motor vehicle dealer, such dealer may sell such vehicle prior to receiving and assigning to the purchaser the certificate of ownership, provided such dealer complies with the following:

(1) All outstanding liens created on the vehicle pursuant to sections 301.600 to 301.660 have been paid in full, and the dealer provides a copy of proof or other evidence to the purchaser; and

(2) The dealer has obtained proof or other evidence from the department of revenue confirming that no outstanding child support liens exist upon the vehicle at the time of sale and provides a copy of said proof or other evidence to the purchaser; and

(3) The dealer has obtained proof or other evidence from the department of revenue confirming that all applicable state sales tax has been satisfied on the sale of the vehicle to the previous owner and provides a copy of said proof or other evidence to the purchaser; and

(4) The dealer has signed an application for duplicate or replacement title for the vehicle under subsection 4 of section 301.300 and provides a copy of the application to the purchaser, along with a copy of the power of attorney required by subsection 1 of this section, and the dealer has prepared and delivered to the purchaser an application for title for the vehicle in the purchaser’s name; and

(5) The dealer and the purchaser have entered into a written agreement for the subsequent assignment and delivery of such certificate of ownership, on a form prescribed by the director of revenue, to take place at a time, not to exceed sixty calendar days, after the time of delivery of the motor vehicle to the purchaser. Such agreement shall require the purchaser to provide to the dealer

proof of financial responsibility in accordance with chapter 303 and proof of comprehensive and collision coverage on the motor vehicle. Such dealer shall maintain the original or an electronic copy of the signed agreement and deliver a copy of the signed agreement to the purchaser. Such dealer shall also complete and deliver to the director of revenue such form as the director shall prescribe demonstrating that the purchaser has purchased the vehicle without contemporaneous delivery of the title.

Notwithstanding any provision of law to the contrary, completion of the requirements of this subsection shall constitute prima facie evidence of an ownership interest vested in the purchaser of the vehicle for all purposes other than for a subsequent transfer of ownership of the vehicle by the purchaser, subject to the rights of any secured lienholder of record; however, the purchaser may use the dealer-supplied copy of the agreement to transfer his or her ownership of the vehicle to an insurance company in situations where the vehicle has been declared salvage or a total-loss by the insurance company as a result of a settlement of a claim. The purchaser may also use the dealer-supplied copy of the agreement on the form prescribed by the director of revenue as proof of ownership interest. Any lender or insurance company may rely upon a copy of the signed written agreement on the form prescribed by the director of revenue as proof of ownership. Any lien placed upon a vehicle based upon such signed written agreement shall be valid and enforceable, notwithstanding the absence of a certificate of ownership.

4. Following a sale or other transaction in which a certificate of ownership has not been assigned from the owner to the licensed dealer, the dealer shall, within ten business days, apply for a duplicate or replacement certificate of ownership. Upon receipt of a duplicate or replacement certificate of ownership applied for under subsection 4 of section 301.300, the dealer shall assign and deliver said certificate of ownership to the purchaser of the vehicle within five business days. The dealer shall maintain proof of the assignment and delivery of the certificate of ownership to the purchaser. For purposes of this subsection, a dealer shall be deemed to have delivered the certificate of ownership to the purchaser upon either:

(1) Physical delivery of the certificate of ownership to any of the purchasers identified in the contract with such dealer; or

(2) Mailing of the certificate, postage prepaid, return receipt requested, to any of the purchasers at any of their addresses identified in the contract with such dealer.

5. If a licensed dealer fails to comply with subsection 3 of this section, and the purchaser of the vehicle is thereby damaged, then the dealer shall be liable to the purchaser of the vehicle for actual damages, plus court costs and reasonable attorney fees.

6. SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 278, Page 16, Section 301.067, Line 28 of said page, by inserting immediately after said line the following:

"301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the

registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the “DISABLED VETERAN” wording on the license plates in preference to the words “SHOW-ME STATE” and special plates for members of the National Guard will have the “NATIONAL GUARD” wording in preference to the words “SHOW-ME STATE”.

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles, [with the letters and numbers thereon right side up] **and may be mounted with the letters and numbers thereon right side up or mounted vertically on the left rear of such motor vehicles so long as the plate is plainly visible.** The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required

fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.”; and

As used in this section, the term “passenger car” means every motor vehicle designed for carrying ten persons or less and used for the transportation of persons; except that, the term “passenger car” shall not include motorcycles, motorized bicycles, motor tricycles, and trucks with a licensed gross weight of twelve thousand pounds or more.

2. Each driver, except persons employed by the United States Postal Service while performing duties

for that federal agency which require the operator to service postal boxes from their vehicles, or which require frequent entry into and exit from their vehicles, and front seat passenger of a passenger car manufactured after January 1, 1968, operated on a street or highway in this state, and persons less than eighteen years of age operating or riding in a truck, as defined in section 301.010, on a street or highway of this state shall wear a properly adjusted and fastened safety belt that meets federal National Highway, Transportation and Safety Act requirements. No person shall be stopped, inspected, or detained solely to determine compliance with this subsection. The provisions of this section and section 307.179 shall not be applicable to persons who have a medical reason for failing to have a seat belt fastened about their body, nor shall the provisions of this section be applicable to persons while operating or riding a motor vehicle being used in agricultural work-related activities. Noncompliance with this subsection shall not constitute probable cause for violation of any other provision of law. The provisions of this subsection shall not apply to the transporting of children under sixteen years of age, as provided in section 307.179.

3. Each driver of a motor vehicle transporting a child less than sixteen years of age shall secure the child in a properly adjusted and fastened restraint under section 307.179.

4. In any action to recover damages arising out of the ownership, common maintenance or operation of a motor vehicle, failure to wear a safety belt in violation of this section shall not be considered evidence of comparative negligence. Failure to wear a safety belt in violation of this section may be admitted to mitigate damages, but only under the following circumstances:

(1) Parties seeking to introduce evidence of the failure to wear a safety belt in violation of this section must first introduce expert evidence proving that a failure to wear a safety belt contributed to the injuries claimed by plaintiff;

(2) If the evidence supports such a finding, the trier of fact may find that the plaintiff's failure to wear a safety belt in violation of this section contributed to the plaintiff's claimed injuries, and may reduce the amount of the plaintiff's recovery by an amount not to exceed one percent of the damages awarded after any reductions for comparative negligence.

5. Except as otherwise provided for in section 307.179, each person who violates the provisions of subsection 2 of this section is guilty of an infraction for which a fine not to exceed [ten] **fifty** dollars may be imposed. All other provisions of law and court rules to the contrary notwithstanding, no court costs shall be imposed on any person due to a violation of this section. In no case shall points be assessed against any person, pursuant to section 302.302, for a violation of this section.

6. The state highways and transportation commission shall initiate and develop a program of public information to develop understanding of, and ensure compliance with, the provisions of this section. The commission shall evaluate the effectiveness of this section and shall include a report of its findings in the annual evaluation report on its highway safety plan that it submits to NHTSA and FHWA pursuant to 23 U.S.C. 402.

7. If there are more persons than there are seat belts in the enclosed area of a motor vehicle, then the passengers who are unable to wear seat belts shall sit in the area behind the front seat of the motor vehicle unless the motor vehicle is designed only for a front-seated area. The passenger or passengers occupying a seat location referred to in this subsection is not in violation of this section. This subsection shall not apply to passengers who are accompanying a driver of a motor vehicle who is licensed under section 302.178.”; and

Journal of the Senate

FIRST REGULAR SESSION

FORTY-FOURTH DAY—WEDNESDAY, APRIL 1, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Wait for the Lord; be strong, and let your heart take courage; wait for the Lord!” (Psalm 27:14)

We wait for Your presence and help, O Lord. Especially, we call upon You when the days are to full and sleep is difficult to come by. We seek a quiet place to find You, O God. Give us strength to endure the work ahead of us, courage to tackle the most troubling problems and peace of mind that helps us deal with all we confront each day. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Senator Richard requested unanimous consent of the Senate to correct the Senate Journal for Tuesday, March 31, 2015, which request was granted.

The following correction was made to the Journal for Tuesday, March 31, 2015, page 670, line 16, by inserting after said line the following:

SENATE COMMITTEE SUBSTITUTE FOR
SENATE CONCURRENT RESOLUTION NOS. 21, 19 & 23

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which place limits on the federal government.

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on

the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and members of Congress; and

Be It Further Resolved that this application constitutes a continuing application in accordance with Article V of the United States Constitution until the legislatures of at least two-thirds of the several states have made applications on the same subject; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states requesting their cooperation.

The Journal of the previous day was read and approved as corrected.

HOUSE CONCURRENT RESOLUTION NO. 26

WHEREAS, each year Americans pause during the month of March to pay special tribute to the contributions that women have made to our national life, and outstanding among the myriad roles that women have assumed over the course of this country's history have been those undertaken as part of the nation's armed forces; and

WHEREAS, long before they gained regular admission to the military, thousands of women assisted the uniformed branches in a variety of ways; they worked as nurses, water bearers, laundresses, and cooks, sometimes served as spies and saboteurs, and on occasion even took up arms; and

WHEREAS, in 1901, the United States Army broke new ground by creating an actual nurses corps, and the navy followed in 1908; the ranks of these units swelled during World War I, when nearly 23,000 women served as nurses within the American military; the U.S. Navy and Marine Corps enlisted nearly 13,000 additional women as yeomen and reservists and assigned them to duty stateside, to free their male counterparts for combat at sea and abroad; and

WHEREAS, the participation of women in the military surged during World War II, with more than 400,000 filling posts at home and overseas; to more fully utilize their abilities, the army established the Women's Army Auxiliary Corps, later known as the Women's Army Corps; the army also created the WASP (Women Airforce Service Pilots), while the navy organized the WAVES (Women Accepted for Volunteer Emergency Service), the Marine Corps established the Marine Corps Women's Reserve, and the Coast Guard created a reserve unit known as the SPARs; in spite of widespread misgivings about their suitability for the work, women proved themselves in a wide array of assignments, and in 1948 an Act of Congress granted them permanent status in the regular and reserve forces; and

WHEREAS, barriers to the participation of women in the military continued to fall; legal provisions placing a two percent cap on the number of women serving and a ceiling on the highest grade a woman could achieve were repealed in 1967; by 1972, the various Reserve Officers' Training Corps programs were opened to women, and in 1976 women were admitted to the service academies; they are now eligible to enter more than 90 percent of all career fields in the armed forces; and

WHEREAS, women have continued to deploy in times of conflict: some 1,000 served in theater during the Korean War and 7,500 during the Vietnam War; hundreds saw duty in operations in Central America in the 1980s, and in 1991, 41,000 women served in theater in Operation Desert Storm; and

WHEREAS, today, approximately 344,500 women are serving in the United States military; they constitute about 14 percent of active duty personnel and about 10 percent of the American forces in Iraq and Afghanistan; and

WHEREAS, the operations focused on those two countries have placed enormous demands on all who have taken part; like their male compatriots, many women have served multiple tours, and large numbers have been injured, many grievously; as of mid-January 2011, 136 women had given their lives in those two wars; and

WHEREAS, the increased involvement of women in the military is reflected by the number of women veterans, which now totals 1.8 million; Missouri is home to more than 45,340 women veterans; and

WHEREAS, Missourians have always honored the selflessness and sacrifice of those who perform military service, and these women are indeed worthy of that recognition; it is also fitting that needs they have incurred in connection with that service be acknowledged and alleviated, whether they concern physical or psychological wounds or the challenges of caring for their families or reintegrating into civilian life; and

WHEREAS, the women who have served in the United States armed forces have demonstrated tenacity, courage, and professionalism, and they are deserving of their fellow citizens' deepest gratitude and unfailing support;

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby designate the month of March each year from 2015 through 2025 as Women Veterans Month in tribute to the immeasurable contributions that women in the military have made to this nation.

BE IT FURTHER RESOLVED that the General Assembly encourages and urges all citizens of this state to reflect upon the service and sacrifices of women veterans.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **HBs 517** and **754**, entitled:

An Act to repeal sections 143.191, 143.801, and 144.020, RSMo, and to enact in lieu thereof four new sections relating taxation.

HOUSE CONCURRENT RESOLUTION NO. 18

WHEREAS, the Lucile H. Bluford Branch of the Kansas City Public Library stands as a tribute to one of the city's most accomplished and beloved individuals; and

WHEREAS, from Bluford's early days as a student at Lincoln High School and the University of Kansas to her long and distinguished career at *The Kansas City Call*, the black newspaper founded in 1919, Bluford used her journalistic talents to champion civil rights and

strengthen the African-American community; and

WHEREAS, in 1939, Bluford applied to the University of Missouri's graduate program in journalism. Bluford had a successful career and didn't need further training, but she saw an opportunity to challenge segregation in public universities; and

WHEREAS, though the University of Missouri journalism program accepted Bluford based on mailed transcripts, when she showed up to enroll officials saw she was black and denied her entrance because state law restricted black students to Lincoln University in Jefferson City, a historically black university; and

WHEREAS, with the support of the NAACP, Bluford sued the University of Missouri. In 1940 her case reached the Missouri Supreme Court, which ruled that the University had to admit her because no equal program existed at Lincoln University; and

WHEREAS, in response, the University of Missouri School of Journalism closed its graduate program, claiming it could not operate properly because a majority of its professors and students were serving in World War II; and

WHEREAS, in 1984 Bluford received the University of Missouri esteemed Honor Medal for Distinguished Service in Journalism from the School of Journalism and in 1989 an honorary doctorate in humanities; and

WHEREAS, after becoming editor in 1955 and later serving as part-owner and publisher, Bluford made *The Kansas City Call* one of the largest and most important black newspapers in the nation; and

WHEREAS, Bluford took her role as a leader in the African-American community seriously, even once scolding then-presidential candidate Jesse Jackson before a crowd of 7,000 people for visiting Kansas City without first notifying the black media; and

WHEREAS, over the course of five decades, Bluford and the newspaper she led took a decisive stand on hundreds of important issues. Bluford's editorials supported the boycott of local department store lunchrooms that prohibited black patrons, mourned the assassination of Dr. Martin Luther King, Jr. and the subsequent civil unrest, and supported the election of Kansas City's first African-American congressman, Alan Wheat, and first African-American mayor, Emanuel Cleaver II; and

WHEREAS, through her bold stands, her determination to expose racism, and her clear and forceful journalistic writing, Lucile Bluford helped change the way African-Americans are treated, especially in the area of higher education:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby recognize July 1, 2015, as "Lucile Bluford Day" in Missouri and encourage the citizens of this state to observe the day with appropriate activities and events in honor of a brave and persistent civil rights activist.

In which the concurrence of the Senate is respectfully requested.

408.505. 1. This section shall apply to:

(1) Unsecured loans made by lenders licensed or who should have been licensed pursuant to section 408.500;

(2) Any person that the Missouri division of finance determines that has entered into a transaction that, in substance, is a disguised loan; and

(3) Any person that the Missouri division of finance determines has engaged in subterfuge for the purpose of avoiding the provisions of this section.

2. All loans made pursuant to this section and section 408.500, shall have a minimum term of fourteen days and a maximum term of thirty-one days, regardless of whether the loan is an original loan or renewed loan.

3. A lender may only charge simple interest and fees in accordance with sections 408.100 and 408.140 **and shall be subject to all provisions of sections 408.100 and 408.140.** No other charges of any nature shall be permitted except as provided by this section, including any charges for cashing the loan proceeds if they are given in check form. [However, no borrower shall be required to pay a total amount of accumulated interest and fees in excess of seventy-five percent of the initial loan amount on any single loan authorized pursuant to this section for the entire term of that loan and all renewals authorized by section 408.500 and this section.]

4. A loan made pursuant to the provisions of section 408.500 and this section shall be deemed completed and shall not be considered a renewed loan when the lender presents the instrument for payment or the payee redeems the instrument by paying the full amount of the instrument to the lender. Once the payee has completed the loan, the payee may enter into a new loan with a lender.

5. Except as provided in subsection 3 of this section, no loan made pursuant to this section shall be repaid by the proceeds of another loan made by the same lender or any person or entity affiliated with the lender. A lender, person or entity affiliated with the lender shall not have more than five hundred dollars in loans made pursuant to section 408.500 and this section outstanding to the same borrower at any one time. A lender complies with this subsection if:

(1) The consumer certifies in writing that the consumer does not have any outstanding small loans with the lender which in the aggregate exceeds five hundred dollars, and is not repaying the loan with the proceeds of another loan made by the same lender; and

(2) The lender does not know, or have reason to believe, that the consumer's written certification is false.

6. On a consumer loan transaction where cash is advanced in exchange for a personal check, a return check charge may be charged in the amounts provided by sections 408.653 and 408.654, as applicable.

7. No state or public employee or official, including a judge of any court of this state, shall enforce the provisions of any contract for payment of money subject to this section which violates the provisions of section 408.500 and this section.

8. A person does not commit the crime of passing a bad check pursuant to section 570.120 if at the time the payee accepts a check or similar sight order for the payment of money, he or she does so with the

understanding that the payee will not present it for payment until later and the payee knows or has reason to believe that there are insufficient funds on deposit with the drawee at the time of acceptance. However, this section shall not apply if the person's account on which the instrument was written was closed by the consumer before the agreed-upon date of negotiation or the consumer has stopped payment on the check.

9. A lender shall not use a device or agreement that would have the effect of charging or collecting more fees, charges, or interest than allowed by this section, including, but not limited to:

- (1) Entering into a different type of transaction;
- (2) Entering into a sales lease back arrangement;
- (3) Catalog sales;

(4) Entering into any other transaction with the consumer that is designed to evade the applicability of this section.

10. The provisions of this section shall only apply to entities subject to the provisions of section 408.500 and this section.

408.510. Notwithstanding any other law to the contrary, the phrase “consumer installment loans” means secured or unsecured loans of any amount and payable in not less than four substantially equal installments over a period of not less than one hundred twenty days. The phrase “consumer installment lender” means a person licensed to make consumer installment loans. A consumer installment lender shall be licensed in the same manner and upon the same terms as a lender making consumer credit loans. Such consumer installment lenders shall contract for and receive interest and fees in accordance with sections 408.100, 408.140, and 408.170 **and shall be subject to all provisions of sections 408.100, 408.140, and 408.170.** Consumer installment lenders shall be subject to the provisions of sections 408.551 to 408.562.”; and

FIRST REGULAR SESSION

FORTY-NINTH DAY—THURSDAY, APRIL 9, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Let everything that breathes praise the Lord!” (Psalm 150:6)

Gracious God, as we finish up today bless our efforts and may they be in keeping with what You desire. And, as we eventually get home, may we walk with You continually and may You provide us with the fortitude to shine our light at home and in our communities. And Lord, may our homes and our families praise and honor You in all we say and do there. And, we would ask that You dwell with us and not depart from us. In Your Holy Name we pray. Amen.

CONCURRENT RESOLUTIONS

Senator Wieland offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 37

Whereas, the majority of tow truck operators in the state of Missouri are reputable service providers; and

Whereas, some unscrupulous towing companies are engaged in predatory practices victimizing consumers whose motor vehicles are parked on public streets and private property; and

Whereas, predatory towing practices include charging unwarranted or excessive fees, particularly in connection with towing vehicles from private parking lots which do not display any warnings to the vehicle owners, or overcharging motorists for towing services provided under circumstances where the consumer has no meaningful opportunity to withhold his or her consent; and

Whereas, predatory towing often involves tow truck operators removing motor vehicles without a contract or a direct dispatch from the property owner; and

Whereas, the legitimate business interests of tow truck operators and the needs of private property owners for relief from unauthorized parking must be balanced with the interest in providing appropriate protection to the motoring public; and

Whereas, whatever authority exists in the law to regulate towing and towing companies is fragmented among various state agencies, most notably the Missouri Highway Patrol, and local governments, so that inconsistent or inadequate regulation often results, with insufficient recourse provided to the consumer under the law; and

Whereas, previous attempts to reform the towing industry through rotation lists established by the Missouri Highway Patrol have been thwarted by the courts; and

Whereas, it is in the public interest and the legitimate towing industry's interest in general to create a coordinated, comprehensive framework to establish and enforce minimum standards for tow truck operators:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby establishes the Missouri Predatory Towing Practices Task Force; and

Be It Further Resolved that the mission of the Task Force shall be to fully consider and make recommendations in a report to the General Assembly on developing strategies to combat predatory towing practices by unscrupulous towing companies; and

Be It Further Resolved that the Task Force shall conduct a comprehensive analysis of the towing industry, including the predatory practices performed by some of its members, the response by local governments to combat the predatory practices within its jurisdiction, the problems encountered by the insurance industry in paying exorbitant towing and storage fees, and examine any other issues that the Task Force deems relevant to improving the towing industry, and make any recommendations for improving the towing industry and curbing predatory towing practices in Missouri; and

Be It Further Resolved that the Task Force shall consist of the following members:

(1) Two members of the Senate, one to be appointed by the President Pro Tempore of the Senate and one to be appointed by the Minority Leader of the Senate;

(2) Two members of the House of Representatives, one to be appointed by the Speaker of the House of Representatives and one to be appointed by the Minority Leader of the House of Representatives;

(3) The Superintendent of the Missouri Highway Patrol, or his or her designee, to serve as a member of the Task Force;

(4) Three tow truck operators from the towing industry, with two members appointed by the President Pro Tempore of the Senate from a list of recommendations submitted by the Missouri Tow Truck Association and one member appointed by the Speaker of the House of Representatives, from a list of recommendations submitted by the Towing and Recovery Association of Missouri;

(5) Two members of the insurance industry representing insurers that write automobile insurance in the state of Missouri and are members of the Missouri Insurance Coalition, with one member appointed by the President Pro Tempore of the Senate and one member appointed by the Speaker of the House of Representatives, from a list of recommendations submitted by the Missouri Insurance Coalition;

(6) Two members of the general public, with one member appointed by the President Pro Tempore of the Senate and one member appointed by the Speaker of the House of Representatives;

(7) Four members of local law enforcement, one from the St. Louis Police Department, one member from the Kansas City Police Department, one member from the St. Louis County Sheriff Department, and one member from a law enforcement office in rural Missouri, with two members appointed by the President Pro Tempore of the Senate and two members appointed by the Speaker of the House of Representatives; and

Be It Further Resolved that the Task Force shall not hold any public hearings until the General Assembly reconvenes for veto session in 2015; and

Be It Further Resolved that the Task Force be authorized to hold hearings as it deems advisable, and may solicit any input or information necessary to fulfill its obligations; and

Be It Further Resolved that the staffs of House Research, Senate Research, and the Committee on Legislative Research shall provide such legal, research, clerical, technical, and bill drafting services as the Task Force may require in the performance of its duties; and

Be It Further Resolved that the Task Force, its members, and any staff assigned to the Task Force shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the Task Force or any subcommittee thereof; and

Be It Further Resolved that the Task Force shall deliver a report of its findings and recommendations to the Missouri General Assembly

by January 1, 2016; and

Be It Further Resolved that the Task Force shall terminate by either a majority of the members voting for termination or by January 1, 2016, whichever occurs first; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for the Superintendent of the Missouri Highway Patrol.

HOUSE CONCURRENT RESOLUTION NO. 34

WHEREAS, all state governments and the federal government endorse educational excellence and student achievement as essential to a democratic society; and

WHEREAS, the Congress of the United States enacted Title VIII of the Elementary and Secondary Education Act of 1965 (Impact Aid law) in order to provide funding for local school districts that have lower property tax revenues due to tax-exempt federal lands; and

WHEREAS, the Congress of the United States enacted the Secure Rural Schools and Community Self-Determination Act of 2000 (Secure Rural Schools Act) in order to supplement funding for schools; and

WHEREAS, funding under the Impact Aid law and the Secure Rural Schools Act is critical for local school districts, which rely on state and local property taxes as a significant source of their funding; and

WHEREAS, tax-exempt federal lands can greatly reduce the state and local property taxes that support local school districts; and

WHEREAS, funding to local school districts in Missouri under the Secure Rural Schools Act totaled over three million dollars for the 2013-14 school year; and

WHEREAS, the Secure Rural Schools program expired on September 30, 2014, in the absence of reauthorization of the Secure Rural Schools Act, resulting in significantly decreased payments to states; and

WHEREAS, the 114th Congress has not yet ensured continuation of funding under the Impact Aid law by reauthorization of the Elementary and Secondary Education Act; and

WHEREAS, the children of Missouri should not suffer due to federal tax immunities that are distributed in a random and unequal fashion among the local school districts in Missouri; and

WHEREAS, state and local school districts should retain sufficient educational funding to achieve both federal and state educational goals and mandates; and

WHEREAS, a sudden loss of funds would significantly damage the ability of state and local school districts to achieve both federal and state educational goals and mandates:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First

Regular Session, the Senate concurring therein, hereby encourage the 114th Congress of the United States to reinstate the Secure Rural Schools program at its previous funding levels and maintain funding under the Impact Aid law; and

Journal of the Senate

FIRST REGULAR SESSION

FIFTIETH DAY—MONDAY, APRIL 13, 2015

The Senate met pursuant to adjournment.

Senator Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“He covers the heavens with clouds, prepares rain for the earth, and makes grass grow on the hills.” (Psalm 148:8)

Creator God, we receive Your rain with thanksgiving for its waters to the earth and its nourishment to the land, so all we need grows and we are the benefactors of Your gracious gifts to us. We realize that it takes a little sun when the rain ends to create a rainbow and the sign of Your promise and presence is seen so we may be confident in Your love of us and desire for us to be fruitful and helpful to others. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal for Thursday, April 9, 2015 was read and approved.

Photographers from Rural Missouri were given permission to take pictures in the Senate Chamber.

“163.011. As used in this chapter unless the context requires otherwise:

(1) “Adjusted operating levy”, the sum of tax rates for the current year for teachers’ and incidental funds

for a school district as reported to the proper officer of each county pursuant to section 164.011;

(2) “Average daily attendance”, the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by resident pupils between the ages of five and twenty-one by the actual number of hours school was in session in that term. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. “Full-time equivalent average daily attendance of summer school students” shall be computed by dividing the total number of hours, except for physical education hours that do not count as credit toward graduation for students in grades nine, ten, eleven, and twelve, attended by all summer school pupils by the number of hours required in section 160.011 in the school term. For purposes of determining average daily attendance under this subdivision, the term “resident pupil” shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child’s parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

(3) “Current operating expenditures”:

(a) For the fiscal year 2007 calculation, “current operating expenditures” shall be calculated using data from fiscal year 2004 and shall be calculated as all expenditures for instruction and support services except capital outlay and debt service expenditures minus the revenue from federal categorical sources; food service; student activities; categorical payments for transportation costs pursuant to section 163.161; state reimbursements for early childhood special education; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515; the vocational education entitlement for the district, as provided for in section 167.332; and payments from other districts;

(b) In every fiscal year subsequent to fiscal year 2007, current operating expenditures shall be the amount in paragraph (a) of this subdivision plus any increases in state funding pursuant to sections 163.031 and 163.043 subsequent to fiscal year 2005, not to exceed five percent, per recalculation, of the state revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target. Beginning on July 1, 2010, current operating expenditures shall be the amount in paragraph (a) of this subdivision plus any increases in state funding pursuant to sections 163.031 and 163.043 subsequent to fiscal year 2005 received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target; **provided that, when used to recalculate the state adequacy target as provided in subdivision (18) of this section, any increase in state funding attributable to an individual district shall be limited to two hundred percent of the aggregate percentage increase in state funding for all of the performance districts used in the same recalculation;**

(4) “District’s tax rate ceiling”, the highest tax rate ceiling in effect subsequent to the 1980 tax year or any subsequent year. Such tax rate ceiling shall not contain any tax levy for debt service;

(5) “Dollar-value modifier”, an index of the relative purchasing power of a dollar, calculated as one plus fifteen percent of the difference of the regional wage ratio minus one, provided that the dollar value modifier shall not be applied at a rate less than 1.0:

(a) “County wage per job”, the total county wage and salary disbursements divided by the total county wage and salary employment for each county and the City of St. Louis as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year;

(b) “Regional wage per job”:

a. The total Missouri wage and salary disbursements of the metropolitan area as defined by the Office of Management and Budget divided by the total Missouri metropolitan wage and salary employment for the metropolitan area for the county signified in the school district number or the City of St. Louis, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year and recalculated upon every decennial census to incorporate counties that are newly added to the description of metropolitan areas; or if no such metropolitan area is established, then:

b. The total Missouri wage and salary disbursements of the micropolitan area as defined by the Office of Management and Budget divided by the total Missouri micropolitan wage and salary employment for the micropolitan area for the county signified in the school district number, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year, if a micropolitan area for such county has been established and recalculated upon every decennial census to incorporate counties that are newly added to the description of micropolitan areas; or

c. If a county is not part of a metropolitan or micropolitan area as established by the Office of Management and Budget, then the county wage per job, as defined in paragraph (a) of this subdivision, shall be used for the school district, as signified by the school district number;

(c) “Regional wage ratio”, the ratio of the regional wage per job divided by the state median wage per job;

(d) “State median wage per job”, the fifty-eighth highest county wage per job;

(6) “Free and reduced lunch pupil count”, for school districts not eligible for and those that do not choose the USDA Community Eligibility Option, the number of pupils eligible for free and reduced lunch on the last Wednesday in January for the preceding school year who were enrolled as students of the district, as approved by the department in accordance with applicable federal regulations. For eligible school districts that choose the USDA Community Eligibility Option, the free and reduced lunch pupil count shall be the percentage of free and reduced lunch students calculated as eligible on the last Wednesday in January of the most recent school year that included household applications to determine free and reduced lunch count multiplied by the district’s average daily attendance figure;

(7) “Free and reduced lunch threshold” shall be calculated by dividing the total free and reduced lunch pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(8) “Limited English proficiency pupil count”, the number in the preceding school year of pupils aged

three through twenty-one enrolled or preparing to enroll in an elementary school or secondary school who were not born in the United States or whose native language is a language other than English or are Native American or Alaskan native, or a native resident of the outlying areas, and come from an environment where a language other than English has had a significant impact on such individuals' level of English language proficiency, or are migratory, whose native language is a language other than English, and who come from an environment where a language other than English is dominant; and have difficulties in speaking, reading, writing, or understanding the English language sufficient to deny such individuals the ability to meet the state's proficient level of achievement on state assessments described in Public Law 107-10, the ability to achieve successfully in classrooms where the language of instruction is English, or the opportunity to participate fully in society;

(9) "Limited English proficiency threshold" shall be calculated by dividing the total limited English proficiency pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(10) "Local effort":

(a) For the fiscal year 2007 calculation, "local effort" shall be computed as the equalized assessed valuation of the property of a school district in calendar year 2004 divided by one hundred and multiplied by the performance levy less the percentage retained by the county assessor and collector plus one hundred percent of the amount received in fiscal year 2005 for school purposes from intangible taxes, fines, escheats, payments in lieu of taxes and receipts from state-assessed railroad and utility tax, one hundred percent of the amount received for school purposes pursuant to the merchants' and manufacturers' taxes under sections 150.010 to 150.370, one hundred percent of the amounts received for school purposes from federal properties under sections 12.070 and 12.080 except when such amounts are used in the calculation of federal impact aid pursuant to P.L. 81-874, fifty percent of Proposition C revenues received for school purposes from the school district trust fund under section 163.087, and one hundred percent of any local earnings or income taxes received by the district for school purposes. Under this paragraph, for a special district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, a tax levy of zero shall be utilized in lieu of the performance levy for the special school district;

(b) In every year subsequent to fiscal year 2007, "local effort" shall be the amount calculated under paragraph (a) of this subdivision plus any increase in the amount received for school purposes from fines. If a district's assessed valuation has decreased subsequent to the calculation outlined in paragraph (a) of this subdivision, the district's local effort shall be calculated using the district's current assessed valuation in lieu of the assessed valuation utilized in the calculation outlined in paragraph (a) of this subdivision. When a change in a school district's boundary lines occurs because of a boundary line change, annexation, attachment, consolidation, reorganization, or dissolution under section 162.071, 162.081, sections 162.171 to 162.201, section 162.221, 162.223, 162.431, 162.441, or 162.451, or in the event that a school district assumes any territory from a district that ceases to exist for any reason, the department of elementary and secondary education shall make a proper adjustment to each affected district's local effort, so that each district's local effort figure conforms to the new boundary lines of the district. The department shall compute the local effort figure by applying the calendar year 2004 assessed valuation data to the new land areas resulting from the boundary line change, annexation, attachment, consolidation, reorganization, or

dissolution and otherwise follow the procedures described in this subdivision;

(11) “Membership” shall be the average of:

(a) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days; and

(b) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils. “Full-time equivalent number of part-time students” is determined by dividing the total number of hours for which all part-time students are enrolled by the number of hours in the school term. “Full-time equivalent number of summer school pupils” is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011 in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

(12) “Operating levy for school purposes”, the sum of tax rates levied for teachers’ and incidental funds plus the operating levy or sales tax equivalent pursuant to section 162.1100 of any transitional school district containing the school district, in the payment year, not including any equalized operating levy for school purposes levied by a special school district in which the district is located;

(13) “Performance district”, any district that has met performance standards and indicators as established by the department of elementary and secondary education for purposes of accreditation under section 161.092 and as reported on the final annual performance report for that district each year; for calculations to be utilized for payments in fiscal years subsequent to fiscal year 2018, the number of performance districts shall not exceed twenty-five percent of all public school districts;

(14) “Performance levy”, three dollars and forty-three cents;

(15) “School purposes” pertains to teachers’ and incidental funds;

(16) “Special education pupil count”, the number of public school students with a current individualized education program or services plan and receiving services from the resident district as of December first of the preceding school year, except for special education services provided through a school district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, in which case the sum of the students in each district within the county exceeding the special education threshold of each respective district within the county shall be counted within the special district and not in the district of residence for purposes of distributing the state aid derived from the special education pupil count;

(17) “Special education threshold” shall be calculated by dividing the total special education pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(18) “State adequacy target”, the sum of the current operating expenditures of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily

attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, divided by the total average daily attendance of all included performance districts. The department of elementary and secondary education shall first calculate the state adequacy target for fiscal year 2007 and recalculate the state adequacy target every two years using the most current available data. The recalculation shall never result in a decrease from the previous state adequacy target amount. Should a recalculation result in an increase in the state adequacy target amount, fifty percent of that increase shall be included in the state adequacy target amount in the year of recalculation, and fifty percent of that increase shall be included in the state adequacy target amount in the subsequent year. The state adequacy target may be adjusted to accommodate available appropriations as provided in subsection 8 of section 163.031;

(19) “Teacher”, any teacher, teacher-secretary, substitute teacher, supervisor, principal, supervising principal, superintendent or assistant superintendent, school nurse, social worker, counselor or librarian who shall, regularly, teach or be employed for no higher than grade twelve more than one-half time in the public schools and who is certified under the laws governing the certification of teachers in Missouri;

(20) “Weighted average daily attendance”, the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the number of special education pupil count that exceeds the special education threshold, plus the product of six-tenths multiplied by the number of limited English proficiency pupil count that exceeds the limited English proficiency threshold. For special districts established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, weighted average daily attendance shall be the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the sum of the special education pupil count that exceeds the threshold for each county district, plus the product of six-tenths multiplied by the limited English proficiency pupil count that exceeds the limited English proficiency threshold. None of the districts comprising a special district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, shall use any special education pupil count in calculating their weighted average daily attendance.

163.018. 1. Notwithstanding the definition of average daily attendance in subdivision (2) of section 163.011 to the contrary, pupils between the ages of three and five who are eligible for free and reduced lunch and attend an early childhood education program that is operated by and in a district or by a charter school that has declared itself as a local educational agency providing full-day kindergarten and that meets standards established by the state board of education shall be included in the district’s or charter school’s calculation of average daily attendance. The total number of such pupils included in the district’s or charter school’s calculation of average daily attendance shall not exceed four percent of the total number of pupils who are eligible for free and reduced lunch between the ages of [three] **five** and eighteen who are included in the district’s or charter school’s calculation of average daily attendance.

(2) For any district that is declared unaccredited by the state board of education after July 1, 2015, **and for any charter school located in said district**, the provisions of subsection 1 of this section shall become

applicable immediately upon such declaration.

The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and, in years not governed under subsection 4 of this section, subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

d. Notwithstanding the provisions of this paragraph, no such reduction shall be made in the case of a district that is receiving a payment under section 163.044 or any district whose regular school term average daily attendance for the preceding year was three hundred fifty or less.

(b) If a school district experiences a decrease in its gifted program enrollment of more than twenty percent from its 2005-06 gifted program enrollment in any year governed by this subsection, an amount equal to the product of the percent reduction in the district's gifted program enrollment multiplied by the funds generated by the district's gifted program in the 2005-06 school year shall be subtracted from the district's current year payment amount.

6. (1) No less than seventy-five percent of the state revenue received under the provisions of subsections 1, 2, and 4 of this section shall be placed in the teachers' fund, and the remaining percent of such moneys shall be placed in the incidental fund. No less than seventy-five percent of one-half of the funds received from the school district trust fund distributed under section 163.087 shall be placed in the teachers' fund. In the event a district fails to comply with this provision, the amount by which the district fails to spend

funds as provided herein shall be deducted from the district's state revenue received under the provisions of subsections 1, 2, and 4 of this section for the following year, provided that the state board of education may exempt a school district from this provision if the state board of education determines that circumstances warrant such exemption.

7. If a school district's annual audit discloses that students were inappropriately identified as eligible for free and reduced lunch, special education, or limited English proficiency and the district does not resolve the audit finding, the department of elementary and secondary education shall require that the amount of aid paid pursuant to the weighting for free and reduced lunch, special education, or limited English proficiency in the weighted average daily attendance on the inappropriately identified pupils be repaid by the district in the next school year and shall additionally impose a penalty of one hundred percent of such aid paid on such pupils, which penalty shall also be paid within the next school year. Such amounts may be repaid by the district through the withholding of the amount of state aid.

8. Notwithstanding any provision of law to the contrary, **beginning on July 1, 2017**, in any fiscal year during which the total formula appropriation is insufficient to fully fund the entitlement calculation of this section, the department of elementary and secondary education shall adjust the state adequacy target in order to accommodate the appropriation level for the given fiscal year. **Beginning on July 1, 2017**, in no manner shall any payment modification be rendered for any district qualified to receive payments under subsection 2 of this section based on insufficient appropriations.”; and

FIRST REGULAR SESSION

FIFTY-FIRST DAY—TUESDAY, APRIL 14, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Make me to know your ways, O Lord; teach me your paths.” (Psalm 25:4)

Eternal God, in a world that seems to treat all things as transitory, used today and gone tomorrow, how wonderful it is to focus on the rich legacy we have in You. Everything You do and create for Your purposes lasts forever. How reassuring it is to accept that even we are meant to have life beyond this life and, therefore, must treat each other as Your fellow creation. In Your Holy Name we pray. Amen.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Bill No. 476, Page 22, Section 259.210, Line 1 of said page, by inserting immediately after said line the following:

“260.235. Any person aggrieved by a forfeiture of any financial assurance instrument, civil or administrative penalty or denial, suspension or revocation of a permit required by section 260.205 or a modification to a permit issued under section 260.205 or any disapproval of the plan required by section 260.220, may appeal such decision as provided in [section] **sections 621.250**[, subject to judicial review as provided by law] **and 640.013 by filing a petition with the administrative hearing commission within thirty days of the decision.** The notice of the department shall be effected by certified mail and shall set forth the reasons for such forfeiture, disapproval, denial, suspension, civil penalty or revocation. The department may seek an injunction in the circuit court in which the facility is located requiring the facility for which the transfer of ownership has been denied, or the permit or modification of the permit has been denied, suspended or revoked, to cease operations from the date ordered by the court until such time as the appeal is resolved or obtain a performance bond in the amount and manner as prescribed by rule. The department’s action seeking an injunction shall be based on the seriousness of the threat to the environment which continued operation of the facility poses. A bond may be required in order to stay the effect of the department’s action until the appeal is resolved, in which case such bond shall remain in place until the appeal is resolved. If the department’s decision is upheld, the bond shall be forfeited and placed in a separate subaccount of the solid waste management fund. **Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall make a final decision on the forfeiture of any financial assurance instrument, civil or administrative penalty, denial, suspension, revocation, or modification of a permit or disapproval of the plan required by section 260.220. The administrative hearing commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission’s decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the solid waste processing facility or disposal area is located or is to be located shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.**

260.395. 1. After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, it shall be unlawful for any person to transport any hazardous waste in this state without first obtaining a hazardous waste transporter license. Any person transporting hazardous waste in this state shall file an application for a license pursuant to this subsection which shall:

(1) Be submitted on a form provided for this purpose by the department and shall furnish the department with such equipment identification and data as may be necessary to demonstrate to the satisfaction of the department that equipment engaged in such transportation of hazardous waste, and other equipment as designated in rules and regulations pursuant to sections 260.350 to 260.430, is adequate to provide protection of the health of humans and the environment and to comply with the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430. If approved by the department, this demonstration of protection may be satisfied by providing certification that the equipment so identified meets and will be operated in accordance with the rules and regulations of the Missouri public service commission and the federal Department of Transportation for the transportation of the types of hazardous materials for which it will be used;

(2) Include, as specified by rules and regulations, demonstration of financial responsibility, including, but not limited to, guarantees, liability insurance, posting of bond or any combination thereof which shall be related to the number of units, types and sizes of equipment to be used in the transport of hazardous

waste by the applicant;

(3) Include, as specified in rules and regulations, a fee payable to the state of Missouri which shall consist of an annual application fee, plus an annual use fee based upon tonnage, mileage or a combination of tonnage and mileage. The fees established pursuant to this subdivision shall be set to generate, as nearly as is practicable, six hundred thousand dollars annually. No fee shall be collected pursuant to this subdivision from railroads that pay a fee pursuant to subsection 18 of this section. Fees collected pursuant to this subdivision shall be deposited in the hazardous waste fund created pursuant to section 260.391.

2. If the department determines the application conforms to the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430, it shall issue the hazardous waste transporter license with such terms and conditions as it deems necessary to protect the health of humans and the environment. The department shall act within ninety days after receipt of the application. If the department denies the license, it shall issue a report to the applicant stating the reason for denial of the license.

3. A license may be suspended or revoked whenever the department determines that the equipment is or has been operated in violation of any provision of sections 260.350 to 260.430 or any standard, rule or regulation, order, or license term or condition adopted or issued pursuant to sections 260.350 to 260.430, poses a threat to the health of humans or the environment, or is creating a public nuisance.

4. Whenever a license is issued, renewed, denied, suspended or revoked by the department, any aggrieved person, by petition filed with the [department] **administrative hearing commission** within thirty days of the decision, may appeal such decision [and shall be entitled to a hearing as provided in section 260.400] **as provided by sections 621.250 and 640.013. Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall issue a recommended decision to the commission on license issuance, renewal, denial, suspension, or revocation. The commission shall issue its own decision, based on the appeal, for license issuance, renewal, denial, suspension, or revocation. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536. No judicial review shall be available until and unless all administrative remedies are exhausted.**

5. A license shall be issued for a period of one year and shall be renewed upon proper application by the holder and a determination by the department that the applicant is in compliance with all provisions of sections 260.350 to 260.430 and all standards, rules and regulations, orders and license terms and conditions adopted or issued pursuant to sections 260.350 to 260.430.

6. A license is not required for the transport of any hazardous waste on the premises where it is generated or onto contiguous property owned by the generator thereof, or for those persons exempted in section 260.380. Nothing in this subsection shall be interpreted to preclude the department from inspecting unlicensed hazardous waste transporting equipment and to require that it be adequate to provide protection for the health of humans and the environment.

7. After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, it shall be unlawful for any person to construct, substantially alter

or operate, including operations specified in the rules and regulations, a hazardous waste facility without first obtaining a hazardous waste facility permit for such construction, alteration or operation from the department. Such person must submit to the department at least ninety days prior to submitting a permit application a letter of intent to construct, substantially alter or operate any hazardous waste disposal facility. The person must file an application within one hundred eighty days of the filing of a letter of intent unless granted an extension by the commission. The department shall publish such letter of intent as specified in section 493.050 within ten days of receipt of such letter. The letter shall be published once each week for four weeks in the county where the hazardous waste disposal facility is proposed. Once such letter is submitted, all conditions for the permit application evaluation purposes in existence as of the date of submission shall be deemed frozen, in that no subsequent action by any person to change such conditions in an attempt to thwart a fair and impartial decision on the application for a permit shall be allowed as grounds for denial of the permit. Any person before constructing, substantially altering or operating a hazardous waste facility in this state shall file an application for a permit which shall:

(1) Be submitted on a form provided for this purpose by the department and shall furnish the department with plans, specifications and such other data as may be necessary to demonstrate to the satisfaction of the department that such facility does or will provide adequate protection of the health of humans and the environment and does or will comply with the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430;

(2) Include plans, designs, engineering reports and relevant data for construction, alteration or operation of a hazardous waste facility, to be submitted to the department by a registered professional engineer licensed by this state;

(3) Include, as specified by rules and regulations, demonstration of financial responsibility, including, but not limited to, guarantees, liability insurance, posting of bond or any combination thereof, which shall be related to type and size of facility;

(4) Include such environmental and geologic information, assessments and studies as required by the rules and regulations of the commission;

(5) Include a fee payable to the state of Missouri which shall not exceed one thousand dollars, which shall cover the first year of the permit, if issued, but which is not refundable. If the permit is issued for more than one year, a fee equal in amount to the first year's fee shall be paid to the state of Missouri prior to issuance of the permit for each year the permit is to be in effect beyond the first year;

(6) The department shall supervise any field work undertaken to collect geologic and engineering data for submission with the application. The state geologist and departmental engineers shall review the geologic and engineering plans, respectively, and attest to their accuracy and adequacy. The applicant shall pay all reasonable costs, as determined by the commission, incurred by the department pursuant to this subsection.

8. (1) Prior to issuing or renewing a hazardous waste facility permit, the department shall issue public notice by press release or advertisement and shall notify all record owners of adjoining property by mail directed to the last known address, and the village, town or city, if any, and the county in which the hazardous waste facility is located; and, upon request, shall hold a public hearing after public notice as required in this subsection at a location convenient to the area affected by the issuance of the permit.

(2) Prior to issuing or renewing a hazardous waste disposal facility permit the department shall issue public notice by press release and advertisement and shall notify all record owners of property, within one mile of the outer boundaries of the site, by mail directed to the last known address; and shall hold a public hearing after public notice as required in this subsection at a location convenient to the area affected by the issuance of the permit.

9. If the department determines that the application conforms to the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430, it shall issue the hazardous waste facility permit, with such terms and conditions and require such testing and construction supervision as it deems necessary to protect the health of humans or the environment. The department shall act within one hundred and eighty days after receipt of the application. If the department denies the permit, it shall issue a report to the applicant stating the reason for denial of a permit.

10. A permit may be suspended or revoked whenever the department determines that the hazardous waste facility is, or has been, operated in violation of any provision of sections 260.350 to 260.430 or any standard, rule or regulation, order or permit term or condition adopted or issued pursuant to sections 260.350 to 260.430, poses a threat to the health of humans or the environment or is creating a public nuisance.

11. Whenever a permit is issued, renewed, denied, suspended or revoked by the department, any aggrieved person, by petition filed with the [department] **administrative hearing commission** within thirty days of the decision, may appeal such decision [and shall be entitled to a hearing as provided in section 260.400] **as provided by sections 621.250 and 640.013. Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall issue a recommended decision to the commission on permit issuance, renewal, denial, suspension, or revocation. The commission shall issue its own decision, based on the appeal, for permit issuance, renewal, denial, suspension, or revocation. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the hazardous waste facility is to be located or is located, shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.**

12. A permit shall be issued for a fixed term, which shall not exceed ten years in the case of any land disposal facility, storage facility, incinerator, or other treatment facility. Nothing in this subsection shall preclude the department from reviewing and modifying a permit at any time during its term. Review of any application for a permit renewal shall consider improvements in the state of control and measurement technology as well as changes in applicable regulations. Each permit issued pursuant to this section shall contain such terms and conditions as the department determines necessary to protect human health and the environment, and upon proper application by the holder and a determination by the department that the applicant is in compliance with all provisions of sections 260.350 to 260.430 and all standards, rules and regulations, orders and permit terms and conditions adopted or issued pursuant to sections 260.350 to 260.430.

13. A hazardous waste facility permit is not required for:

(1) On-site storage of hazardous wastes where such storage is exempted by the commission by rule or regulation; however, such storage must conform to the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the applicable standards, rules and regulations adopted pursuant to sections 260.350 to 260.430 and any other applicable hazardous materials storage and spill-prevention requirements provided by law;

(2) A publicly owned treatment works which has an operating permit pursuant to section 644.051 and is in compliance with that permit;

(3) A resource recovery facility which the department certifies uses hazardous waste as a supplement to, or substitute for, nonwaste material, and that the sole purpose of the facility is manufacture of a product rather than treatment or disposal of hazardous wastes;

(4) That portion of a facility engaged in hazardous waste resource recovery, when the facility is engaged in both resource recovery and hazardous waste treatment or disposal, provided the owner or operator can demonstrate to the department's satisfaction and the department finds that such portion is not intended and is not used for hazardous waste treatment or disposal.

14. Facilities exempted pursuant to subsection 13 of this section must comply with the provisions of subdivisions (3) to (7) of section 260.390 and such other requirements, to be specified by rules and regulations, as are necessary to comply with any federal hazardous waste management act or regulations hereunder. Generators who use such an exempted facility shall keep records of hazardous wastes transported, except by legal flow through sewer lines, to the facility and submit such records to the department in accordance with the provisions of section 260.380 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430. Any person, before constructing, altering or operating a resource recovery facility in this state shall file an application for a certification. Such application shall include:

(1) Plans, designs, engineering reports and other relevant information as specified by rule that demonstrate that the facility is designed and will operate in a manner protective of human health and the environment; and

(2) An application fee of not more than five hundred dollars for a facility that recovers waste generated at the same facility or an application fee of not more than one thousand dollars for a facility that recovers waste generated at off-site sources. Such fees shall be deposited in the hazardous waste fund created in section 260.391. The department shall review such application for conformance with applicable laws, rules and standard engineering principles and practices. The applicant shall pay to the department all reasonable costs, as determined by the commission, incurred by the department pursuant to this subsection. All such funds shall be deposited in the hazardous waste fund created in section 260.391.

15. The owner or operator of any hazardous waste facility in existence on September 28, 1977, who has achieved federal interim status pursuant to 42 U.S.C. 6925(e), and who has submitted to the department Part A of the federal facility permit application, may continue to receive and manage hazardous wastes in the manner as specified in the Part A application, and in accordance with federal interim status requirements, until completion of the administrative disposition of a permit application submitted pursuant to sections 260.350 to 260.430. The department may at any time require submission of, or the owner or operator may at any time voluntarily submit, a complete application for a permit pursuant to sections 260.350 to 260.430

and commission regulations. The authority to operate pursuant to this subsection shall cease one hundred eighty days after the department has notified an owner or operator that an application for permit pursuant to sections 260.350 to 260.430 must be submitted, unless within such time the owner or operator submits a completed application therefor. Upon submission of a complete application, the authority to operate pursuant to this subsection shall continue for such reasonable time as is required to complete the administrative disposition of the permit application. If a facility loses its federal interim status, or the Environmental Protection Agency requires the owner or operator to submit Part B of the federal application, the department shall notify the owner or operator that an application for a permit must be submitted pursuant to this subsection. In addition to compliance with the federal interim status requirements, the commission shall have the authority to adopt regulations requiring persons operating pursuant to this subsection to meet additional state interim status requirements.

16. No person, otherwise qualified pursuant to sections 260.350 to 260.430 for a license to transport hazardous wastes or for a permit to construct, substantially alter or operate a hazardous waste facility, shall be denied such license or permit on the basis of a lack of need for such transport service or such facility because of the existence of other services or facilities capable of meeting that need; except that permits for hazardous waste facilities may be denied on determination made by the department that the financial resources of the persons applying are such that the continued operation of the sites in accordance with sections 260.350 to 260.430 cannot be reasonably assured or on determination made by the department that the probable volume of business is insufficient to ensure and maintain the solvency of then existing permitted hazardous waste facilities.

17. All hazardous waste landfills constructed after October 31, 1980, shall have a leachate collection system. The rules and regulations of the commission shall treat and protect all aquifers to the same level of protection. The provisions of this subsection shall not apply to the disposal of tailings and slag resulting from mining, milling and primary smelting operations.

18. Any railroad corporation as defined in section 388.010 that transports any hazardous waste as defined in section 260.360 or any hazardous substance as defined in section 260.500 shall pay an annual fee of three hundred fifty dollars. Fees collected pursuant to this subsection shall be deposited in the hazardous waste fund created in section 260.391.”; and

Further amend said bill, page 25, section 260.500, line 14 of said page, by inserting immediately after said line the following:

“444.600. 1. All applications for a permit shall be filed with the director who shall promptly investigate the application and make a [recommendation to the commission] **decision** within thirty days after the application is received as to whether the permit should be issued or denied. If the director is not satisfied with the information supplied by the applicant, he **or she** shall recommend denial of the permit. The director shall promptly notify the applicant of this action and at the same time publish a notice of the [recommendation] **decision** in any newspaper with general circulation in the counties where the land is located, and shall send notice to those persons registered with the director pursuant to section 444.720. **The director’s decision shall be deemed to be the decision of the director of the department of natural resources and shall be subject to appeal to the administrative hearing commission as provided by sections 621.250 and 640.013.**

2. [If the recommendation of the director is to deny the permit, a hearing as provided in sections 444.500 to 444.755 shall be held by the commission if requested by the applicant within thirty days of the date of

notice of the recommendation of the director.

3. If the recommendation of the director is for issuance of the permit, the commission may issue or deny the permit without a hearing provided the matter is passed upon at a public meeting no sooner than thirty days from the date of notice of the recommendation of the director, except that upon petition of any person aggrieved by the granting of the permit, a hearing shall be held as provided in section 444.680.

4. If the commission denies a permit, the applicant may petition the commission, within thirty days of notice of its action, for a hearing. If no petition is filed within the thirty day period, the decision of the commission is final and the applicant shall have no right of court review.

5. In any hearing held pursuant to this section the burden of proof shall be on the applicant for a permit. Any decision of the commission made pursuant to a hearing held under this section is subject to judicial review as provided in section 444.700.] **Whenever a strip mine operator permit provided under section 444.540 is issued, denied, suspended, or revoked by the department of natural resources, any aggrieved person, by petition filed with the administrative hearing commission within thirty days of the decision, may appeal such decision as provided by sections 621.250 and 640.013. For purposes of an appeal, the administrative hearing commission may consider, based on competent and substantial scientific evidence on the record, whether an interested party's health, safety, or livelihood will be unduly impaired by the issuance, denial, suspension, or revocation of the permit. The administrative hearing commission may also consider, based on competent and substantial scientific evidence on the record, whether the operator has demonstrated, during the five-year period immediately preceding the date of the permit application, a pattern of noncompliance at other locations in Missouri that suggests a reasonable likelihood of future acts of noncompliance. In determining whether a reasonable likelihood of noncompliance will exist in the future, the administrative hearing commission may look to past acts of noncompliance in Missouri, but only to the extent they suggest a reasonable likelihood of future acts of noncompliance. Such past acts of noncompliance in Missouri, in and of themselves, are an insufficient basis to suggest a reasonable likelihood of future acts of noncompliance. In addition, such past acts shall not be used as a basis to suggest a reasonable likelihood of future acts of noncompliance unless the noncompliance has caused or has the potential to cause, a risk to human health or to the environment, or has caused or has potential to cause pollution, or was knowingly committed, or is defined by the United States Environmental Protection Agency as other than minor. If a hearing petitioner demonstrates or the administrative hearing commission finds either present acts of noncompliance or a reasonable likelihood that the permit seeker or the operations of associated persons or corporations in Missouri will be in noncompliance in the future, such a showing will satisfy the noncompliance requirement in this subsection. In addition, such basis must be developed by multiple noncompliances of any environmental law administered by the Missouri department of natural resources at any single facility in Missouri that resulted in harm to the environment or impaired the health, safety, or livelihood of persons outside the facility. For any permit seeker that has not been in business in Missouri for the past five years, the administrative hearing commission may review the record of noncompliance in any state where the applicant has conducted business during the past five years. Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall issue a recommended decision to the commission on permit issuance, denial, suspension, or revocation. The commission shall issue its own decision, based on the appeal, for permit issuance, denial, suspension, or revocation. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates**

the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the mine is located or is to be located shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.

444.773. 1. All applications for a permit shall be filed with the director, who shall promptly investigate the application and make a decision within six weeks after completion of the process provided in subsection 10 of section 444.772 to issue or deny the permit. If the director determines that the application has not fully complied with the provisions of section 444.772 or any rule or regulation promulgated pursuant to that section, the director may seek additional information from the applicant before making a decision to issue or deny the permit. The director shall consider any public comments when making the decision to issue or deny the permit. In issuing a permit, the director may impose reasonable conditions consistent with the provisions of sections 444.760 to 444.790.

[2.] The director's decision shall be deemed to be the decision of the director of the department of natural resources and shall be subject to appeal to the administrative hearing commission as provided by sections 640.013 and 621.250.

[3.] **2. Whenever a surface mining operation permit provided under section 444.772 is issued, denied, suspended, or revoked by the department of natural resources, any aggrieved person, by petition filed with the administrative hearing commission within thirty days of the decision, may appeal such decision as provided by sections 621.250 and 640.013.** For purposes of an appeal, the administrative hearing commission may consider, based on competent and substantial scientific evidence on the record, whether an interested party's health, safety or livelihood will be unduly impaired by the issuance, **denial, suspension, or revocation** of the permit. The administrative hearing commission may also consider, based on competent and substantial scientific evidence on the record, whether the operator has demonstrated, during the five-year period immediately preceding the date of the permit application, a pattern of noncompliance at other locations in Missouri that suggests a reasonable likelihood of future acts of noncompliance. In determining whether a reasonable likelihood of noncompliance will exist in the future, the administrative hearing commission may look to past acts of noncompliance in Missouri, but only to the extent they suggest a reasonable likelihood of future acts of noncompliance. If a hearing petitioner **demonstrates** or the administrative hearing commission [demonstrates] **finds** either present acts of noncompliance or a reasonable likelihood that the permit seeker or the operations of associated persons or corporations in Missouri will be in noncompliance in the future, such a showing will satisfy the noncompliance requirement in this subsection. In addition, such basis must be developed by multiple noncompliances of any environmental law administered by the Missouri department of natural resources at any single facility in Missouri that resulted in harm to the environment or impaired the health, safety or livelihood of persons outside the facility. For any permit seeker that has

not been in business in Missouri for the past five years, the administrative hearing commission may review the record of noncompliance in any state where the applicant has conducted business during the past five years. [Once] The administrative hearing commission [has reviewed the appeal, the administrative hearing commission] shall [make a recommendation] **issue a recommended decision** to the commission on permit issuance [or], **denial, suspension, or revocation**.

[4.] The commission shall issue its own decision, based on the appeal, for permit issuance [or] **denial, suspension, or revocation**. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the mine **is located or** is to be located shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.

444.980. Whenever a surface coal mining operation permit provided under section 444.815 or a coal exploration operation permit provided under section 444.845 is issued, denied, suspended, or revoked by the department of natural resources, any aggrieved person, by petition filed with the administrative hearing commission within thirty days of the decision, may appeal such decision as provided by sections 621.250 and 640.013. For purposes of an appeal, the administrative hearing commission may consider, based on competent and substantial scientific evidence on the record, whether an interested party's health, safety, or livelihood will be unduly impaired by the issuance, denial, suspension, or revocation of the permit. For any permit seeker that has not been in business in Missouri for the past five years, the administrative hearing commission may review the record of noncompliance in any state where the applicant has conducted business during the past five years. Once the administrative hearing commission has reviewed the appeal, the

administrative hearing commission shall issue a recommended decision to the commission on permit issuance, denial, suspension, or revocation. The commission shall issue its own decision, based on the appeal, for permit issuance, denial, suspension, or revocation. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the mine is located or is to be located shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.

621.250. 1. All authority to hear contested case administrative appeals granted in chapters 236, 256, 260, 444, 640, 643, and 644, and to the hazardous waste management commission in chapter 260, the [land reclamation] **Missouri mining** commission in chapter 444, the safe drinking water commission in chapter 640, the air conservation commission in chapter 643, and the clean water commission in chapter 644 shall be transferred to the administrative hearing commission under this chapter. The authority to render final decisions after hearing on appeals heard by the administrative hearing commission shall remain with the commissions listed in this subsection. For appeals pursuant to chapter 236, chapter 256, section 260.235, or section 260.249, the administrative hearing commission shall render a final decision rather than a recommended decision. The administrative hearing commission may render its recommended or final decision after hearing or through stipulation, consent order, agreed settlement or by disposition in the nature of default judgment, judgment on the pleadings, or summary determination, consistent with the requirements of this subsection and the rules and procedures of the administrative hearing commission.

2. Except as otherwise provided by law, any person or entity who is a party to, or who is aggrieved or adversely affected by, any finding, order, decision, or assessment for which the authority to hear appeals was transferred to the administrative hearing commission in subsection 1 of this section may file a notice of appeal with the administrative hearing commission within thirty days after any such finding, order, decision, or assessment is placed in the United States mail or within thirty days of any such finding, order, decision, or assessment being delivered, whichever is earlier. Within ninety days after the date on which the notice of appeal is filed the administrative hearing commission may hold hearings, and within one hundred twenty days after the date on which the notice of appeal is filed shall make a recommended decision, or a final decision where applicable, in accordance with the requirements of this section and the rules and procedures of the administrative hearing commission; provided, however, that the dates by which the administrative hearing commission is required to hold hearings and make a recommended decision may be extended at the sole discretion of the permittee as either petitioner or intervenor in the appeal.

3. Any decision by the director of the department of natural resources that may be appealed as provided in subsection 1 of this section shall contain a notice of the right of appeal in substantially the following language: "If you were adversely affected by this decision, you may be entitled to pursue an appeal before the administrative hearing commission. To appeal, you must file a petition with the administrative hearing commission within thirty days after the date this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed; if it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the administrative hearing commission.". Within fifteen days after the

administrative hearing commission renders a recommended decision, it shall transmit the record and a transcript of the proceedings, together with the administrative hearing commission's recommended decision to the commission having authority to issue a final decision. The final decision of the commission shall be issued within one hundred eighty days of the date the notice of appeal in subsection 2 of this section is filed and shall be based only on the facts and evidence in the hearing record; provided, however, that the date by which the commission is required to issue a final decision may be extended at the sole discretion of the permittee as either petitioner or intervenor in the appeal. The commission may adopt the recommended decision as its final decision. The commission may change a finding of fact or conclusion of law made by the administrative hearing commission, or may vacate or modify the recommended decision issued by the administrative hearing commission, only if the commission states in writing the specific reason for a change made under this subsection.

4. In the event the person filing the appeal prevails in any dispute under this section, interest shall be allowed upon any amount found to have been wrongfully collected or erroneously paid at the rate established by the director of the department of revenue under section 32.065.

5. Appropriations shall be made from the respective funds of the department of natural resources to cover the administrative hearing commission's costs associated with these appeals.

6. In all matters heard by the administrative hearing commission under this section, the burden of proof shall comply with section 640.012. The hearings shall be conducted by the administrative hearing commission in accordance with the provisions of chapter 536 and its regulations promulgated thereunder.

7. No cause of action or appeal arising out of any finding, order, decision, or assessment of any of the commissions listed in subsection 1 of this section shall accrue in any court unless the party seeking to file such cause of action or appeal shall have filed a notice of appeal and received a final decision in accordance with the provisions of this section.

640.115. 1. Every municipal corporation, private corporation, company, partnership, federal establishment, state establishment or individual supplying or authorized to supply drinking water to the public within the state shall file with the department of natural resources a certified copy of the plans and surveys of the waterworks with a description of the methods of purification, treatment technology and source from which the supply of water is derived, and no source of supply shall be used without a written permit of approval issued to the continuing operating authority by the department of natural resources, or water dispensed to the public without first obtaining such written permit of approval. Prior to a change of permittee, the current permittee shall notify the department of the proposed change and the department shall perform a permit review.

2. Construction, extension or alteration of a public water system shall be in accordance with the rules and regulations of the safe drinking water commission.

3. Permit applicants shall show, as part of their application, that a permanent organization exists which will serve as the continuing operating authority for the management, operation, replacement, maintenance and modernization of the facility. Such continuing operating authority for all community water systems and nontransient, noncommunity water systems commencing operation after October 1, 1999, shall be required to have and maintain the managerial, technical and financial capacity, as determined by the department, to comply with sections 640.100 to 640.140.

4. Any community water system or nontransient, noncommunity water system against which an

administrative order has been issued for significant noncompliance with the federal Safe Drinking Water Act, as amended, sections 640.100 to 640.140 or any rule or regulation promulgated thereunder shall be required to show that a permanent organization exists that serves as the continuing operating authority for the facility and that such continuing operating authority has the managerial, technical and financial capacity to comply with sections 640.100 to 640.140 and regulations promulgated thereunder. If the water system cannot show to the department's satisfaction that such continuing operating authority exists, or if the water system is not making substantial progress toward compliance, the water system's permit may be revoked. The continuing operating authority may [reapply for a permit in accordance with rules promulgated by the commission] **appeal such decision to the administrative hearing commission as provided by sections 621.250 and 640.013.**

5. Whenever a permit is issued, denied, suspended, or revoked by the department, any aggrieved person, by petition filed with the administrative hearing commission within thirty days of the decision, may appeal such decision as provided by sections 621.250 and 640.013. Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall issue a recommended decision to the commission on permit issuance, denial, suspension, or revocation. The commission shall issue its own decision, based on the appeal, for permit issuance, denial, suspension, or revocation. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the waterworks is located, or is to be located, shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.

643.075. 1. It shall be unlawful for any person to commence construction of any air contaminant source in this state, without a permit [therefor], if such source is of a class fixed by regulation of the commission which requires a permit [therefor].

2. Every source required to obtain a construction permit shall make application [therefor] to the department [and shall submit therewith] **that includes** such plans and specifications as prescribed by rule. The director shall promptly investigate each application, and if he **or she** determines that the source meets and will meet the requirements of sections 643.010 to 643.190 and the rules promulgated pursuant thereto, he **or she** shall issue a construction permit with such conditions as he deems necessary to ensure that the source will meet the requirements of sections 643.010 to 643.190 and the rules. An application submitted for the construction or modification and operation of any regulated air contaminant source shall receive a unified construction and operating permit review process under section 643.078, unless the applicant requests in writing that the construction and operating permits be reviewed separately. If the director determines that the source does not meet or will not meet the requirements of sections 643.010 to 643.190 and the rules promulgated pursuant thereto, he **or she** shall deny the construction permit.

3. Before issuing a construction permit to build or modify an air contaminant source the director shall determine if the ambient air quality standards in the vicinity of the source are being exceeded and shall determine the impact on the ambient air quality standards from the source. The director, in order to effectuate the purposes of sections 643.010 to 643.190, may deny a construction permit if the source will

appreciably affect the air quality or the air quality standards are being substantially exceeded.

4. The director may require the applicant as a condition to the issuance of the construction permit to provide and maintain such facilities or to conduct such tests as are necessary to determine the nature, extent, quantity or degree of air contaminants discharged into the ambient air from the proposed source.

5. The director shall act within thirty days after a request for approval of an application for a construction permit. The director shall render a decision to approve or deny a construction permit within ninety days of receipt of a complete application for a class B source and within one hundred eighty-four days of receipt of a complete application for a class A source. The director shall promptly notify the applicant in writing of his action and if the construction permit is denied state the reasons [therefor] **for such denial.**

6. **As provided by sections 621.250 and 640.013,** any aggrieved person may appeal any permit decision made under this section, including failure to render a decision within the time period established in this section. A notice of appeal shall be filed with the **administrative hearing** commission within thirty days of the director's action or within thirty days from the date by which the decision should have been rendered if the director has failed to act. **Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall issue a recommended decision to the commission on permit issuance, renewal, denial, suspension, or revocation, or any condition of the permit. The commission shall issue its own decision, based on the appeal, for permit issuance, renewal, denial, suspension, or revocation, or any condition of the permit. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the air contaminant source is located or is to be located, shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.**

7. (1) There shall be a one hundred-dollar filing fee payable to the state of Missouri with each application before a construction permit shall be issued. No manufacturing or processing plant or operating location or other air contaminant source shall be required to pay more than one filing fee with a construction permit application. The provisions of this section shall not apply nor require the issuance of a permit wherein the proposed construction is that of a private residence.

(2) Upon completion of the department's evaluation of the application, but before receiving a construction permit, the applicant shall reimburse the department for all reasonable costs incurred by the department whether or not a construction permit is issued by the department or withdrawn by the applicant. If the department fails to approve or deny a construction permit within the time period specified in this section, the applicant shall not be required to reimburse the department for the review of the construction permit application. The commission shall, by rule, set the hourly charge, not to exceed the actual cost thereof and not to exceed fifty dollars per hour, for review of each construction permit application. The commission may exempt any person from payment of the hourly fees under this subdivision, or may reduce such fees, upon an appeal filed with the commission by such person stating that the fee will create an unreasonable economic hardship upon such person. The commission may conduct a closed meeting and

have closed records, as defined in section 610.010, for the purpose of gathering information from the person filing an appeal for the exemption. Information obtained in this meeting may be held confidential by the commission upon the request of the person filing the appeal for exemption. If the fees or any portion of the fees imposed by this section are not paid within ninety days from the date of billing there shall be imposed interest upon the unpaid amount at the rate of ten percent per annum from the date of billing until payment is actually made. A construction permit application for a portable facility may include any site at which the portable facility is expected to be used; however, a separate site permit application shall be required when the portable facility is used or expected to be used at any site which is not included in a previously approved construction permit application. Upon receipt of the application, the applicant shall be notified by the department of hourly fees and requirements put forth in this subdivision.

(3) Applicants who withdraw their application before the department completes its evaluation shall reimburse the department for costs incurred in the evaluation.

(4) All moneys received pursuant to this section and section 643.073 and any other moneys so designated shall be placed in the state treasury and credited to the natural resources protection fund air pollution permit fee subaccount, created in section 640.220, and shall be expended for the administration of this section and sections 643.073 and 643.078 and for no other purpose, and shall be used to supplement state general revenue and federal funds appropriated to the department. After appropriation, the moneys received pursuant to this section and in such fund subaccount shall be expended for the administration of this section and for no other purpose. Any unexpended balance in such fund subaccount at the end of any appropriation period shall not be transferred to the general revenue fund of the state treasury and shall be exempt from the provisions of section 33.080. Any interest received on such deposits shall be credited to the fund subaccount.

8. Any person who obtains a valid permit from a city or county pursuant to the authority granted in section 643.140 shall be deemed to have met the requirements of this section and shall not be liable to the department for construction permit fees imposed pursuant to subsection 7 of this section.

643.078. 1. It shall be unlawful for any person to operate any regulated air contaminant source after August 28, 1992, without an operating permit except as otherwise provided in sections 643.010 to 643.190.

2. At the option of the permit applicant, a single operating permit shall be issued for a facility having multiple air contaminant sources located on one or more contiguous tracts of land, excluding public roads, highways and railroads, under the control of or owned by the permit holder and operated as a single enterprise.

3. Any person who wishes to construct or modify and operate any regulated air contaminant source shall submit an application to the department for the unified review of a construction permit application under section 643.075 and an operating permit application under this section, unless the applicant requests in writing that the construction and operating permit applications be reviewed separately. The director shall complete any unified review within one hundred and eighty days of receipt of the request for a class B source. For a class A source, the unified review shall be completed within the time period established in section 502 of the federal Clean Air Act, as amended, 42 U.S.C. 7661.

4. As soon as the review process is completed for the construction and operating permits and, if the applicant complies with all applicable requirements of sections 643.010 to 643.190 and all rules adopted thereunder, the construction permit shall be issued to the applicant. The operating permit shall be retained by the department until validated.

5. Within one hundred and eighty days of commencing operations, the holder of a construction permit shall submit to the director such information as is necessary to demonstrate compliance with the provisions of sections 643.010 to 643.190 and the terms and conditions of the construction permit. The operating permit retained by the department shall be validated and forwarded to the applicant if the applicant is in compliance with the terms and conditions of the construction permit and the terms and conditions of the operating permit. The holder of a construction permit may request a waiver of the one hundred and eighty day time period and the director may grant such request by mutual agreement.

6. If the director determines that an air contaminant source does not meet the terms and conditions of the construction permit and that the operation of the source will result in emissions which exceed the limits established in the construction permit, he shall not validate the operating permit. If the source corrects the deficiency, the director shall then validate the operating permit. If the source is unable to correct the deficiency, then the director and the applicant may, by mutual agreement, add such terms and conditions to the operating permit which are deemed appropriate, so long as the emissions from the air contaminant source do not exceed the limits established in the construction permit, and the director shall validate the operating permit. The director may add terms and conditions to the operating permit which allow the source to exceed the emission limits established in the construction permit. In such a case, the director shall notify the affected public and the commission shall, upon request by any affected person, hold a public hearing upon the revised operating permit application.

7. Except as provided in subsection 8 of this section, an operating permit shall be valid for five years from the date of issuance or validation, whichever is later, unless otherwise revoked or terminated pursuant to sections 643.010 to 643.190.

8. An applicant for a construction permit for an air contaminant source with valid operating permit may request that the air contaminant source be issued a new five-year operating permit. The operating permit would be issued in the manner and under the conditions provided in sections 643.010 to 643.190 and would supersede any existing operating permit for the source.

9. The director shall take action within thirty days after a request for validation of the operating permit and shall render a decision within one hundred twenty days of receipt of a request for issuance of an operating permit for a class B source. The director shall render a decision within the time period established in section 502 of the federal Clean Air Act, as amended, 42 U.S.C. 7661, for a class A source. Any affected person may appeal any permit decision, including failure to render a decision within the time period established in this section, to the **administrative hearing commission as provided by subsection 16 of this section, section 621.250, and section 640.013.**

10. The director may suspend, revoke or modify an operating permit for cause.

11. The director shall not approve an operating permit if he receives an objection to approval of the permit from the United States Environmental Protection Agency within the time period specified under Title V of the Clean Air Act, as amended, 42 U.S.C. 7661, et seq.

12. The director shall enforce all applicable federal rules, standards and requirements issued under the federal Clean Air Act, as amended, 42 U.S.C. 7661, et seq., and shall incorporate such applicable standards and any limitations established pursuant to Title III into operating permits as required under Title V of the federal Clean Air Act, as amended, 42 U.S.C. 7661, et seq.

13. Applicable standards promulgated by the commission by rule shall be incorporated by the director

into the operating permit of any air contaminant source which has, on the effective date of the rule, at least three years remaining before renewal of its operating permit. If less than three years remain before renewal of the source's operating permit, such applicable standards shall be incorporated into the permit unless the permit contains a shield from such new requirements consistent with Title V of the federal Clean Air Act, as amended, 42 U.S.C. 7661, et seq.

14. The holder of a valid operating permit shall have operational flexibility to make changes to any air contaminant source, if the changes will not result in air contaminant emissions in excess of those established in the operating permit or result in the emissions of any air contaminant not previously emitted without obtaining a modification of the operating permit provided such changes are consistent with Section 502(b)(10) of the federal Clean Air Act, as amended, 42 U.S.C. 7661.

15. An air contaminant source with a valid operating permit which submits a complete application for a permit renewal at least six months prior to the expiration of the permit shall be deemed to have a valid operating permit until the director acts upon its permit application. The director shall promptly notify the applicant in writing of his action on the application and if the operating permit is not issued state the reasons therefor.

16. The applicant may appeal to the **administrative hearing** commission if [an] **a construction, modification, or** operating permit is [not] issued, **renewed, denied, suspended, modified, or revoked by the department,** or may appeal any condition[, suspension, modification or revocation] of any permit by filing [notice of appeal] **a petition** with the **administrative hearing** commission within thirty days of the notice of the director's response to the request for issuance of the **construction, modification, or** operating permit **as provided by sections 621.250 and 640.013. Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall issue a recommended decision to the commission on the issuance, renewal, denial, suspension, modification, revocation, or any condition of the permit. The commission shall issue its own decision, based on the appeal, for the issuance, renewal, denial, suspension, modification, revocation, or any condition of the permit. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the air contaminant source is located or is to be located shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.**

17. Any person who obtains a valid operating permit from a city or county pursuant to the authority granted in section 643.140 shall be deemed to have met the requirements of this section.”; and

Further amend said bill, page 31, section 644.016, line 8 of said page, by inserting immediately after said line the following:

“644.051. 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such

waters below the water quality standards established by the commission;

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds an operating permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no operating permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. It shall be unlawful for any person to construct, build, replace or make major modification to any point source or collection system that is principally designed to convey or discharge human sewage to waters of the state, unless such person obtains a construction permit from the commission, except as provided in this section. The following activities shall be excluded from construction permit requirements:

(1) Facilities greater than one million gallons per day that are authorized through a local supervised program, and are not receiving any department financial assistance;

(2) All sewer extensions or collection projects that are one thousand feet in length or less with fewer than two lift stations;

(3) All sewer collection projects that are authorized through a local supervised program; and

(4) Any other exclusions the commission may promulgate by rule.

A construction permit may be required by the department in the following circumstances:

(a) Substantial deviation from the commission's design standards;

(b) To address noncompliance;

(c) When an unauthorized discharge has occurred or has the potential to occur; or

(d) To correct a violation of water quality standards.

In addition, any point source that proposes to construct an earthen storage structure to hold, convey, contain, store or treat domestic, agricultural, or industrial process wastewater also shall be subject to the construction permit provisions of this subsection. All other construction-related activities at point sources shall be exempt from the construction permit requirements. All activities that are exempted from the construction permit requirement are subject to the following conditions:

a. Any point source system designed to hold, convey, contain, store or treat domestic, agricultural or industrial process wastewater shall be designed by a professional engineer registered in Missouri in accordance with the commission's design rules;

b. Such point source system shall be constructed in accordance with the registered professional engineer's design and plans; and

c. Such point source system may receive a post-construction site inspection by the department prior to

receiving operating permit approval. A site inspection may be performed by the department, upon receipt of a complete operating permit application or submission of an engineer's statement of work complete.

A governmental unit may apply to the department for authorization to operate a local supervised program, and the department may authorize such a program. A local supervised program would recognize the governmental unit's engineering capacity and ability to conduct engineering work, supervise construction and maintain compliance with relevant operating permit requirements.

4. Before issuing any permit required by this section, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule.

5. The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

6. The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons [therefor] **for such denial. As provided by sections 621.250 and 640.013**, the applicant may appeal to the **administrative hearing** commission from the denial of a permit or from any condition in any permit by filing [notice of appeal] **a petition** with the **administrative hearing** commission within thirty days of the notice of denial or issuance of the permit. After a final action is taken on a new or reissued general permit, a potential applicant for the general permit who can demonstrate that he or she is or may be adversely affected by any permit term or condition may appeal the terms and conditions of the general permit within thirty days of the department's issuance of the general permit. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto. **Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall issue a recommended decision to the commission on permit issuance, denial, or any condition of the permit. The commission shall issue its own decision, based on the appeal, for permit issuance, denial, or any condition of the permit. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the point source is to be located, shall have**

original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.

7. In any hearing held pursuant to this section that involves a permit, license, or registration, the burden of proof is on the party specified in section 640.012. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

8. In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

9. Permits may be modified, reissued, or terminated at the request of the permittee. All requests shall be in writing and shall contain facts or reasons supporting the request.

10. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of a site-specific operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit. Applications seeking to renew coverage under a general permit shall be submitted at least thirty days prior to the expiration of the general permit, unless the permittee has been notified by the director that an earlier application must be made. General permits may be applied for and issued electronically once made available by the director.

11. Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

12. The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities or facilities that utilize innovative technology for wastewater treatment in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. For the purposes of this section, "innovative technology for wastewater treatment" shall mean a completely new and generally unproven technology in the type or method of its application that bench testing or theory suggest has environmental, efficiency, and cost benefits beyond the standard technologies. No bond shall be required for designs approved by any federal agency or environmental regulatory agency of another state. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions

of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

13. (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the permits within sixty days of the department's receipt of an application. For an application seeking coverage under a renewed general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application seeking coverage under an initial general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the department's receipt of the application. For an application seeking coverage under a renewed general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application for an initial general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.
